June 3, 1970

DE T-1, who has furnished reliable information in the past, advised on June 2, 1970, that representatives of the Black Panther Party (BPP), in Detroit, Michigan, will speak at a rally scheduled for 2:00 PM, June 3, 1970, at Beaumont Tower, Michigan State University (MSU), East Lansing, Michigan. Rally is being sponsored by Revolutionary Council to Combat Racism, a recently formed group that is not listed as an official MSU student organization.

A characterization of the BPP is contained in the appendix attached hereto.

DE T-2, who has furnished reliable information in the past, advised on June 2, 1970, that the BPP representatives speaking at MSU, June 3, 1970, will probably be Oliver Mc Clure and Larry Powell. Mc Clure is the leader of the BPP in Detroit, which is known as the National Committee to Combat Fascism (NCCF), and Powell is the leader of the east side faction of NCCF.

DE T-3, who has furnished reliable information in the past, advised on June 3, 1970, that approximately 400 persons about 85 percent white and 15 percent black, attended a rally at 2:00 PM, June 3, 1970, at Beaumont Tower, MSU, sponsored by the Revolutionary Council to Combat Racism.

Re: Rally Sponsored by Revolutionary
Council to Combat Racism Featuring
Representatives of Detroit Black
Panther Party, Michigan State
University, East Lansing, Michigan
June 3, 1970

Samuel Lewis Riddle, Jr., representing the Black Liberation Front, International (BLFI), a MSU student organization composed of black students, introduced two speakers identified as representatives of the Detroit BPP. The first speaker was Larry Powell who spoke about the trial of Bobby Seale and how the authorities in New Haven, Connecticut, were attempting to murder him. He indicated that the BPP will not allow Bobby Seale to be murdered. There were no incidents and the rally dispersed at 3:00 PM.

DE T-2 advised on June 3, 1970, that Powell and Mc Clure traveled to East Lansing on June 3, 1970, in order to speak at a rally.

The following articles captioned "Black Panthers Speak Out Against Racism in America", that appeared on page two, issue June 4, 1970, of the MSU "State News", the official MSU student newspaper, published in East Lansing, and "Panthers Claim 'Kill Seale' Plot", that appeared on page A-2, issue June 4, 1970, of "The State Journal", a daily newspaper of general circulation published in Lansing, Michigan, are as follows:

Black Panthers speak out against racism in America

By JACKIE BORDEN
State News Staff Writer

Observing how whites practice racism, Brother Larry, representative of the Black Panther party in Detroit, said, "White people don't understand that we're not going to sacrifice Bobby Seale."

Representatives from the Panthers appeared at a rally Wednesday afternoon to acquaint the campus community with the Panther position on the trial of Bobby Seale and other related aspects of the revolution.

The rally, sponsored by the Revolutionary Council to Combat Racism, drew a crowd of about 300 students.

Sam Riddle, member of the executive council of the BLF and speaking for the organization, opened the rally. "In 1970 a lot of us are seeking to protest the illusion of progress. In 1970, reality is not on college campuses; reality is not getting shot," he said.

Riddle introduced Brother Larry from Detroit.

Brother Larry, observing how whites still practice racism, noted the deaths of students in Kent, Jackson and Augusta. "White people don't understand that we're not going to sacrifice Bobby Seale," he said.

"These brothers are dealing everyday by putting life on the line," he said.

"Blacks are still repressed as a group because of the racism in this country. The political consciousness of the black community has increased due to this," Brother Larry continued.

"The whole economy in America has transcended itself to a military state. The situation here is like the situation was in Nazi Germany," he said.

"Panthers are assuming the leadership here in this country," he said. "The struggle in the colonies and in the mother country directly affects the police state we live in."

"Panthers are moving whether white people move or not. The so-called white revolutionary can't relate because they are still basically racist. The Panther ideology," he said, "is not racist."

Commenting on the imprisonment of Huey P. Newton, minister of defense for the party, he said, "He will be set free by the ultimate power of

the people. All the legal means will be exhausted. We will not compromise our convictions for "tricky Dick" or other racists.

"Field niggers" and brothers "off the block" comprise the membership of the party said Brother Larry.

Denouncing culture nationally, he stressed the fact that members did not have time to talk because they were dealing

with revolutionary nationalism to free the people.

"We will kill anyone who kills us or tries to kill us."

A member of the Revolutionary Council read a statement by Tom Hayden, one of the Chicago Seven, reiterating the council's stand against racism, personal and institutional.

CONFIDENTIAL

Panthers Claim 'Kill Seale' Plot

Two Black Panthers from Detroit told about 350 students at Michigan State University Wednesday afternoon that they "would not accept this pre-meditated decision to kill Bobby Seale."

Seale, national chairman of the Black Panther Party, is to go on trial soon with eight Connecticut Panthers in New Haven, Conn., for conspiracy to murder, among other charges.

One of the Panthers, identified only as "Larry," said that "Connecticut fascists" have already decided to kill Seale in an effort to stop the Black Panther Party.

He said blacks were victims of systematic racist repression and called on "courageous and progressive" white people to organize in their own communities to fight discrimination.

"We Black Panthers are not racist at all," he contended.

In an unemotional monotone, "Larry" also said Panthers were not going to continue to commit suicide but were "going to move in a political fashion."

Sam Riddle, Flint sophomore and member of the executive council of the MSU Black Liberation Front International, said that those Black Panthers and sympathizers who had been in the military services had learned that the only way to reply to M-16 rifles or other weapons is "likewise."

The Revolutionary Council to Combat Racism sponsored the event at Beaumont Tower.

APPENDIX

1

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

Re: Gregory Hicks

All sources utilized in this memorandum have furnished reliable information in the past.

Source number one on April 16, 1970, advised that Hicks was arrested by the Detroit Police Department on that date while he was a passenger in an automobile which was reported to be involved in a burglary. Source advised that when Cooley High School students learned of Hicks' arrest a demonstration comprising approximately 100 Negro students took place during which ten white students were injured. No arrests were made.

Source number two on April 28, 1970, advised that Hicks had appeared before the Principal of Cooley High School, Detroit, on September 12, 1968, and presented him with a document forming a Negro organization to be known as the Student United Black Body (SUBB). *MICH*

Source further advised that Hicks appeared on April 19, 1969, on Channel 4 Television News, Detroit, talking about the Republic of New Africa (RNA).

A characterization of the RNA is contained in the appendix attached hereto.

A check on May 1, 1970, with the Metropolitan Credit Bureau of Greater Detroit, Incorporated, the Wayne County Sheriff's Office, Detroit Traffic Court, and Detroit Police Department, revealed no record for the subject other than an arrest by the Detroit Police Department on April 16, 1970, for burglary. The charges, however, were dropped and the record voided.

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

APPENDIX1REPUBLIC OF NEW AFRICA (RNA)

A source advised in May, -1969, that the Republic of New Africa (RNA) is an all-Negro organization founded in Detroit, Michigan, in March, 1968. ROBERT F. WILLIAMS, who was then residing in Peking, China, was named as its President-In-Exile. After fleeing the United States in 1961 following the issuance of a local warrant in North Carolina on a charge of kidnaping growing out of a racial incident, WILLIAMS published and broadcast hate-type material in Cuba and China prior to his return to the United States in September, 1969.

A second source has advised that the purpose of the RNA is to establish an independent black nation within the United States, demanding the States of Alabama, Georgia, Louisiana, Mississippi, and South Carolina in addition to \$10,000 per black citizen as payment for 400 years of ancestral slave labor.

A third source advised on March 14, 1969, that an army of the RNA, known as the Black Legion, dedicated to black freedom and committed to the concept of systematic armed revolution, has been established. Black Legion members are expected to participate in military training and engage in firearms practice. The RNA plans to establish an underground Black Legion in addition to an aboveground Black Legion in order to avoid detection by the police.

According to this source, Black Legion members acting as bodyguards at a session of the Second National Convention of the RNA in Detroit, Michigan, on March 29, 1969, were involved in a shoot-out with members of the Detroit Police Department which resulted in the killing of one policeman and the critical wounding of another.

I. REVOLUTIONARY PROGRAM AND POLICIES AS
EXPRESSED BY BLACK PANTHER PARTY LEADERS

A characterization of the Black Panther Party (BPP) is contained in the appendix pages attached hereto.

The Detroit Chapter of the National Committee to Combat Fascism (NCCF), a front organization of the BPP, continues to hold political education meetings every night at Detroit NCCF headquarters, 2219 Indiandale Street, Detroit, Michigan. At these meetings the BPP newspaper and current racial situations in Detroit are discussed.

The Detroit NCCF conducts Breakfast for Children Programs at two locations, St. Leo's Church, 15th and Grand River, Detroit, and the Belmont Community Center, Belmont and John R, Detroit, Michigan. Each location is currently serving approximately 30 black children on a daily basis.

Mich CHUCK HOLT, Detroit NCCF, received information from BPP National Headquarters, that all headquarters are to have the same type front door, and to stress community action and put less emphasis on the sale of newspapers. As a result the Detroit NCCF will attempt to recruit more community workers, distribute free toys to children, and open a medical clinic.

The Detroit NCCF has five pipe grenades containing black powder and magnesium. They also have obtained about 15 quarter sticks of dynamite which have a blue cover. CHUCK HOLT, Second in Command, Detroit NCCF, received instruction in making fuses and timing devices. The fuses are to be made by placing black powder inside shoe strings. Source feels that this type fuse will burn too fast to permit escape.

THE FASCISTS ALREADY DECIDED IN ADVANCE TO MURDER

ELDRIDGE CLEAVER MINISTER
of INFORMATION BLACK PANTHER
PARTY

CHAIRMAN BOBBY SEALE IN THE ELECTRIC CHAIR

INTERNATIONAL SECTION B.P.P.

Alger, Algeria

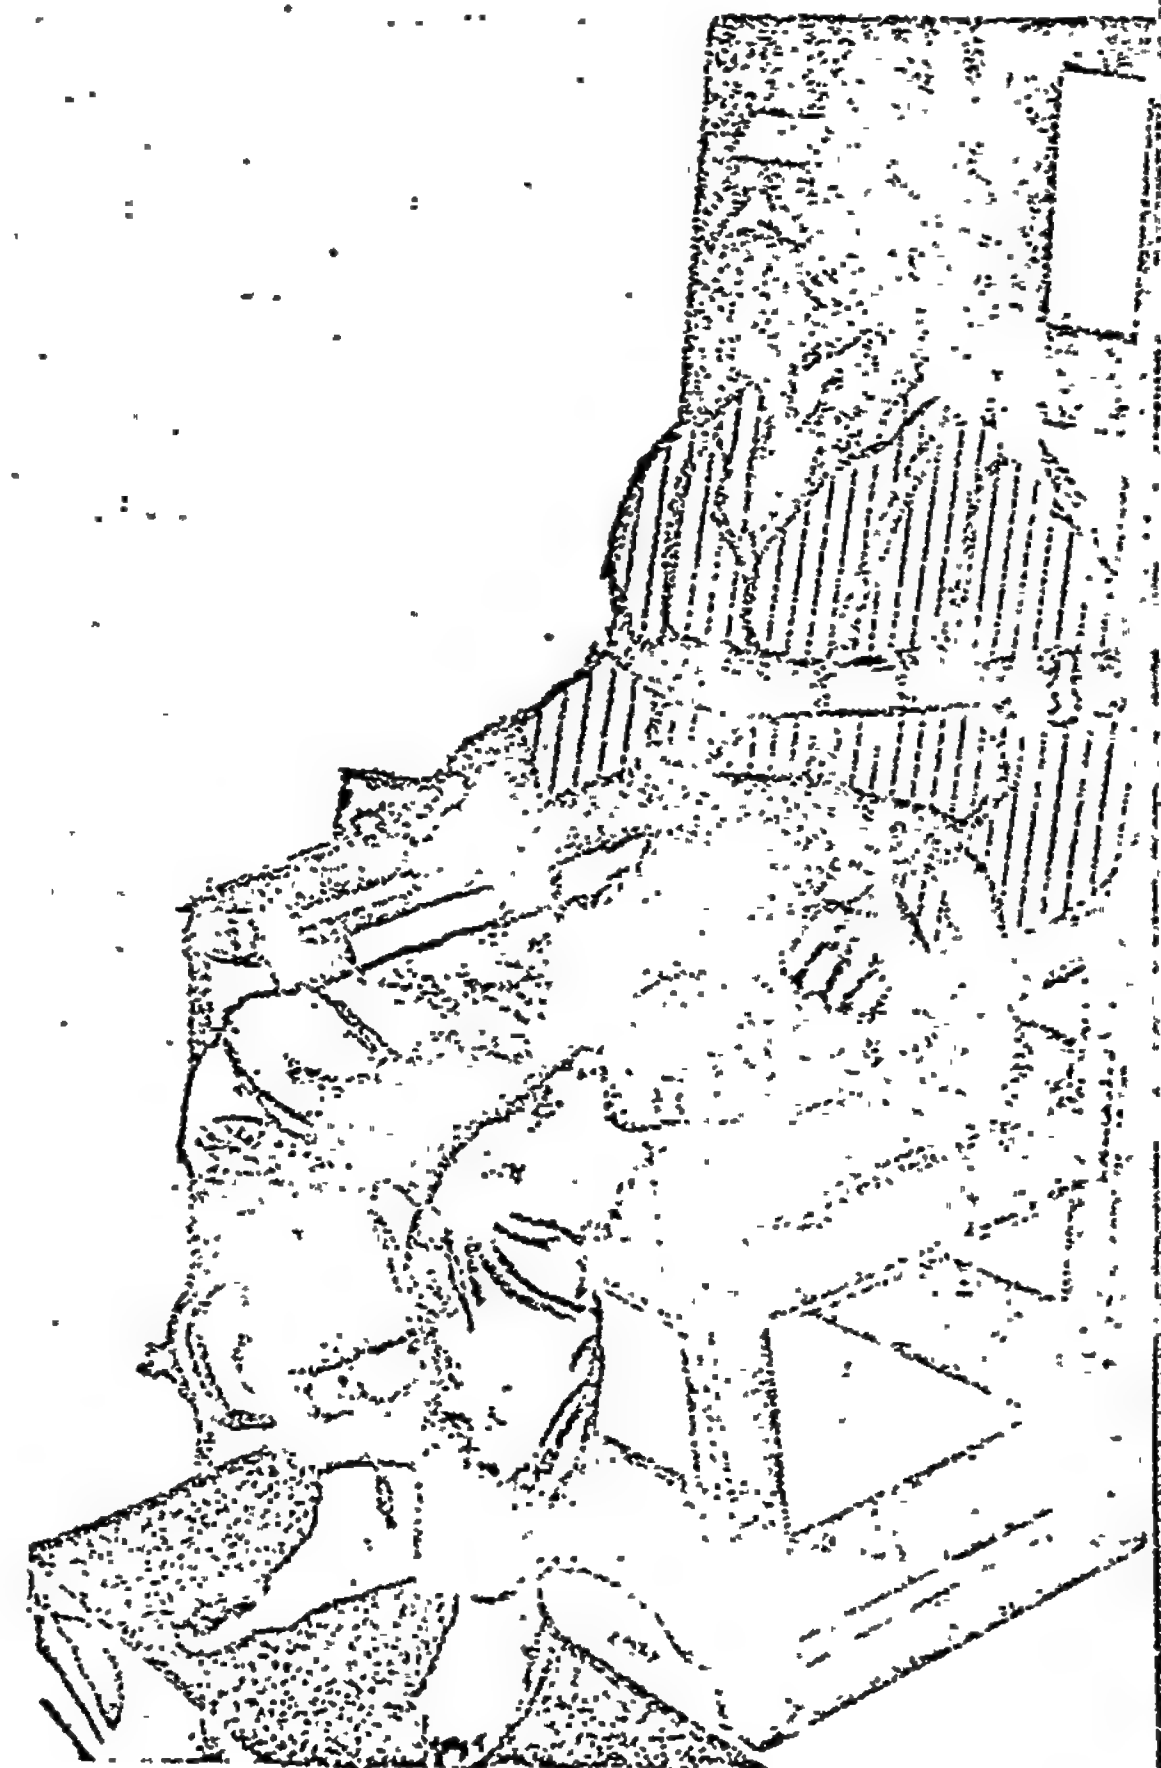

SUBJECT: Press Release

DATE: March 2, 1970

CONCERNING: The preplanned political
murder of Bobby Seale, Chairman of
the Black Panther Party, in the
electric chair in the state of Con-
necticut.

The primary Task of the American Revolution, at this point in our history, is to defeat the Number One maneuver of the power structure, which is to make an example of Bobby Seale by putting him to death in the electric chair in the state of Connecticut.

The fascists have already decided in advance to murder Chairman Bobby Seale in their all-out effort to destroy the leadership of the Black Panther Party and to intimidate our membership in particular and all progressive peoples and organizations. This should be crystal clear even to a blind man. The vicious political persecution of Chairman Bobby Seale ranges in time over a four year period-- from the very beginning of the Black Panther Party-- and geographically it follows a twisted trail of trumped-up charges from Oakland, Sacramento, Berkeley, San Francisco, Chicago, and now to Connecticut. The plot against Bobby Seale in particular is so outrageously obvious that even these shameless pigs should not have the gall to pull it off.

But the fact that they are going full speed ahead with this disgraceful conspiracy should make it clear once and for all, that a desperate hour is upon us and we have no time to lose if we are to salvage the situation. Because one thing must be made absolutely clear to America: no matter what the white people of America are prepared to accept, Black people do not accept this ultimate attempt to bind and gag Bobby Seale with death because of the fearless leadership that he has given to our people.

Black people will never accept this premeditated decision of the decision of the fascist power structure to murder Chairman Bobby Seale in the Electric Chair. So that the question is now posed pure and simple: Is America going to have a Class War or a Race War?

Our brothers are being murdered in their sleep by the shock troopers of the power structure, our offices are being subjected to all-out military attack: our lawyers are being sentenced to prison along with us; and the fascist Nixon administration has unleashed the political police of the F.B.I. and thrown away all pretenses of justice and equality under the law. Lip-service to the constitution of the United States of America has been replaced by outright fascist terror and naked repression. Hundreds of our party members have been Jacked-up on highly political charges. Scores of our Party members languish in jails and prisons, subjected to scandalously high bails that are length and tantamount to PANICUM. Throughout the length and breadth of this depraved land, the situation is the same. It is nothing but an attempt to sabotage the 400 year struggle of our people for freedom and liberation.

Our Minister of Defense, Huey P. Newton teaches us that in order to have security from the unceasing aggression of the enemy, we must always be in a position to inflict a political consequence upon the aggressor for each act of aggression. This attempt to murder Chairman Bobby Seale cold-bloodedly in the ultimate aggression against Black people. It is a calculated step taken by fascist pigs in the unfolding of their vicious blueprint of genocide against Black people. We, black people, if we are forced to go it alone, must be prepared to unleash the ultimate political consequence upon this racist nation. The ultimate political consequence that Black people have in their power to unleash is Race War. Indeed, we have been and at this very moment are the victims of a systematic racist repression. The Black Panther Party, as everybody knows has taken a leading role in trying to avoid precisely this disastrous Race War which the fascist oppressors have been working night and day to bring about. But we cannot and will not continue this policy to the point of racial suicide. We will not sacrifice Chairman Bobby Seale on the altar of interracial harmony if white people continue to sit back and allow this gastly plot to go forward. So if the so-called loving White people of America do not stand up now, while there are still a few moments of time left, and put an end to the persecution of Chairman Bobby Seale, then Black people will have to go it alone and step forward alone. This will mean the end of our dreams for the Class War which America needs and the beginning of the Race War which America cannot endure. This is the political consequence which which America faces because of this unspeakably evil attempt to murder Chairman Bobby Seale in the Electric Chair.

Earlier Harriet, Alesia, and Billy had been harrassed by the pigs at Wayne State In the Student Union Building. The excuse the pigs used this time was that they had received a report that some people had been running through the building trying to break into the candy machines.

When the pig slapped Harreit it was because she had stepped back to get the license plate number, the pig told her she wasn't gotten no numbers. These racist pigs didn't want to be identified later, they all took off their badges for the same reason. But these pigs didn't close the eyes of the community. We are talking about the liberation of the poor and oppressed masses, not just a few but millions of people, and they did see they have seen for many years. The people will deal with those fascist racist low natured pigs of the power structure.

We are talking about an enemy of the people a common oppresor, the power structure. It's true that time is growing short, but it is a fact that time is growing shorter faster for the fascist pigs of Amerikkka. We will freg ourselves and the people by any means neccessary.

We of the black community do not have to break any of the so-called laws of this fascist government for a crime to have been committed. Here in fascist Amerikkka the black community commits a crime by merely existing. We realize that this fascist government has planned to commit genocide on the entire oppressed black community. We will no longer let these courts of injustice play games of "who done it, " and " the pigs ain't never guilty," when we know all to well that the pigs of the power structure are the criminals and we have time and time again fallen victims. If we as a people are not allowed to enjoy the fruits of this land which our blood and sweat built, then we as a people fill it has not the right to exist.

Re: Keith James Hayes

In September, 1969, source one, who has furnished reliable information in the past, advised that Keith Hayes, room 324, Vandercook Hall, Western Michigan University (WMU), contributed \$2.50 to the Black Panther Party (BPP).

A characterization of the BPP appears in the appendix attached hereto.

Source two, who has furnished reliable information in the past, advised that in the fall of 1969, the Black Action Movement (BAM) at WMU, Kalamazoo, Michigan, formed various committees to carry out its progress. Appointed chairman of the Education Committee was Keith Hayes, a WMU student.

According to source two, BAM is an officially chartered student organization at WMU composed of male and female Negro students. While its stated purpose is "to provide black unity and understanding of racial problems in the United States, it has served as a vehicle by which demands of certain students and faculty members can be presented to the university administration. In addition, it has engaged in disruptive and violent activity at Kalamazoo in furtherance of its demands and has initiated unprovoked attacks on and beatings of white male and female students by black students.

Source two has advised that in addition to regular attendance at weekly BAM meetings, Keith Hayes has been responsible for alerting members of activities and functions. In the winter of 1969-1970 he attempted to publish a BAM newspaper, but was unsuccessful due to lack of funds and contributing authors.

A review of the records of the Identification Division of the Federal Bureau of Investigation (FBI), the Michigan State Police, the Detroit, Michigan, Police Department, the Wayne County, Michigan, Sheriff's Office, the Kalamazoo, Michigan, Police Department, and the Kalamazoo County, Michigan, Sheriff's Department, located no arrest record for captioned individual.

A search of the records maintained by the Metropolitan Credit Bureau, Detroit, Michigan, and the Credit Bureau of Kalamazoo, Michigan, was negative regarding captioned individual.

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power, Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

Source two advised on February 15, 1970, that a rally was held at the Shrine of the Black Madonna, 7625 Linwood Avenue, Detroit, Michigan, on February 15, 1970. The rally was sponsored by the Detroit Chapter of the NCCF in honor of the birthday of Huey P. Newton on February 15, 1970. The rally commenced at approximately 3:45 p.m. and terminated at 8:30 p.m., February 15, 1970. Approximately 300 persons were in attendance. Source two stated that persons who did not have advance tickets were charged \$2.50 at the door.

On April 29, 1970, source three made available a speech made by Robert Williams which was given on February 15, 1970, at a rally in honor of Huey P. Newton sponsored by the NCCF, at the Shrine of the Black Madonna Church, 7625 Linwood Avenue, Detroit, Michigan.

The speech by Robert Williams in its entirety is set forth herein:

"Good evening, I'm very happy to meet with you tonight. However, I'm sorry we have to meet at a time of crises, because this is a time of crises, this we must recognize as a people, also I consider a great honor to be here tonight in the spirit of our brother Huey P. Newton. Brother Newton it is symbolic of the black man's ordeal in white America. It is symbolic of what is happening to our race. It is symbolic of what we have known as a people. We have been a captive people for 400 years in this citadel of hatred and of racism and brother Newton's plight is a part of this. It is symbolic of this it is symbolic of what is happening to a lot of us. The tragedy is that some of us do not yet understand what this is all about and what is taking place. Some of us have been led to believe that it is a question of crime and of punishment and of bad people, but the only crime that people like brother Newton is guilty is that of being what the white man likes to call an uppity Nigger. I too am considered to be an uppity Nigger and I'm called a criminal when I'm not a criminal, but I plead guilty to the fact that I'm a trouble maker. Yes, I make trouble for racism, I make trouble for oppression,

I make trouble for tyranny, and I make trouble in behalf
of my black people in America today.

"Also in remembrance of what has happened to
brother Huey, we also must remember that this is nothing
new, a long time ago, back in the 50's, I think it was
about 1950 or 1951, and there was an NAACP leader named
Harry T. Moore and Harry T. Moore has fought for the advance-
ment of black people. He was a teacher, his wife was a
teacher and all Harry T. Moore did was to ask the white power
structure to give the black teachers equal pay with whites.
And do you know what they did to Harry T. Moore? Do you
know what they did to his wife? They placed a bomb under
his bed and they blew him up, they blew his wife up, they
destroyed his home, they destroyed his life, and they
thought they had destroyed his dignity as a man, but they
were wrong, they made a mistake; I still remember Harry T.
Moore and at that time I was a student and we couldn't
forget and today there are others like Harry T. Moore.
There were only a few at that time, but they had told him
that they were going to kill him, they told him that they
were going to destroy him and his family, but he wouldn't
stop pushing for black rights, the rights for black people,
now nobody has ever been punished for the murder of those
two people, they went scott free. The officials claimed
that they couldn't find the killers and that's the part of
our history in America, that is the part of our tradition,
that is a part of our oppression, and this is what people
like Huey P. Newton are trying to correct and this is why
Panthers have been killed all across the land and some of
us have allowed black extremists who must be wiped out,
some of our people tremble when they even hear about our
self defense and they say 'Well these people are only getting
what they ask for.' Did Harry T. Moore get what he asked
for? What was his crime? and we could go down the list,
a long list, Medgar Evers, did he get what he asked for?
What happened to the people who murdered him? and remember
that Medgar Evers too was a leader who put his life on the
line, and they killed him. Not only that, but do you
think they would stop at that? No there are others,

countless others and it comes on down even to a man who was in uniform, an officer, a man who was a professional defender, you might say killer for this country, the cause of this country, Colonel Penn was shot like a dog outside the gates of Fort Benning, Georgia, and why was he killed? Was he killed because he was a criminal? No, they said they killed him because he was a Nigger and this crime, is this what they consider a crime? And also remember what happened to brother Evers. How he was shot down in America, and it was the cause that he served that brought about this fact.

"Also you will find that all through the south if you will follow the publications, the record shows not only that, but many Black Muslims have been killed. They have had their temples broken into, churches have been bombed, the little girls who were murdered in Birmingham while they were in Sunday School. Were they extremists carrying out extremist acts of terror? Were they murdered because they threatened the peace and security of white America? They were murdered and what is the excuse for this?

"Also there was Martin Luther King who advocated turn the other cheekism. Was it because he was a violent man that he was murdered in the streets of Memphis? And when we say Memphis we mean Memphis, U.S.A. The same flag flies over Memphis that flies over Detroit, Chicago, and Boston, this is the same flag, its the same government its the same man and yet they come to us today and they say, 'Look, don't you people get excited, we're not after you, we just want to get rid of the extremists who are causing trouble in our great land.' But they also told the Jews that in Germany. Hitler told the wealthy Jews, 'Don't you worry, don't you worry, we just want to get rid of the filth and trash in Germany and we want you to help us.' And the Jews thought some Jews that they were being honest this was a great opportunity. So what did they do? They walked to work every day with Jewish bodies on the sidewalks. They

stepped over dead Jews to go to work, and they thought this was trash on the streets, and they didn't raise a finger and Hitler continued to kill Jews and to murder Jews and pretty soon the others were running night and day and pretty soon they ran out of poor Jews. Pretty soon they ran out of the so-called trash and then they looked around and they started to burn the big Jews. Pretty soon they burned all of the Jews then it dawned on them that a Jew was a Jew and when you're dealing with racism it doesn't make a difference if you're black there is no such thing as a big black Nigger that if they classify you as a Nigger, this means you are a Nigger. All we have to do is look at the conditions in the country. Some people said, 'Oh, it's not a matter of race, it's a matter of class.' But the fact is, that if you start on a journey, if two men are on a journey, a rich black man and a poor white man, which one can enter every place in America? Now a white man can get off of a train as a hobo or a tramp and if he's got the price of a cup of coffee, he can buy a cup of coffee any place in this land; and a black man with a Ph.D. and six million dollars will find himself barred from any toilet in this country. Is that what you call class?

"Now we must watch this because, since we've been captives in this land we have been divided. Yes, there is such a thing as a class distinction. There is such a thing as class justice, but we must be careful not to fall into a trap, now there are many people peddling the idea of a class struggle among us. They're saying look the black imperialists, you must watch the black capitalists, you must watch and they say the Uncle Toms you must watch. But you see these are divisions that they're driving among us they talk about black imperialists, and I asked some people when I was abroad, 'What do you mean by black imperialists?' and I asked them if they would explain to me what a black-imperialist is and if they would name one. I said no friend, I'm sorry, I'm not talking about puppets,

Re: Black Panther Party -

I'm not talking about running dogs. I didn't ask you to name a puppet, I asked you to name an imperialist. They said, 'But he is just as bad, look what he's done to his people.' I said look, there's a difference in a traitor and an imperialist. The fact is that there is no black imperialists in the whole world. There are some black men with imperialist mentalities. There are blacks who would like to be imperialists, but they do not have the means to become imperialists. See before can become an imperialist you must have powerful armies, a navy an air force. You must have the means to subdue people. We can't subdue anybody, but ourselves so we can't be imperialists. So now what about your black capitolists? Name a black capitolist, will you please? and they said, 'Oh, there are some black people with a million dollars.' And I looked at them and I said 'Are they running Wall Street? What black man has power and authority who makes decisions on Wall Street? Who can make the nation tremble? Name one black man.' They couldn't name him. Not a single one and the best we can get out of our race is the fact that there are a few wealthy black, a few wealthy, but these are not capitolists, what black man can control the interest in a big industry like the Ford Motor Company? What black man can control an industry like General Motors? What are we talking about when we allow people to speak to us about black capitolists and this is what has surprised a lot of people because they thought I was going to come back into the country and join within the race.

"Now there are traitors this is a truth that we must do away with. The next thing is that we must remember that we are all not the same so we can't expect to think alike to look alike and to all dress alike, but there are certain things we have in common and the most important thing is that we are an oppressed people and if we don't

unite, if we don't get together and fight against this oppression, we are going to be exterminated. Don't let anybody kid you. They fooled the Jews. You know, since I've been back, I've had people come to me, blacks and whites, and they say, 'Oh I've heard you say that you think there is a danger of extermination. Look between us, you don't really believe this do you?' Here is the history of a man who has been a beast, a man whose very existence in this world was predicated on the fact that he practiced genocide. That he exterminated a people, that he took their land away and that he destroyed their food so they couldn't exist then he went into Mexico and rode hard over the Mexicans and he stripped them of their land, he raped them, and he robbed them and here is a man who brought hundreds of thousands of black people from Africa in cages and in chains and that for 400 years he has been exterminating us. Not only that, even Abraham Lincoln once said when he looked out of a train window in Virginia, he said, 'why this is the worst form of slavery ever known to the world, look at those people.' He said 'Why these men are selling their own sons and daughters into slavery.' And that is what was happening. Can you imagine a man who will beget children from a woman and then he will sell those children and then he will turn around and beget more children from the daughter of this woman, which was his daughter, and he will even from his grand-daughter and then he will sell them. And then they have the audacity to ask me, 'Do you think these good Christian white people will exterminate us? Our people are already being exterminated and most of all we are entered into an era that's close to reconstruction era. That was a time when our people made great strides and made gains after slavery, but then the man decided that we had gone far enough and what did he do? He took those gains away. We had representatives in the Congress in the Senate all the jobs, important jobs in the country, and it looked like we had it made, but you see what is given can be taken away, and the man decided well we've let them have some fun, now it is time to herd them. How did he do it? He did it with the Ku Klux Klan, he did it with violence, he did it with night riders and there was an emerging of these writers and organizations that came up and that took away these rights, they took them back from our people. Now look at

today, okay. We've got representatives in Congress, we've got a black Senator, money has been circulating, so some people have gotten drunk and they have forgotten who they are, where they live, what it is now, the man is beginning to say that oh, we've got to have a cooling of the economy. Who is going to be cool? Alright, another good indication is when I first came back here to Detroit I was asked by some people did I see any changes. Did I realize how much progress had been made and they said you know things have changed since you've been gone, and the Klan was responsible for your troubles, the Ku Klux Klan, and I said yes, the same Klan organization that still operates in North Carolina. They said 'Oh, don't you know that times have changed, that even in North Carolina people are more enlightened now. There is no such thing as the Klan in North Carolina anymore,' and I asked them if they were kidding, I said because you've got a Klan in Michigan. And they said that something must have been wrong with me in my head that I had developed a paranoid you see that I felt that the Klan was everywhere so I told them alright then if you don't believe it. But then I was invited out to Sterling Heights by the Human Relations Council. Well, when I arrived at Sterling Heights first thing there was a white woman there who came out and we thought this woman was giving us a parking place and you know every time we got ready to park, she said 'Move on move on,' so well, that's the way it started. Then we finally found a place away from her and then there was a white man looking out of a window of a trailer and he said, 'If you leave that car there, I'm going to have it towed away.' And then I started thinking that it didn't seem to be too friendly out there so then when we started into the meeting and the woman who was sponsoring it met me at the door and she was shaking and trembling and about to cry, she said, 'Ah, we have a little trouble, but that's alright the police are here.' Then I started thinking what do they need police for in a Human Relations group so as soon as I started into the building there was some others with me some more brothers who were going out with me and then they started a little chant. They started chanting, 'Ah, we're going to kill the Nigger, we're going to kill the Nigger.' Can you imagine? 'We're going to kill the Nigger,' and then they said, 'It's a Zionist and Jewish plot and the Zionists and

the Niggers are trying to get together to take over America and we got to get rid of the Jews and the Niggers,' and they started this chant and then they had some ropes and some nooses then they had some miniature Klan uniforms. You see they've got these instant Klan uniforms now. This is so you know so that they can blend in with the crowd. When they want to be a liberal, you know, they put on the liberal dress and when they want to be a Klansman, instantly they pull out this little robe this little miniature sheet and hold it in front of themselves. That makes them a Klansman. So they started screaming, talking about killing me when they did not know that I was from down home and that this might frighten people from Michigan. But I'm from down home, you see, where they really come out, plus the fact the last time I had seen the Klansmen they didn't know that I had been spying on them. So I went up and they expected me to break and run, you see, and this was white man's territory so I sat down and they had their little thing. They went into a ceremony and they started screaming and calling me all kinds of names and I sat there and looked at them and they looked at me and I waited until they finished. Then pretty soon the whites, of course most of the whites were opposed to them, some of the whites who had been opposed to me started to realize then who the savages were, see because I was sitting there laughing at them and this made them feel really embarrassed to be able to laugh at whites in white territory. You see I'm supposed to be the extremist fool and I was sitting there looking at them and smiling and laughing. First one woman jumped up and said she'd like to know from me what my concept of Christianity is. Well this was a rightish woman, she thought because I had been living in the Peoples Republic of China that, you know, that I was going to attack religion, and so I looked out and I said, 'Well, lady, my concept of Christianity is what is not here tonight.' And so finally they kept ranting and they kept raging and they couldn't provoke me and then some of the others in there threatened to go outside with them and fight because they said they had wanted to hear what I had to say and if these people didn't want to hear they should leave. So finally the woman said, 'Well, the police are here,' and came up to the man who was the chairman and, 'We can have them put out,' and the man said, 'No this is a Human Relations meeting and we don't want to have anybody put out of a Human Relations meeting by the police.' And so finally they gave up, but this was a great opportunity to me and I was glad now the whites who had sponsored the thing had gone to pieces, but

they came up and apologized and one woman was crying. It really hurt her and I told her no, no, don't feel bad about it because I'm happy. First thing was that I needed to be reminded once more what America is like, I've been away. I told her that I had been away for a long time and when you're away for a long time you have a tendency to forget and I said not only that but you live right here among it and you don't know what it's like and it was an opportunity for you to see what it's like. Now there was your own America that you saw and this really hurt, but this I say this in the part that right here in Michigan and they were passing out literature with an address from Pontiac. This was the headquarters. Pontiac, they didn't hide it they told where you could get in touch with them. They asked people to get in touch with them. Now you have in Pontiac in Flint, right here in Dearborn in Metropolitan Detroit in Sterling in all these places in Saginaw, these people that are in Washington and the signal is out it's time to roll the black people back again and they think they're going to repeat themselves like they did in history but the only problem is they got the wrong people this time. We are not the people, our grandparents and great grandparents were and this is not the same world and we are not pacifist Jews who are going to the gas chambers in a pacifist way. Only thing about it is if they are thinking that they can roll us back and exterminate us I suppose that they have decided to give up America. I suppose that they have decided to commit suicide but anyway we must remember this is the point of our history that we see these fascist forces we see the Klan coming into places like Detroit, coming into the North coming here for what. What is their business here? Well you must think what was their business before, what is the idea of such an organization the next thing is why at this time do they feel so free to start a recruitment drive right here in Detroit, Michigan, a place where a few years ago a place was on fire, the place was burning, now they feel that they have the power of the administration behind them they have people like Agnew and Nixon, Attorney General Mitchell and this is a part of what is happening to us all over the country today.

"Well, we don't think they want you in America now and I asked why and they said because it's kind of hot over there and maybe it would be better for you to wait awhile and I told them it wasn't my problem it was their's. So when I got to England they pulled me out of the line at the airport and I was supposed to leave the next day and the man came up to me and they had flapped their identification and said 'we're from the CID, the police, and we want to talk to you for a minute.' And so they took me in a room and right away they said we must search you and I said search and they said 'Yes, we'll have to search you.' Well, right away, well I didn't want any trouble out of them at that time so the man first they wanted my fountain pen and the man said, 'Oh, pull it out.' I had it in my pocket. 'Oh, your fountain pen,' and he looked at it and said, 'Is that a fountain pen?' and I said, 'Yes.' He said, 'Where was it made?' and I said, 'In China.' He said, 'Oh, well, I'm going to open that fountain pen' then he put it up to my face and he stood back and he said, 'You know if this is not a fountain pen you're going to be the first one that is killed.' So he opened the fountain pen and I asked him what was wrong with him, and he said, 'Well, you know all the tricks and you're coming from China.' And I told him that he must have been afraid of the Chinese who were so sophisticated and advanced in the nuclear science and that they had made an atom bomb in a fountain pen. And so he said after searching my baggage and I asked him why all of this and he said, 'You can imagine your FBI reported to us that you were carrying arms and ammunition into the United States.' And I said 'arms and ammunition in a suitcase?' So they searched and they didn't find anything. So then the man said, 'Look we'll have to put you in. We don't have any place for you to stay at the airport tonight. And I said, 'Well will I catch my plane in the morning?' He said, 'Yes, you stand about as much chance of missing that plane as the queen of England,' meaning that they didn't want me in England so the next day when it was time for me to board the plane they had taken me to the reception center and they didn't take me out. Nobody came to pick me up and the man said, 'Don't worry you may leave at 2:00 or 3:00.' I said, 'How can I leave at 2:00 or 3:00 when the plane left at 10:00?' So finally three days I was held incommode and they came and picked me up, took me to the airport, and they

kept me there until in the evening. And I asked where was I going. They said to Cairo. I told them no I wasn't going to Cairo, I was going to Detroit, and the man said, 'No, no, you'll have to board the plane to Cairo because you've got to get out of England.' And I said, 'Well, it's only natural for me to go to Detroit, because I've got a ticket to Detroit, and a reservation.' And he said no I had to go to Cairo and while they were standing there arguing a truck struck the airplane out on the field and damaged it. Then the man wanted to know if I knew anybody from the Irish underground and that I told him no that I had correspondence with some of them and I wanted to know why he wanted to know this and he said well we don't know, some may be working at the airport. And I told him well I didn't know anything about that so finally they had to take me back to prison again. But in the meantime I was unable to notify anybody cause I had asked to make a telephone call and they asked me who did I want to call and I told them that I wanted to call the British Civil Liberties Union and the warden asked me the telephone number and the name of the man that I wanted to talk to and I told him that I wanted a directory and he said, 'Well, if you've got to have a directory, you don't know the man you're trying to call.' and so he said he couldn't see any need for making a call.

"But anyhow there was an African and they brought me out on the fourth day and the African was going out and he was checking out of the reception center where I was. The warden asked the African did he have all of his belongings. The African said no and he said, 'Well, what is it that you're missing?' The African said, 'I'm missing my Mao book' and the man reached under the desk and got the book and threw it up on the desk and then he was so angry until he looked at the African and pointed at him he said, 'There is one of your buddies, there's one of your Maoist buddies right there.' Well, he didn't know what he was doing then you see because he let me know that that was brother you know the right kind the right kind of brother so I turned to him and I said, 'Brother are going out now?' and he said, 'Yes, I'm going out.' and I said, 'Well, will you tell the black people that they are holding me a captive here?' and he said, 'Oh yes, brother, don't worry, don't worry.' So then they grabbed this man and pulled him out of the room

I put my foot in the door because they tried to close the door and then he kept saying, 'Don't worry, don't worry, brother, everything will be alright.' And then I heard the warden say, 'Lock him up,' so they took him back and locked him up, but evidently he got out.

"Then the following day there were four youths, black youths, who came into the prison to see me. The man told me I had visitors and so when these people came in I saw these black brothers and one sister and some brothers and they had naturals and so they said, 'Oh well, brother, we came to see about you. We represent the black community in Briton, we also represent some white liberals and some Indians and we're all forming a coalition together to get you out.' And then the young brother turned to the warden and he said, 'We have come to get our brother out of jail. Now we're going to get him out. We hope to get him out legally. We hope you will let us get him out legally. If you don't we're going to use force and we are the Black Panthers of England.' I was a little surprised and shocked but I could tell that the warden was flabbergasted. He looked at them and he looked at me and they didn't smile and they just stood there and looked at him and said, 'Well, we'll be back,' and so after that night they started demonstrating around the jail and then the prisoners took it up inside and finally it was getting so hot in England they had started blocking TWA. They had broken into the U.S. compound at the U.S. Embassy and they broke into the compound and they threatened to beat up the American officials in there. You see, all of this all of this you didn't hear about here because they didn't want you to know what was going on and they didn't want you to know that black is black no matter where it is when it's straight. And so the pressure got so strong until finally on the fourth day they took me into the airport again. I asked them where was I going and they said to Cairo. I told them no, they had the wrong man, and so then the chief of the CID said, 'Look we've got orders from our government to put you on that plane by force.' So I looked at them and then I thought well this is it.

So I told them no I'm not going and I looked at the man and I asked him if you had brought the undertaker and he said, 'Undertaker, what's an undertaker got to do with this?' And I said, 'Well, he's the only one whose going to be able to put me on that plane, it will mean that he will have to put my body on, but you can't put me on that plane, you can put my body on it, but you can't put me on it.' So I stood there and looked at him and they stood there and looked at me and they had about fourteen men lined up along the hall and so the man said, 'Well, we've got orders to use force on you.' And so then I just started to put off my coat and put it down gently on the table and looked and then and said, 'Well, when do we start.' So then finally they went into a conference and then came back and said, 'Will you consent to go back to prison?' and I told them well, that's where I had been since I had been in England. They said, 'Well, if you go back to prison we'll try to make some arrangements for you.' In the meantime they said that TWA had refused to fly me to the States. I asked them about other airlines and they said well, TWA asked other airlines to support them so it meant that no airline would fly me to the States and I asked them well, why wouldn't they fly me and they said it was because TWA had had some hijackings and that they were afraid that I might hijack a plane and endanger their passengers and I asked them why should I want to hijack a plane that I had been everywhere that hijackers go. And the fact was that I was coming home and I had a ticket to come to Detroit this was the only place I wanted to go. Then finally they said that TWA would fly me to some other city in America, but they couldn't fly me to Detroit. Then I realized more than ever that this was the place for me to come so it meant that they were trying to keep me from getting here and I remembered a long time ago that an old professor told us, 'You don't have to be a great intellectual to out maneuver the racist white man, you just do just the opposite of what he wants you to do and you'll be right.' So then I knew that I had to hold out for Detroit because there was something wrong that the man was anxious to take me someplace else in America, but not to Detroit, and so I

came here. But when I came in and was taken into custody by the FBI some of the FBI came on the plane and in fact we had this whole plane to ourselves and nobody but the crew worked the plane and worked for us and I don't know how much money TWA spent on the flight, but I know it cost more than the ticket that I had paid for. Anyway not only that, but they sent the Vice President, who was a black man, to meet me and to fly back with me on the plane and they didn't tell that in the press either that the Vice President, I suppose he was about 16th or 17th or 20th Vice President, but he was black and he came back with me.

"But as soon as I was taken into custody by the FBI, I was taken into the Federal Building. While I was sitting on the stool and they were rolling this hand, the right hand, in the ink for fingerprinting and another man touched me in the side and with the left hand he said, 'Ah, I have a subpoena for you,' and so he put the subpoena into my hand while they were fingerprinting me with the other hand and this was from the Eastland Committee, Senator Eastland, and also from his committee with Sam Irving from North Carolina, Thurman from South Carolina and you can go down the line, Senator Dodd, and all those people, the worst people you can imagine in the world, the criminals, the real criminals in America. But in a way I bring this up also to show the relationship because since the time I arrived the Eastland Committee subpoenaed me and I discovered they had been pushing the thing all the time and that's what it was all about and this is what we're facing that type of network in this country. Now we have this thing building up and as Brother Malcom once said that Dixie, the south, starts at the Canadian border and it runs all the way down to the Gulf of Mexico. Now all you got to do is look at the fact that black men all over America are in prison, not only the ones we know about, but thousands of those that we don't know about and they're in prison because they're black men, because they fought for the human dignity and decency of our people. Now what do we have from the White House? First there was Haynsworth, this southern who was supposed to have been put on the Supreme Court to dismiss

justice for black people in America. Okay, our man Nixon couldn't get Haynsworth on the bench so what did he do? He turned around and got a man even worse than Haynsworth. Now he comes up with this fellow Carswell and said, 'Oh, he's a good man, he's a good American. Oh, he would make a splended judge for the nation, he knows about justice, he knows about democracy,' and they say 'Oh, what about his record? What about the fact that he has been opposed to integration? What about the fact that he is opposed to the rights of black people and opposed to equality? and they said, 'Oh, that was a long time ago. That was in his past, you know we must forgive. People change. Why hold that against him now?' They have come up and they have discovered too that he had his land reserved and bought and sold land in areas where they didn't allow our people to buy and sell. Now what was this? This was a violation of the United States Constitution, the same document that they want to put him on the bench to defend. It's like saying that we will delegate a wolf to defend the rights of lambs. We will let the wolf sit in judgment over the lambs and we can expect the wolf to do justice to the lambs. And now people like Huey P. Newton and others are in prison but they can't release our Huey P. Newton. They can't release him because we will stick to the law. We must do justice, we must uphold law and order. What do they mean by law and order? They don't mean law and order, not the type of order we think about. We wouldn't be opposed to law and order. We want law and order. Law and order would protect us. Law and order with justice they don't want. Law and order they want the privilege to remain outlaws, they want to remain outside the law.

"Now, they came into Michigan and they said that we want a criminal from the South. There's a criminal among you in Michigan, and the governor of Michigan said, 'Oh yes, we know about this and that we must honor extradition. Extradition is a Constitutional thing that we must live up to, the Constitution said that. 'Oh yes, we must turn this black man to the south. Don't have any worry about him because I have been assured by those good southern gentlemen that his Constitutional rights are going to be protected.' This is the governor of Michigan behind the Algiers Hotel incident and he can stand up in Michigan.

This is an affront and a slander to every black man in the world for a man to sit in the governor's mansion and listen and say that he has been promised that my Constitutional rights will be protected.. It will be the first time on this earth that a black man's Constitutional rights have been protected.

"The Klan is now even rising in Michigan. In Michigan he looks to North Carolina and says, 'Oh, I have faith in the southern way of life, it shows the connection. The connection is because in the last election North Carolina and South Carolina went Republican. They voted Republican for the first time since reconstruction and this is the new conspiracy against the black man and as political patronage they must accommodate the south and when they accommodate the south, it means that you are finished as a human being and this is purely and simple what it is. But I say to the Klan, to Governor Miliken, to all of the white racists and the fascists, I tell them that they are moving toward the destruction of America if they think that they can destroy us, that they can deny us our human rights, and they can live immune to any retribution.. They are making the fatal and the final mistake of America, and I can assure you that this is the beginning of the end and most of all they have started the economic squeeze which means that beginning this summer you're going to see some hard days in America.

"So we've got to have ourselves together in mind and in body. Don't let them fool you, forget about division, forget about the black bourgeois because his will flow on the fire just like yours and instead of creating division and alienating our people from each other, now is the time to plead for unity, that we must be tolerant toward each other. Most of all we can't believe in sectarianism denominationalism. We can't believe in this class thing, we'll get the class later, right now we've got to try to save ourselves and we can only save ourselves as a united people and those people who stand in the way of unity we must sweep them off the face of the earth. All of those leaders, those egotistical leaders, who want to be big men who want to set themselves up as kings and gods, first of all they must be done away with because they stand in the way of unity. The first thing is that a man shouldn't have ambition

to be a leader, he should only have ambition to do what is right and what needs to be done. Leadership is not a special privilege for advantage, leadership means sacrifice, leadership puts you on the hotseat, it puts one as the bull's eye to a target, it means sacrifice, it means that he is a servant. It doesn't set him up above the people, it doesn't make him something special, it makes him a servant and it is his duty to serve in whatever capacity it is and those people who insist on being leaders, who insist on leadership are actually traitors and they are betraying. They are betraying us, they are betraying our cause. At this eleventh hour when the man is about to move against us, look at us what do we have? What kind of united front? How are we together? We are not, just a lot of faction and he is able to set these factions against each other and that we will call each other names and we will help to create suspicion and we will help to destroy ourselves when I say that we have got to get rid of all of those people in our ranks who bring about dissention thus we've got to stop thinking that we've got to have the last word and that we've always got to be right, you see this is a bad thing, this is why we have so much dissention now because each person feels like he's got to have the last word if somebody said something against me that might not be right or I don't like, well even if it breaks down the roof and if we've got other business rather than take care of this business I'm going to have the last word and that's destructive. It means that if we really care for our people, if we really care about freedom, we will not resort to this type of tactic and I tell you like I told the whites, they asked, 'Well, why did you come back to America? Why at this time?' and I wrote a letter to the press in North Carolina in my home town and told them that I was coming home and I said I don't care what you do to me, I'm coming home and I'm coming with one satisfaction, that is that I want to see America as it was, as it was before I left and as it now is in the last stages of the type of America we will ever see we will never see America again as it was, it's already changing. The change is setting in and it's going to change for better or worse and whatever it is that I want to see this and I want to be a witness

but I tell you most of all that we have got to be united, we have got to be serious, we have got to stop arguing with each other because we are black, we are black and our only survival. We are the ones who will determine whether or not we survive. The man can't determine whether or not we are surviving, we must determine this and this is what we are going to do and this is why we must consider an attack on the Panthers, an attack on us. We must consider an attack, a racist attack, on any black man an attack on us. We must also love our people, we must love one another and there is one thing I like about China, the Chinese will not steal from Chinese and the Chinese will not fight in their country now because they're trying to be a selfless society and this is what we have got to be if we are to survive. The only thing that will help us to survive is that we build a selfless society means that we first got to change ourselves. We have got to change ourselves, nobody can change us and we have got to start with ourselves and that is that. We put the good of all of our brothers above our individual welfare and this is the only way that we can survive. But I want to say again that I feel that we are going to make it. We're going to have to pay for our mistakes, many people are going to be hurt, be killed, but then we will learn from that and I'm sure that we will have in us the power to survive and the power of greatness. Because of our suffering we will have more understanding and we will have a better attitude to build a better world and I say once again I'm happy to have this opportunity and I hope that we will have more meetings in the future and that we will get our heads together and we will start working on a united front and that we will forget about leaders, individuals leaders, and our individuals groups and our denominations and our clubs and start thinking in terms of survival and I end on that note with the slogan that is prevalent among the pastors and as a tribute to brother Huey, I say more power to the people."

Another speaker:

"I understand we've been here for quite a while for Huey, for quite a few things, so I want to make moves to finish the unfinished business with as little hang-up as possible so we can start moving out of here. We have some entertainers."

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power, Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

REPUBLIC OF NEW AFRICA (RNA)

A source advised in May, 1969, that the Republic of New Africa (RNA) is an all-Negro organization founded in Detroit, Michigan, in March, 1968. ROBERT F. WILLIAMS, who was then residing in Peking, China, was named as its President-In-Exile. After fleeing the United States in 1961 following the issuance of a local warrant in North Carolina on a charge of kidnaping growing out of a racial incident, WILLIAMS published and broadcast hate-type material in Cuba and China prior to his return to the United States in September, 1969.

A second source has advised that the purpose of the RNA is to establish an independent black nation within the United States, demanding the States of Alabama, Georgia, Louisiana, Mississippi, and South Carolina in addition to \$10,000 per black citizen as payment for 400 years of ancestral slave labor.

A third source advised on March 14, 1969, that an army of the RNA, known as the Black Legion, dedicated to black freedom and committed to the concept of systematic armed revolution, has been established. Black Legion members are expected to participate in military training and engage in firearms practice. The RNA plans to establish an underground Black Legion in addition to an aboveground Black Legion in order to avoid detection by the police.

According to this source, Black Legion members acting as bodyguards at a session of the Second National Convention of the RNA in Detroit, Michigan, on March 29, 1969, were involved in a shoot-out with members of the Detroit Police Department which resulted in the killing of one policeman and the critical wounding of another.

Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

SF T-16 advised on April 14, 1970, that Oliver Mc Clure, leader of the Detroit NCCF, is presently in Kansas City, Missouri in an effort to assist two unidentified members who were recently arrested in Kansas City, Missouri. The BPP National Headquarters, Berkeley, California, received a complaint from the Kansas City BPP Chapter relative to the presence of Mc Clure in Kansas City, Missouri. This stemmed from the fact that Mc Clure was not known to the Kansas City Chapter of the BPP and caused concern to the Kansas City leaders.

National Headquarters of the BPP told the Kansas City Chapter that Mc Clure is an authorized member of the BPP and has the approval of the National Headquarters to be in Kansas City on this particular mission.

On April 14, 1970, Sergeant Charles Cleveland, AWOL Section, advised records show Viron K. Redwine, SSAN 365-52-7257, was AWOL since January 1, 1970, from Hq & Hq Company, 24th Infantry, when apprehended March 26, 1970, at Detroit, Michigan, and returned to Fort Riley, March 30, 1970. Inquiry Post Stockade and Special Processing Detachment, indicated no record of Redwine's confinement, and it is assumed he was returned to his parent unit. Redwine is described as a Negro male, born June 17, 1949, 5'10" tall, 135 pounds, home of record - 4159 16th Street, Ecorse, Michigan.

VIRON

On April 15, 1970, Captain Randall Elms, Co. Hq & Hq Company 24th Infantry, (being redesignated this date as Hq & Hq Co. 1st Infantry Division), advised Viron K. Redwine is currently in restricted status in this unit and is required to check in every hour. However, it has been noted that on the evenings of April 13 and April 14, 1970, Redwine had been absent for several hours and his actual location at these times was unknown. Redwine was assigned to this unit as a cook when in December, 1969, he was granted leave from which he failed to return on January 1, 1970. While not

openly belligerent, Redwine exhibits a poor attitude toward military service. Official charges have not yet been served on Redwine, but it has been recommended that he be tried by Special Court Martial on the charge of AWOL from January 1, 1970 to March 26, 1970. No additional charges are contemplated at this time, although Redwine has committed other infractions, such as breaking restriction and failure to obey an order.

Captain Elms noted the company had received no contact to date on behalf of Redwine.

DE T-1 advised on April 17, 1970, that Mc Clure arrived in Detroit, Michigan from his trip to Kansas City, Missouri on April 16, 1970. Mc Clure indicated that he conferred with Redwine at Fort Riley, Kansas and that the military had dismissed all charges against Redwine.

Mc Clure further stated that the Kansas City Chapter of the BPP is very weak and is being operated by people too young for the responsibility of operating a BPP Chapter. Specifically Mc Clure stated that the Defense Minister for the Kansas City BPP is only 16 years of age.

DETROIT PROTECTORS OF LIBERTY
WAS HERE

March 8, 1970, Sunday four rank and file members of the National Committees to Combat Fascism which is an organizing bureau of the Black Panther Party, were brutally beaten and almost murdered by the Detroit pig and fire department. On the night of March 8, 1970 there was a fire at 3165 Third Avenue. As the firemen were putting out the fire. They claim that they were fired upon to stop them from dealing with the fire. It is at this point that they were to have traced the gun fire to the address of 3215 Fourth Street in the Jeffries projects, in which at this time two pigs out of 50 who had surrounded the house, came up to the entrance of the apartment and without any warning fired into the apartment. After they fired into the home of these brothers. The rest that had surrounded the house began shooting into it relentlessly. The weapons used on the brothers were tommy guns, riot pump shotguns and other weapons of war.

People of the community these brothers did not fire upon fireman putting out a fire. This is just a lie, aimed at justifying what they have attempted to do, murder these brothers, Gino Slay, Solomon Williams, Juan Paschell, Micheal Parker, were attacked by these mad racist dog pigs. These brothers said and did what the Black Community has always wanted to say and do themselves for so long. That is, to move and destroy the power structure and all its parts and components in our community. Stopping us from becoming free.

It is with these thoughts, that they protected themselves from the fascist dogs by the means of the gun. More pigs were rushed into the community and were aided by bootlicking niggers. The Jones family allowed these pigs to shoot up our community, by letting them shoot from their windows and doors. The pigs then began to shoot hundreds of rounds of tear-gas in the brothers home and in our community. At 8:35p.m. the people's warriors stood between the fascist pigs and the Black Community with honorable dignity of warriors standing as one with the people. The pigs then began to brutally beat all of the brothers up and down the projects. They were beaten so badly that they are still in the hospital today. They

are being held on assault to commit murder resulting arrest, and malicious destruction of government property. Their bond is \$25,000 apiece

People of the community this is not the first time that the pigs have attempted to murder the rank and file of the N.C.C.F. which is as I have said before an organizing bureau of the Black Panther Party. They have this in the last two months condemned and closed the whole building where we have our breakfast programs, feeding hungry children in the morning. They are part and parcel of the fascist power structure. Our members such as Tyrone Hill, have been kidnapped off of the streets. This brother has been missing since March 3, 1970. He was last seen that day selling the Black Panther, Black Community News Service at 3:00 p.m. He had always been threatened along with other members, the pigs, with being kidnapped and killed because we serve the people. Attempted attacks have been made upon the people's Community Information Centers by the pigs. Pigs are trying to stop us from opening a new center on the East side at 7700 Mack Baldwin. The pigs have attacked Norman and myself while we were downtown selling people's newspaper.

All these attacks upon us and the Black Community clearly show us that the fascist pigs have and still are committing genocide against us. The Black Panther Party for

self-defense believes that the time has come for Black People to arm themselves against this terror before it is too late. People who have suffered so much for so long at the hands of a racist society must rise up as one man to halt the progressive trend that leads inevitably to their total destruction. Huey P. Newton, Minister of Defense, Black Panther Party

Friday, August 15, 1969, members of the Organization, headed by LeRoi Jones and Karenga, murdered Brother Sylvester of the San Diego Branch of the Black Panther Party. Sylvester Bell is the fourth member of the Black Panther Party to be murdered by this so-called "Black" Organization since January 17, of this year. Alice "Bunchy" Carter, Deputy Minister of Defense for Southern California, and John Huggins, Deputy Minister of Information for Southern California were murdered members of the same organization on May 17, 1969, on the UCLA campus. Lt. Savage was murdered by this same organization on May 23, 1969, on the streets in San Diego.

The Black Panther Party calls on all revolutionary and progressive elements, Black or White, to actively condemn Black Capitalism and its Lap-dog, Cultural Nationalism. We call on all who would condemn the puppet fascist regime of Papa Doc in Haiti and Ky in Viet Nam, to likewise condemn the federally financed puppet regime of LeRoi Jones and Ron Karenga, the High Priests of Cultural Nationalism, Black Racism, and Black Fascism. This condemnation must be both in theory and in practice. Historically, the murder of Panthers has been a primary job of Fascist Pigs. We call you, all the people, and all progressive elements of society to give murderous pigs their just treatment. As to whether a Fascist Pig is Black, Brown, Red, Yellow, or White is of little relative importance.

of the so called Cultural (Pig) Nation-

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power, Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the EPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

REPUBLIC OF NEW AFRICA (RNA)

A source advised in May, 1969, that the Republic of New Africa (RNA) is an all-Negro organization founded in Detroit, Michigan, in March, 1968. ROBERT F. WILLIAMS, who was then residing in Peking, China, was named as its President-In-Exile. After fleeing the United States in 1961 following the issuance of a local warrant in North Carolina on a charge of kidnaping growing out of a racial incident, WILLIAMS published and broadcast hate-type material in Cuba and China prior to his return to the United States in September, 1969.

A second source has advised that the purpose of the RNA is to establish an independent black nation within the United States, demanding the States of Alabama, Georgia, Louisiana, Mississippi, and South Carolina in addition to \$10,000 per black citizen as payment for 400 years of ancestral slave labor.

A third source advised on March 14, 1969, that an army of the RNA, known as the Black Legion, dedicated to black freedom and committed to the concept of systematic armed revolution, has been established. Black Legion members are expected to participate in military training and engage in firearms practice. The RNA plans to establish an underground Black Legion in addition to an aboveground Black Legion in order to avoid detection by the police.

According to this source, Black Legion members acting as bodyguards at a session of the Second National Convention of the RNA in Detroit, Michigan, on March 29, 1969, were involved in a shoot-out with members of the Detroit Police Department which resulted in the killing of one policeman and the critical wounding of another.

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power, Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

Re: Lamarr Thomas

On February 11, 1969, DE T-1 advised a rally was staged at Michigan State University (MSU), East Lansing, Michigan, on February 11, 1969, with approximately 200 students present. The rally sponsored by the Students for a Democratic Society (SDS) was protesting the dismissal of Bertram E. Garskoff, a member of the MSU staff and Faculty Advisor to the MSU-SDS. At the height of the demonstration, a number of white athletes from MSU appeared with their knuckles wrapped in tape and were apparently intent upon physically removing demonstrators from the building. Upon the initial appearance of "white" athletes, Lamarr Thomas, a student, an athlete, and a spokesman for the Black Students' Alliance (BSA), announced to the group that BSA would lend its physical support to the demonstrators. A possible confrontation was avoided by the intervention of head football coach Hugh "Duffy" Daugherty, and the white athletes left the area.

A characterization of the SDS is contained
in the appendix attached hereto.

On April 1, 1969, DE T-2 advised that Thomas is a Junior at MSU majoring in Social Science, residing at 109 North Wonders Hall, has a home address of 1619 West 163rd Street, Markham, Illinois, was born in 1948, and his father's name is Clarence.

Re: Lamarr Thomas

On June 5, 1969, DE T-4 advised La Marr Thomas, 1619 West 163rd Street, Markham, Illinois, is a graduate of Thorton Community High School, Harvey, Illinois, and was an outstanding athlete during his four years at the high school. His father is Clarence Thomas and his mother is Frances Thomas. He stated Thomas had a younger brother Everett who graduated on June 10, 1968, and who was born May 5, 1950, Chicago, Illinois. Everett Thomas was last known to be attending Thorton Junior College, Harvey, Illinois.

Both La Marr and Everett Thomas have reputations for aggravation and trouble making, although source has no direct knowledge of this and had very little contact with it.

On June 12, 1969, DE T-5 and on June 16, 1969, DE T-6 both advised they know Thomas as a football player at MSU, but do not know of any subversive or racist activities on the part of Thomas.

On February 2, 1970, CG T-6 advised Lamarr Thomas allegedly from MSU, had made a request to the Black Panther Party (BPP) headquarters in Chicago, Illinois, to provide speakers for a BPP fund raising rally sponsored by the Black Liberation Front International (BLFI), at MSU on Saturday, February 7, 1970.

A characterization of the BPP is contained in the appendix attached hereto.

On February 7, 1970, CG T-6 advised that two BPP members who were scheduled to speak at the BLFI rally for the BPP did not appear because they missed their flight. Thomas was to cancel the airplane tickets and send some money to the BPP Defense Fund. Thomas advised he could be contacted at the Urban Affairs Center, MSU, East Lansing, Michigan.

On February 16, 1970, the MSU "Information Operator" advised Thomas does not have a telephone listing but his address is 531 Park Lane, East Lansing, Michigan.

Re: Lamarr Thomas

On March 10, 1970, DE T-2 advised Thomas is a Senior at MSU and he currently resides at 506 Grove Street, East Lansing, Michigan. During the past school year Thomas has taken a "back seat" as a leader in any demonstrations at MSU. Prior to this school year, (September, 1969 to present), Thomas was spokesman for BSA, which has since dissolved into the BLFI. The BLFI is a Negro Organization on campus at MSU which is currently led by a four man executive committee, Thomas not being one of the committee. The BLFI has sponsored several demonstrations or protests, none of which were categorized by violence. It has approximately 200 members, 50 of which are active.

DE T-2 stated he knows of no BPP organization or members being on campus at MSU and this includes Thomas. He stated he is not aware of any attempts of the BPP to organize on campus.

DE T-2 added that Thomas was formerly a football player at MSU, but sustained an injury and was dropped from the team. He was attending MSU on a football scholarship. He has student number 444389 and his home address is 1619 West 163rd Street, Markham, Illinois. He was born in 1948.

During the spring of 1968, during "Spring Training" of the football squad, the black members of the football team "walked off" in protest to racial discrimination on the football team. Thomas was the spokesman for the group which later returned to the team after MSU accepted their demands. Thomas was also spokesman for a group of black students who at the time were representatives of BSA, that "took over" the Wilson Hall cafeteria at MSU. This incident was during the school year 1968-69 and was a protest over alleged discrimination in the kitchen personnel.

The following agencies were contacted on February 24, 1970, and all advised they could locate no record identifiable with Lamarr Thomas:

STUDENTS FOR A DEMOCRATIC SOCIETY

A source has advised that the Students for a Democratic Society (SDS), as presently regarded, came into being at a founding convention held June, 1962, at Port Huron, Michigan. From an initial posture of "participatory democracy" the line of the national leadership has revealed a growing Marxist-Leninist adherence which currently calls for the building of a revolutionary youth movement. Concurrently, the program of SDS has evolved from civil rights struggles to an anti-Vietnam war stance to an advocacy of a militant anti-imperialist position. China, Vietnam and Cuba are regarded as the leaders of worldwide struggles against United States imperialism whereas the Soviet Union is held to be revisionist and also imperialist.

At the June, 1969, SDS National Convention, Progressive Labor Party (PLP) forces in the organization were expelled. As a result, the National Office (NO) group maintained its National Headquarters at 1608 West Madison Street, Chicago, and the PLP faction set up headquarters in Cambridge, Massachusetts. This headquarters subsequently moved to Boston. Each group elected its own national officers, which include three national secretaries and a National Interim Committee of eight. Both the NO forces and the PLP forces claim to be the true SDS. Both groups also print their versions of "New Left Notes" which sets forth the line and the program of the particular faction. The NO version of "New Left Notes" was recently printed under the title "The Fire Next Time" to achieve a broader mass appeal.

Two major factions have developed internally within the NO group, namely, the Weatherman or Revolutionary Youth Movement (RYM) I faction, and the RYM II faction. Weatherman is action-oriented upholding CASTRO's position that the duty of revolutionaries is to make revolution. Weatherman is regarded by RYM II as an adventurist, elitist faction which denies the historical role of the working class as the base

for revolution. RYM II maintains that revolution, although desired, is not possible under present conditions, hence emphasizes organizing and raising the political consciousness of the working class upon whom they feel successful revolution depends. Although disclaiming control and domination by the Communist Party, USA, leaders in these two factions have in the past proclaimed themselves to be communists and to follow the precepts of a Marxist-Leninist philosophy, along pro-Chinese communist lines.

A second source has advised that the PLP faction which is more commonly known as the Worker Student Alliance is dominated and controlled by members of the PLP, who are required to identify themselves with the pro-Chinese Marxist-Leninist philosophy of the PLP. They advocate that an alliance between workers and students is vital to the bringing about of a revolution in the United States.

SDS regions and university and college chapters, although operating under the outlines of the SDS National Constitution, are autonomous in nature and free to carry out independent policy reflective of local conditions. Because of this autonomy internal struggles reflecting the major factional interests of SDS have occurred at the chapter level since the beginning of the 1969-70 school year.

A characterization of the PLP is attached.

APPENDIX

1.

PROGRESSIVE LABOR PARTY (PLP)

"The New York Times" city edition, Tuesday, April 20, 1965, page 27, reported that a new party of "revolutionary socialism" was formally founded on April 18, 1965, under the name of the PLP which had been known as the Progressive Labor Movement.

According to the article, "The Progressive Labor Movement was founded in 1962, by MILTON ROSEN and MORTIMER SCHEER after they were expelled from the Communist Party of the United States for assertedly following the Chinese Communist line."

A source advised on June 3, 1968, that the PLP held its Second National Convention in New York City, May 31 to June 2, 1968, at which time the PLP reasserted its objective of the establishment of a militant working class movement based on Marxism-Leninism. This is to be accomplished through the Party's over-all revolutionary strategy of raising the consciousness of the people and helping to provide ideological leadership in the working class struggle for state power.

The source also advised that at the Second National Convention MILTON ROSEN was unanimously re-elected National Chairman of the PLP and LEVI LAUB, FRED JEROME, JARED ISRAEL, WILLIAM EPTON, JACOB ROSEN, JEFFREY GORDON, and WALTER LINDER were elected as the National Committee to lead the PLP until the next convention.

The PLP publishes "Progressive Labor," a bimonthly magazine; "World Revolution," a quarterly periodical; and "Challenge-Desafio," a monthly newspaper.

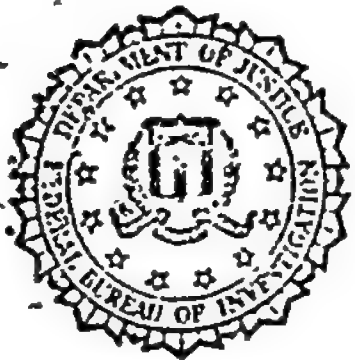

The April, 1969, issue of "Challenge-Desafio" sets forth that "Challenge is dedicated to the peoples fight for a new way of life--where the working men and women control their own homes and factories; where they themselves make up the entire government on every level and control the

2

schools, courts, police and all institutions which are now used to control them."

Source advised on May 8, 1969, that the PLP utilizes an address of General Post Office Box 808, Brooklyn, New York, and also utilizes an office in Room 617, 1 Union Square West, New York, New York.

March 6, 1970

Date

On March 3, 1970, SAs GUNNAR A. ASKELAND and LEWIS G. HINES, III, interviewed GLENN FOSTER at 18966 Greenlawn, Detroit, Michigan. Mr. FOSTER revealed the following regarding his activities with the Black Panther Party (BPP):

He admitted being a participant in BPP activities. He stated that he sells the BPP newspaper and he attends Political Education Classes on Sundays at the BPP Headquarters, 2219 Indiandale Street, Detroit. He also stated he was greatly interested in the BPP Breakfast Program. He said as many as 100 children are fed breakfasts on Sundays.

He said the Political Education Classes were not violence orientated. He stated that many interesting discussions have been conducted at the meetings, some of which were:

1. Community control of the neighborhood.
2. Black business possibilities.
3. Black history.
4. Current events.
5. "The Black Panther" newspaper.
6. Narcotics and crime.

FOSTER was very cooperative and stated he was not violence prone. He stated he wanted change in the black man's status through legitimate means. He stated his main interests in the BPP were the Breakfast Program and the black business program. He believes that blacks must start getting into businesses in the ghetto in order to keep the money in the ghetto, (not through violence or extortion, but through legitimate means).

On March 6, 1970, JEROME MC CULLOUGH was interviewed by SAs GUNNAR A. ASKELAND and LEWIS G. HINES, III at 13835 La Salle, Apartment 12, Detroit. MC CULLOUGH furnished the following information regarding his Black Panther Party (BPP) activities:

He stated he had been involved with the BPP for a very short time. He stated he sold BPP newspapers for a few weeks and had attended about three political education classes that the BPP runs. He stated he had not been to any meetings for two weeks and he was dissatisfied with the BPP in Detroit. He said the BPP was very disorganized with no leadership and very few members. He stated he stood for some of the ideals of the BPP and that is what attracted him to the party. He stated he was particularly dissatisfied with the Breakfast Program and stated it was a flop. He stated he began to be afraid of the BPP because he thought sooner or later he would be killed by the police if he became a member. He stated that he thought this was one reason why the party was so small in Detroit.

MC CULLOUGH stated that he was through with the BPP in Detroit and that he was now an Orthodox Muslim and read the Muslim Prayer Book by MUHAMMAD ALI (also known as Cassius Clay).

DE 157-3075

A rally was held at the Shrine of the Black Madonna, 7625 Linwood Avenue, Detroit, Michigan, on February 15, 1970. The rally was sponsored by the Detroit Chapter of the NCCF in honor of the birthday of HUEY P. NEWTON on February 15, 1970. The rally commenced at approximately 3:45 p.m. and terminated at 8:30 p.m., February 15, 1970. Approximately 300 persons were in attendance. Persons who did not have advance tickets were charged \$2.50 at the door.

The theme of the rally was "From Here to the Furnace". The rally began with a person identifying himself as a member of the BPP with the showing of three films, entitled, (1) "Black Panther;" (2) "Off the Pigs;" (3) an unknown title. These films reflected the structure of the BPP and were narrated by HUEY P. NEWTON. The films stressed the fact of police harassment to members of the BPP. Each film lasted approximately 30 minutes and in between films a question and answer period was held.

Some of the questions asked were:

(1) "What is the purpose of the BPP?"

Answer: "To defend and educate the blacks of the purpose and intention of the 'pigs'."

(2) "What is the purpose of this meeting?"

Answer: "To raise funds to free HUEY P. NEWTON."

(3) "Where is RAP BROWN?"

Answer: "RAP BROWN has quit the BPP and no longer has any allegiance with the organization."

(4) "How does the BPP feel about the Black Manifesto?"

Answer: "There are several self-appointed black leaders, however, they are not sure whether they are black or white. Rest assured that anyone who did not wish to serve all blacks and be identified with all blacks is a fake."

DE 157-3075

"(5) How can one join the BPP?

"Answer: The membership is closed, but if you wish to help the NCCF, we welcome you."

The person who answered the above question was LARRY POWELL.

The unidentified film that was shown was narrated by HUEY P. NEWTON, which reflected raids by the police in New York, Connecticut, New Jersey and Chicago. They also included the raids and killings of MALCOLM X, MEDGAR EVERS in Mississippi, MARTIN LUTHER KING in Memphis, Tennessee, the innocent killing of children that were burned in the church in Alabama. The film set forth information that no arrests and not one single conviction had been made relative to the above raids.

LARRY POWELL, a leader of the Detroit NCCF, was master of ceremonies for the HUEY P. NEWTON rally held in Detroit, at the Shrine of the Black Madonna Church, Detroit, Michigan, on February 15, 1970.

The Detroit Chapter received approximately \$1,500.00 from the benefit and \$800.00 of this \$1,500.00 was sent to the National Headquarters of the BPP, Berkeley, California, and the remaining \$700.00 was kept by the Detroit Chapter, NCCF.

The only out-of-town BPP leader in Detroit at the time of this rally was CAPTAIN JOLLY, a leader in New York BPP Chapter. JOLLY departed Detroit at approximately 12:30 p.m. on February 16, 1970, en route to New York: *Mich*

DOUGLAS further spoke about the false imprisonment of BOBBY SEALE and HUEY P. NEWTON, both members of the National BPP, Berkeley, California. DOUGLAS stated that from the years 1967 to 1969, approximately 20 BPP leaders all over the country have been imprisoned under false charges.

DOUGLAS stated that "the frame-up in Cleveland, Ohio and the double-cross by STOKELY CARMICHAEL has caused the BPP undue problems".

DOUGLAS further stated, "that the FBI has set up phoney chapters of the BPP across the country in order to infiltrate the BPP". DOUGLAS stated that "there are so many blacks completely brainwashed by Mr. Charley until we (BPP members) have to be double careful because we are fighting two fronts, the brainwashed blacks and the honky pigs".

Douglas' entire speech centered around the killing of the Black Panthers and the false imprisonment of panthers throughout the country. There was no question or answer period at the end of DOUGLAS' speech.

Members of the NCCF did not attack the police and were merely standing in front of Kresge's Department Store selling the Black Panther newspaper, where they customarily sell the newspaper. The three above NCCF members became involved with the police while the police were disbanding small groups of white demonstrators. In the process of chasing the white demonstrators, the police began beating the blacks, who are members of the NCCF, without any just cause."

ALIK Mich. A girl named JEAN (Last Name Unknown) was in contact with BPP National Headquarters at Berkeley, California, reporting that she had been expelled from the local chapter of the NCCF because she had refused to do 25 push-ups as a punishment for failing to sell tickets to HUEY NEWTON's birthday party. This individual claimed that she had come to the Detroit NCCF office on Wednesday evening, February 4, 1970, and on arrival OLIVER MC CLURE, who is also known as Malik, had told everybody who had not sold any tickets that they had to do 100 knee-bends and 25 push-ups as punishment. This individual further reported that she was not able to do the push-ups and decided to go home, and as a result of this she was expelled from the group.

ROOSEVELT "JUNE" HILLIARD, BPP Assistant Chief of Staff, was in contact with MALIK from the Berkeley, California Headquarters of the BPP and informed him that BPP Headquarters had received a letter from a sister by the name of JEAN HARDY, *Mich.* who said that she wanted to function with the new NCCF in Detroit, but had been tossed out of the Party when she walked out of a disciplinary action.

DE 157-3075

MALIK explained to HILLIARD that he had sent HARDY out with 50 tickets to sell for the HUEY NEWTON benefit and she did not sell any. HILLIARD advised MALIK that sometimes one could make things a little too hard on beginners but then he left the decision as to whether or not HARDY would be allowed back into the Party to rest on the decision of MALIK.

This program is run through donations of concerned people and the greedy businessmen that pinch selfishly a little to the program. We say that this is not enough, especially from those that thrive off the black community like leeches. All of the greedy businessmen have their factories etc. centered in the community and even most of the people that work in these sweat shops are members of the oppressed masses.

It is a beautiful sight to see our children eat in the mornings after remembering the times when our stomachs were not full, and even the teachers in the schools say that there is a great improvement in the academic skills of children that do get the breakfast. At one time there were children that passed out in class from hunger, or had to be sent home for something to eat. But our children shall be fed, and the National Committees to Combat Fascism will not let the malady of hunger keep our children down any longer. Our children are the only thing that we can call our own. To let our children suffer is to insure the people's defeat and the oppressor's victory.

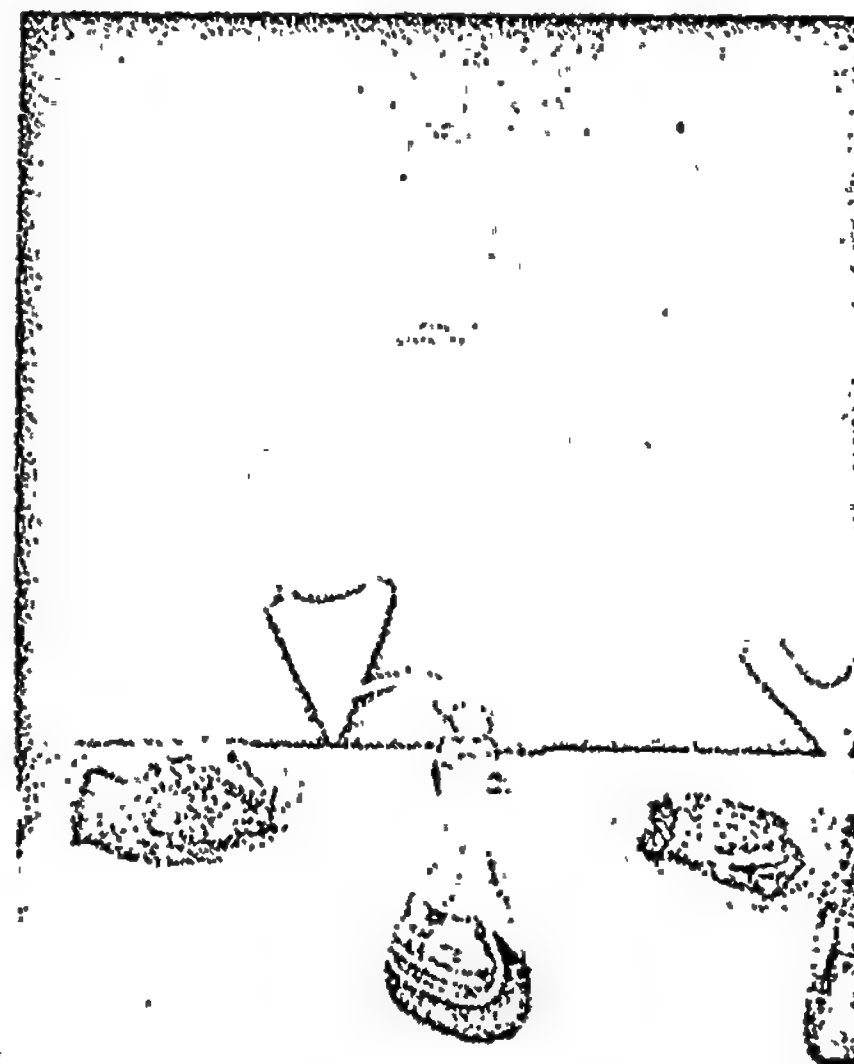

ALL POWER TO THE PEOPLE
ALL POWER TO THE YOUTH

A HEALTHY BODY BREEDS A HEALTHY MIND

Meeting the needs of the people is the main concern of the Black Panther Party and the National Committees to Combat Fascism. Toward this end we've started the FREE BREAKFAST FOR SCHOOL CHILDREN PROGRAM.

schools and the Board of Education should have implemented this program a long time ago. But it is a fact that they don't have the interests of the people at heart. So our children have gone hungry. The continuation of this hunger means the survival of greedy businessmen, lying politicians and racist, disinterested teachers. Knowing this, we cannot as oppressed people allow this to continue. We know that healthy minds and bodies are a necessity to gain an education, necessary to throw off the chains on our minds and our bodies. People in the Black Community, veterans, well are recipients, grandmothers, guardians, and others who are trying to raise children in the communities where businessmen cheat us, politicians who lie to us, and pig cops brutalize and murder us are asked to come forth to work and support this much needed program.

NATIONAL COMMITTEES TO COMBAT FASCISM

DETROIT CHAPTER 2219 INDIANDALE

FREE HUEY

HUEY!! HUEY!! HUEY!!

FREE HUEY!.. a call that has sounded from coast to coast; words that have penetrated the ears of millions of people from every walk of life. FREE HUEY!.. What does it mean to you? Huey P. Newton, Minister of Defense of the Black Panther Party, is being held at California Men's Colony.. He is a Political Prisoner; jailed for exposing to the people the true nature of this decadent society. And even behind iron bars this great man cannot be silenced, nor can his spirit be smothered under the oppressive conditions of capital detention. The Genius of Huey P. Newton rings loud along with the millions of people who know that his life is in the service of the people.

As co-founder of the Black Panther Party, Huey understood the need for mass-mobilization of all oppressed people and Black people in particular. It is necessary to have a People's Party to combat the political elements that keep Black people on the lowest socio-economic level. "The Black Panther Party" Huey states, "is a revolutionary Nationalist group and we can see a major contradiction between capitalism in this country and our own interest. We realize that this country became very rich upon slavery and that slavery is capitalism in the extreme. We have two evils to fight, capitalism and racism. We must destroy both racism and capitalism". Today racism and repression have reached an even higher level. The genocidal imperialistic war of aggression in Vietnam is not separate and disconnected from the genocidal, fascist wars of repression going on against Black People within the confines of the United States. The U.S. ruling class is the number one enemy of all oppressed peoples and to insure peace in America to All its people is to insure peace through-out the world for all the people. We know that as long as fascist wars of repression and imperialist wars of aggression are inflicted on any people anywhere there will be no peace.

Huey is not an idol to the progressive people in this nation, just as Malcolm X was not an idol; we ask conscious people to support men like Huey and Malcolm because they have set a correct example for the people to follow. We support ANYONE WHO SETS A CORRECT EXAMPLE taking into consideration the interest and needs of the people. Huey, as Malcolm did, implemented into mean DEMOCRACY. Can any common understanding person deny land, bread, housing, education, clothing, justice, and peace as being basic and fundamental needs. Of course not....then now can we allow a system to condemn such revolutionary men and women like Huey P. Newton and Bina Higgins? People who have dedicated their lives to make a better way of living for all people regardless of race, color, religion or ethnic background.

In years past, we have celebrated Huey's birthday nationally to commemorate him for his contributions to the liberation struggle. Huey was born February 17, 1942 and with the power of the people he will continue to live and educate the people so that All men may enjoy what has only been given to a few.

This year February 14th & 15th will be dates of National and International recognition. To speak out against racism and repression is not enough. To make declarations and legislations, federal inquiries and proclamations is Not enough. Now is the time to serve the people with dedication to the Struggle to be free...and remember that it is YOUR struggle too!

FREE HUEY

HUEY!! continued

Join us in Berkeley and Los Angeles California, New York, New Haven, Boston, Philadelphia, Chicago, Ann Arbor, Detroit and many other cities through-out the country. These celebrations for Huey will be educational. It will not be a joyous occasion because the brother will not be physically free to join us. Emphasis will be on raising the awareness of all people and to initiate a desire in these people to become active and change the status-quo from the silent majority to proud Americans determined to survive in DECADENT AMERKKKA.

We expect to have a tape from Eldridge Cleaver, Minister of Information of the Black Panther Party, dealing with the proposed Prisoner Of War Exchange for American GI's in Vietnam for Bobby Seale, Chairman of the Black Panther Party, and Huey P. Newton. Films will be shown along with entertainment and various community speakers.

From Here To The Furnace

Brothers and Sisters, this is our day of judgement. We must prepare ourselves or be exterminated. The furnaces are here, it is only necessary to see the glow. To sit by passively and let a bunch of plutocratic, racist madmen destroy our dedicated and courageous black brother and leader, Huey P. Newton, is a means of endorsing an infernal plot to commit genocide on people of color throughout the world.

Huey P. Newton is more than just another black man, Huey is the key that is necessary to open the gate that imprisons thousands of innocent black men who were railroaded in the same unconstitutional manner. We must understand this will not be an easy victory. This is a fight for survival, and the security of our black nation is at stake.

In order to exonerate our leader, we must dedicate more than just vocal participation, words never freed anyone. We must organize and take up where our brother left off. We must begin now to put his ideas into actuality; our every action should be channeled toward freedom for our revolutionary brother. We are at the crossroads of our struggle for freedom. If we are not victorious, not only will we lose our black liberator, but we will be looked upon as not worthy to bear the title of men.

It is imperative that we understand this. We cannot call ourselves beneficiaries of this super sensitive black man if we allow these predatory beast to gas him. We can begin to write our epitaph because we are next.

The furnaces are here, it is only necessary to see the glow.

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power, Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

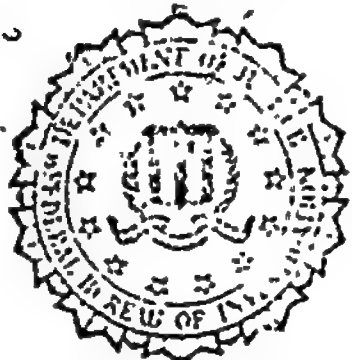

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

Re: Black Panther Party -

Rally in Honor of Huey P. Newton,
February 15, 1970,
Detroit, Michigan

The rally was sponsored by the Detroit Chapter of the NCCF in honor of the birthday of Huey P. Newton on February 15, 1970. The rally commenced at approximately 3:45 p.m. and terminated at 8:30 p.m., February 15, 1970. Approximately 300 persons were in attendance. Source 2 stated that persons who did not have advance tickets were charged \$2.50 at the door.

Source 2 stated that the theme of the rally was "From Here to the Furnace." Source 2 stated that the rally began with a person identifying himself as a member of the BPP with the showing of three films, entitled, (1) "Black Panther;" (2) "Off the Pigs;" (3) an unknown title. Source stated that these films reflected the structure of the BPP and were narrated by Huey P. Newton. The films stressed the fact of police harassment to members of the BPP. Source advised that each film lasted approximately thirty minutes and in between films a question and answer period was held.

Some of the questions asked were:

(1) What is the purpose of the BPP?

Answer: To defend and educate the blacks of the purpose and intention of the "pigs."

(2) What is the purpose of this meeting?

Answer: To raise funds to free Huey P. Newton.

(3) Where is Rap Brown?

Answer: Rap Brown has quit the BPP and no longer has any allegiance with the organization.

(4) How does the BPP feel about the black manifesto?

Answer: There are several self-appointed black leaders, however, they are not sure whether they are black or white. Rest assured that anyone who did not wish to serve all blacks and be identified with all blacks is a fake.

(5) How can one join the BPP?

Answer: The membership is closed, but if you wish to help the NCCF, we welcome you.

Source1 stated that the person who answered the above question was Larry Powell.

Source1 stated that the unidentified film that was shown was narrated by Huey P. Newton, which reflected raids by the police in New York, Connecticut, New Jersey, and Chicago. They also included the raids and killings of Malcolm X, Medgar Evers in Mississippi, Martin Luther King in Memphis, Tennessee, the innocent killing of children that were burned in the church in Alabama. The film set forth information that no arrests and not one single conviction has been made relative to the above raids.

The first speaker for the rally was Arthur Mc Phaul (a member of the Detroit Communist Party). Mc Phaul stated that he had just flown in from Chicago, Illinois, where he had attended a mass rally, however, the kind or organization involved was not mentioned. Mc Phaul stated that the Black Panthers were not alone in their fight against the establishment and that they have friends in other countries. Mc Phaul further stated that if the "pigs" continue their present pursuit against the black, America was doomed to destruction.

Source stated that most of McPhaul's speech was inaudible, and very difficult to understand.

Source 2 stated that the second speaker was Congressman John Conyers, Detroit, Michigan, who stated that he was glad to identify himself with any group that was trying to improve the plight of black Americans. Conyers stated that he is very sorry to report that the concerted effort of the Federal Government to destroy the Black Panthers and resort to the methods employed during the reconstruction day with the Ku Klux Klan and the Night Riders when they struck terror in the hearts of many black people. Conyers stated that the day is past and gone and that there are new and different black people that are dealing with the problems of today. Conyers stated that he does not believe in violence, however, he believes that the black group should unite into political and economical power. Conyers stated that if you get one, you have the other one, and advised that the black people must get started immediately to correct their deficiencies in the political and economical power.

Source 2 advised that the last speaker of the day was Robert Williams, past President of the R.N.I. Source 2 stated that Williams received a standing ovation when he began his speech.

Williams stated that he was honored and pleased to be a speaker at this rally. Williams' speech contained his plight in leaving the country and the problem he had in re-entering the United States, during 1969. Williams stated that while being out of the country, he wrote his wife and told her that he wanted to return to America and try to correct some of the fallacies which were in our country. Williams stated that the "pigs" called him a

criminal and a "smart nigger." Williams stated that Huey P. Newton is also a "smart nigger," and that everyone that wants a fair deal is considered a "smart nigger." He further stated that the "pigs" are attempting to destroy any black person who appears to have any intelligence.

Williams stated that the slogan for this rally, "From Here to the Furnace," is very appropriate for the problems that we are facing today. Williams stated that in the process of returning to the United States, he arrived in Cairo, where he was met by the United States State Department who advised him that this was not the time for him (Robert Williams) to return to the United States. Williams stated that he ignored the United States State Department's warning and purchased a ticket to England and later to Detroit, Michigan.

Williams stated that when he arrived in England, he was met by the British police and taken to their headquarters where he was searched. Williams stated that the British police informed him that the FBI had requested that the British authorities detain him. Williams told the group "Can you conceive the FBI detaining me in another country?"

Williams asked the question, "When did any Negro have the right to be claimed by the FBI or any judicial, political, state, county, or city police?"

Williams stated that finally it was resolved that he could fly to Detroit from England. However, Trans World Airlines Company in England stated that they would fly to any other country in America but Detroit. Williams stated that finally he was permitted to fly to Detroit in his personal plane owned by the Trans World Airlines, where he was met by the FBI in Detroit and taken to the Federal Building.

Williams continued the plight concerning the extradition to North Carolina and stated he was very unhappy with the proceedings.

It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power, Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

REPUBLIC OF NEW AFRICA (RNA)

A source advised in May, 1969, that the Republic of New Africa (RNA) is an all-Negro organization founded in Detroit, Michigan, in March, 1968. ROBERT F. WILLIAMS, who was then residing in Peking, China, was named as its President-In-Exile. After fleeing the United States in 1961 following the issuance of a local warrant in North Carolina on a charge of kidnaping growing out of a racial incident, WILLIAMS published and broadcast hate-type material in Cuba and China prior to his return to the United States in September, 1969.

A second source has advised that the purpose of the RNA is to establish an independent black nation within the United States, demanding the States of Alabama, Georgia, Louisiana, Mississippi, and South Carolina in addition to \$10,000 per black citizen as payment for 400 years of ancestral slave labor.

A third source advised on March 14, 1969, that an army of the RNA, known as the Black Legion, dedicated to black freedom and committed to the concept of systematic armed revolution, has been established. Black Legion members are expected to participate in military training and engage in firearms practice. The RNA plans to establish an underground Black Legion in addition to an aboveground Black Legion in order to avoid detection by the police.

According to this source, Black Legion members acting as bodyguards at a session of the Second National Convention of the RNA in Detroit, Michigan, on March 29, 1969, were involved in a shoot-out with members of the Detroit Police Department which resulted in the killing of one policeman and the critical wounding of another.

— Brothers and Sisters, this is our day of judgement. We must prepare ourselves or be exterminated. The furnaces are here, it is only necessary to see the glow. To sit by passively and let a bunch of plutocratic, racist madmen destroy our dedicated and courageous black brother and leader, Huey P. Newton, is a means of endorsing an infernal plot to commit genocide on people of color throughout the world.

— Huey P. Newton is more than just another black man, Huey is the key that is necessary to open the gate that imprisons thousands of innocent black men who were railroaded in the same unconstitutional manner. We must understand this will not be an easy victory. This is a fight for survival, and the security of our black nation is at stake.

In order to exonerate our leader, we must dedicate more than just vocal participation, words never freed anyone. We must organize and take up where our brother left off. We must begin now to put his ideas into actuality; our every action should be channeled toward freedom for our revolutionary brother. We are at the crossroads of our struggle for freedom. If we are not victorious, not only will we lose our black liberator, but we will be looked upon as not worthy to bear the title of men.

It is imperative that we understand this. We cannot call ourselves beneficiaries of this super sensitive black man if we allow these predatory beast to gas him. We can begin to write our epitaph because we are next.

The furnaces are here, it is only necessary to see the glow.

BLACK PANTHER PARTY (BPP)-
DETROIT DIVISION

SF T-16, who has furnished reliable information in the past, advised on February 6, 1970, that a girl named Jean (last name unknown) was in contact with Black Panther Party (BPP) National Headquarters at Berkeley, California, reporting that she had been expelled from the local chapter of the National Committee to Combat Fascism (NCCF) because she had refused to do 25 push-ups as a punishment for failing to sell tickets to Huey Newton's birthday party. According to the source, this individual claimed that she had come to the Detroit NCCF office on Wednesday evening, February 4, 1970, and on arrival Oliver Mc Clure, who is also known as Malik, had told everybody who had not sold any tickets that they had to do 100 knee-bends and 25 push-ups as punishment. This individual further reported that she was not able to do the push-ups and decided to go home, and as a result of this she was expelled from the group.

This source further reported on February 9, 1970, that Roosevelt "June" Hilliard, BPP Assistant Chief of Staff, was in contact with Malik from the Berkeley Headquarters of the BPP and informed him that BPP Headquarters had received a letter from a sister by the name of Jean Hardy, who said that she wanted to function with the new NCCF in Detroit, but had been tossed out of the Party when she walked out of a disciplinary action.

According to the source, Malik explained to Hilliard that he had sent Hardy out with 50 tickets to sell for the Huey Newton benefit and she did not sell any. Source said that Hilliard advised Malik that sometimes one could make things a little too hard on beginners but then he left the decision as to whether or not Hardy would be allowed back into the Party to rest on the decision of Malik.

James Pita, Norman Mc Kee, and Larry Powell were arrested by the Detroit Police Department on February 21, 1970, while selling the BPP Newspaper in front of the Kresge's Department Store. Members of the NCCF did not attack the police and were merely standing in front of Kresge's Department Store selling the Black Panther Newspaper, where they customarily sell the newspaper. The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power, Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

I. REVOLUTIONARY PROGRAMS AND POLICIES AS
EXPRESSED BY BLACK PANTHER PARTY LEADERS

A characterization of the Black Panther Party (BPP) is contained in the appendix pages attached hereto.

The following is an article by the Detroit National Committee to Combat Fascism (NCCF), organizing bureau of the BPP, which appeared in "The Black Panther" newspaper dated November 28, 1970, author unknown:.

FREE THE DETROIT 15

The judicial system is proving at every turn of events that it is impossible for Black people to receive a fair trial in Babylon. Fifteen members of the Detroit N.C.C.F. are illegally being held in the Wayne County jail. Seven brothers and eight sisters are being held on charges of murder, conspiracy to commit murder and malicious destruction of police property.

These charges stem from an incident that happened on October 24th when a nine year old youth and 2 members of the N.C.C.F. were severely beaten by the fascist pigs. The people in the community showed their contempt for the pigs by hurling bricks and bottles in their direction. In response, the pigs drew their guns and began firing into the crowd of people. An exchange of fire took place between the pigs and an unknown assailant. The results were one dead pig and one wounded pig, and a victory for the people.

Using this as an excuse the pigs raided the N.C.C.F. office. The brothers and sisters inside the office relating to Executive Mandate No. 3, defended their home in a confrontation that lasted from 6:00 p.m. to 4:00 a.m. the next morning. The pigs had alerted the national guard and they were about to enforce the McCarran Act. If the whole community would have been armed the cowardly pigs wouldn't have even come into the community brutalizing the people, the brothers and sisters would not be in jail and the people would have had an even greater victory.

As it stands now they are all being held on trumped-up charges. The sisters have ransoms of \$10,000 with 2 sureties; the bro-

thers' ransoms are \$25,000 except for one brother (Ernie) whose bail ransom is \$30,000 plus 2 sureties.

They have all been brutally beaten and constantly harassed by the dogs since they have been incarcerated. Cassandra limps, (due to a beating from the pigs). The entire left side of Linda's face is swollen from being beaten; David's face is also swollen from being beaten. Kim's right forearm was busted by a pig who slammed a cast iron door on it. And Jerome has severe burns (his face, neck, ears and right arm), from a pig trying to set him on fire.

They were arraigned in court on the 25th of October and had their preliminary hearing on the 30th of October. A preliminary hearing is held to determine if the pigs have enough evidence to prosecute the defendants.

If there isn't sufficient evidence produced then the defendant is to be released from custody. The pigs realizing that they didn't have any evidence whatsoever to continue the confinement of the brothers and sisters, decided to employ the fascist tactics of "the 17-man citizens grand jury". This grand jury has been given the authority to continue the confinement of the defendant on given word from the police department. "The 17-man citizens grand jury" was ruled unconstitutional by Genesee Circuit judge Elra H. Papp. Judge Papp ruled against the grand jury law on three counts.

The first issue deals with the provision in the law that a defense attorney cannot see grand jury testimony from a witness until after that witness has testified at the trial. Judge Papp found that

this procedure does not "adhere to the principles of a fair trial".

"Never could I effectively prosecute or defend without thorough investigation, discovery and preparation", she said.

The second issue concerns the right of an accused person to have an effective attorney.

The judge ruled that an attorney cannot be effective when he gets a copy of grand jury testimony during the trial.

"He can neither properly prepare a defense, nor can he recommend to his client that he plead guilty without knowledge of what witnesses have said against that client" Judge Papp said.

The third issue involves the denial of a preliminary examination to persons indicated by a citizens grand jury.

"Preliminary examination or at least access to the grand jury transcript before trial is vital for one accused of a crime" she said.

A preliminary examination's purpose is to determine if there is evidence to force a person to stand trial.

Judge Papp said that under the citizens grand jury law, this is done by inexperienced lay people "acting as an arm of the prosecutor".

The pigs are desperately trying to make a case. They have no evidence, since all of the original complaints and warrants have been dismissed. But the fascists are still trying to railroad these brothers and sisters on make believe trumped-up charges. This is just another example of the need for a Revolutionary People's Constitutional Convention.
DEATH TO THE FASCIST PIGS
N.C.C.F. Detroit

WAYNE THEODORE ROBERTSON, leader of the Flint, Michigan branch of the Detroit NCCF, lead a discussion at 2009 Albert, Flint, Michigan, on December 1, 1970, during which the following items were discussed:

Tactics to eliminate the foot patrolman in the black community through the use of three-man squads to attack them and obtain their weapons and radios. The police are not to be killed if possible, however, this is permissible if there is no other means. The attacking of police stations and knocking out power facilities was also discussed as a future tactic.

DE T-24

II. ACTS IN FURTHERANCE OF REVOLUTIONARY
PROGRAMS AND POLICIES

On December 2, 1970, Detective WILLIAM HENNAHAN, Security Section, Intelligence Division, Detroit Police Department, advised that he was contacted by the Detroit Edison Electric Company, and advised that a crew from the electric company went out to check the meter at 611 Continental, Detroit, an NCCF office, which is on the rear of the house, since a request for service had not been received, and found that the meter had been jumped. They were going to disconnect the electricity at the meter but were chased away by occupants of the house. The electric company is not going to cut the wire at the pole as they consider it too dangerous and are going to let the NCCF have the electricity.

The Flint Chapter of the Detroit NCCF has begun work on fortifying the house at 2009 Albert, Flint, Michigan, by placing plywood a few inches from the wall, which they then plan to fill with sand.

also known as
Black Panther Party for Self Defense

According to the official newspaper of the BPP, the BPP was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY G. SEALE, BPP Chairman, and HUEY P. NEWTON, Minister of Defense, BPP.

The official newspaper, called "The Black Panther," regularly states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 7, 1968, had an article by the then Minister of Education, GEORGE MURRAY. This article ended with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolutionary culture. Change. Freedom everywhere. Dynamite! Black power. Use the gun. Kill the pigs everywhere."

The BPP newspaper, issue of October 5, 1968, had an article introduced with the following statement: "We will not dissent from American government. We will overthrow it."

DAVID HILLIARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 15, 1969, said "We will kill Richard Nixon."

DAVID HILLIARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "We advocate the very direct overthrow of the government by way of force and violence."

In the issue of April 25, 1970, the BPP newspaper had an article by Minister of Culture EMORY DOUGLAS as follows:

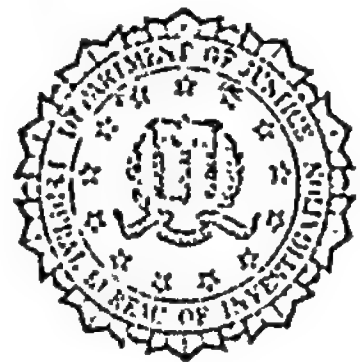

"The only way to make this racist US government administer justice to the people it is oppressing, is...by taking up arms against this government, killing the officials, until the reactionary forces...are dead and those that are left turn their weapons on their superiors, thereby passing revolutionary judgement against the number one enemy of all mankind, the racist US government."

The BPP Headquarters is located at 1046 Peralta Street, Oakland, California. Branches of the BPP, and Committees to Combat Fascism, under control of the BPP, have been established in various locations in the USA.

The Association of Black Students, Oakland University, Rochester, Michigan, sponsored a rally in support of the Detroit 16 on November 16, 1970, featuring HUEY P. NEWTON.

HUEY P. NEWTON is the Minister of Defense, BPP.

The main theme of the speech given by HUEY P. NEWTON on November 16, 1970, at Oakland University, was that all poor blacks and poor whites, the working classes, the oppressed of the world, must all join forces as a united body against the "ruling circle" in the United States. NEWTON repeatedly referred to this "ruling circle" throughout his entire speech and apparently interpreted this "ruling circle" as those leaders of Government and industry, the imperialists or those who are rich in this society. NEWTON wanted equality for everyone with no one being superior to his fellow man. He indicated the Negro is a class brother with the poor whites and they must join in their effort to overcome the "ruling circle."

NEWTON stated, "The Black Panther Party is the vanguard of the revolution on a world-wide level because the world is really one community and we've taken Marxist-Leninist to a greater level and, therefore, we are the greatest Marxist-Leninists that ever lived, and we say this not to be arrogant because some times I wish that someone else would carry that banner because the way is narrow and the burden is heavy."

In conclusion, the speech by NEWTON was a rambling, many times incoherent Marxist-Leninist influenced, low-key revolutionary type speech which attempted to show a connection between the BPP and the League of Revolutionary Black Workers (LRBW), as well as a unity between the BPP and all oppressed persons of the world.

A characterization of the LRBW is contained in the appendix pages attached hereto.

His speech called for the release of the Detroit 16, freedom for ANGELA DAVIS, BOBBY SEALE, and all the oppressed brothers and for the ultimate overthrow of the pigs.

The speech appeared to be rather poorly organized and NEWTON was easily diverted from the main topics which he seemed to be pursuing. The speech had very few references to any actual radical action or violent confrontation.

The Black Student Union, University of Michigan, Ann Arbor, Michigan, sponsored a rally in support of the Detroit 16 on November 17, 1970, featuring HUEY NEWTON.

NEWTON stated that the working class will be the ones to carry out the "revolution" and carry the "revolution banner" and will most likely initiate the creation of the new order. Throughout his speech, NEWTON talked about the new order which will occur when the world is taken over by Communism. Throughout the speech, NEWTON refers to capitalism stating that while it has caused many problems, it has also laid the foundation for Communism. He stated that the wealthy are the ruling circle and named ROCKEFELLER and FORD as being in this circle. NEWTON stated that they offered troops to the Vietnamese people, however, did not get a definite answer on their proposal.

DE T-20

November 17, 1970

The Black Liberation Front International, Michigan State University, East Lansing, Michigan, sponsored a rally in support of the Detroit 16 on November 17, 1970, featuring HUEY NEWTON.

The speech given by NEWTON was scheduled for 10:00 a.m., in the auditorium at Michigan State University. The doors were open prior to 10:00 a.m., and persons admitted after a thorough search, for a fee of \$2.00, except Negro females, who were charged 25 cents. Those persons attending the speech were advised that they were not allowed to leave, applaud, or stand during the speech, and that anyone leaving could not return. NEWTON arrived at approximately 11:30 a.m., and spoke on Marxist-Leninist theories placing particular emphasis on the Russian Revolution and its relationship to the BPP. The body of the speech was concluded at 1:45 p.m. At approximately 1:00 p.m., most of the audience had left because they were unable to understand NEWTON and were getting fed up with the treatment they were receiving. After

a question and answer session, NEWTON finished speaking at 2:30 p.m.

DE T-25

November 17, 1970

On Sunday, November 15, 1970, a meeting of the National Committee to Combat Fascism (NCCF), organizing bureau for the BPP, was held at 2009 Albert, Flint, Michigan, at which WAYNE THEODORE ROBERTSON was in charge. Everyone present was asked if they had a weapon and those that did not were told to get one and that it was no big problem to obtain weapons as all they would have to do is kill some "pigs" and take their weapons and equipment. ROBERTSON emphasized that Flint was overdue in the killing of police officers and also commented that if you owned a gun, there would never be an excuse for being arrested for carrying a concealed weapon as Flint Police Officers worked only two men to a car and the officers should be killed if confronted. It was also mentioned that they would attempt to get a black policeman to become an informer for the NCCF.

II. ACTS IN FURTHERANCE OF REVOLUTIONARY PROGRAMS AND POLICIES

The Detroit NCCF sponsored a rally at the Malcolm X Community Center, Inkster, Michigan, at 7:00 p.m., on October 30, 1970, to raise funds for the defense of the Detroit 15. About 50 people attended and approximately \$200.00 worth of papers, buttons, and literature were sold. Speakers from the NCCF talked about the police coming into the community stating that the community should defend itself.

The NCCF also sponsored a rally at the Northside Family Center, 150 Belmont, Detroit, on November 1, 1970, at 7:30 p.m., and NCCF speakers again talked about the police coming into the community and stating that the community should defend itself.

DE T-1

November 2, 1970

RONNIE IRWIN, Detroit NCCF, at a rock concert to raise money for the NCCF Defense Fund on November 10, 1970, Wayne State University, Student Center Building, made a speech regarding the shooting of the Detroit Police Officers on October 24, 1970, and stated that the white radicals should support the Detroit 16. He stated that the "pigs" came down on the community and the NCCF responded, and that if community leaders had not interceded, the NCCF members would have been killed.

DE T-1

November 11, 1970

The Detroit NCCF has opened a new branch at 2009 Albert, Flint, Michigan, which is to be used as headquarters and the branch will be headed by WAYNE THEODORE ROBERTSON. A number of individuals at Flint have been selling the BPP newspaper in order to produce funds to help establish the local branch. A general meeting and political education class is to be held on November 15, 1970.

DE T-26

November 12, 1970

On November 18, 1970, members of the Flint branch of the Detroit NCCF, nailed 2 x 4s around the down stairs windows as a framework for some heavy screen or fence which they plan to stretch across the windows. WAYNE THEODORE ROBERTSON ordered that sand should be brought in to bullet proof the walls by using plywood sheets to box in an area approximately three feet from the outer walls of the house both upstairs and downstairs and then filling the area with sand. They also feel that heavy screening on the windows will prevent tear gas from being thrown or shot through the windows. A sign "National Committee to Combat Fascism" has been placed in front of 2009 Albert, Flint, Michigan.

A discussion was held as to the obtaining of gas masks, water canteens, and a fire extinguisher.

A political education class was held on November 15, 1970, at the NCCF, 12845 14th Street, Detroit, Michigan. "The Black Panther" newspaper was used as a source of discussion

and the topics used concerned the "Battlefield in Cairo."

On November 1, 1970, DE T-3 furnished a copy
of a leaflet entitled "Police Attack Detroit Panthers."

"The racist dog policeman must withdraw immediately from our communities, cease their wanton murder and brutality and torture of Black people, or face the wrath of the armed people."

On Saturday, October 24, the Second Precinct Police Station led an assault on the new quarters of the Detroit chapter of the National Committee to Combat Fascism, (NCCF).

The attack began about 5:00 P.M. when the Police officers accosted NCCF members selling Black Panther Newspaper near Myrtle and 14th Street. The Siege continued until about 10 A.M. Sunday morning, when Police arrested fifteen Black youth who were in the NCCF headquarters, under the watchful eyes, and some not so watchful eyes, of citizens of the community. Eight of those arrested were white.

ONE POLICE ATTACKER WAS KILLED AND TWO OTHERS WOUNDED IN THE POLICE SIEGE ON THE NCCF HEADQUARTERS. NO ONE INSIDE THE NCCF HEADQUARTERS WAS HURT DURING THE SIEGE, EVEN THOUGH THE POLICE USED ALL KINDS OF "OVER-KILL" WEAPONS AND CHEMICAL WARFARE AGENTS. DURING THE ASSAULT ON THE COMMUNITY AROUND MYRTLE AND 16th ST.

"THE TIME WHEN PEOPLE CAN SIT BACK AND VIEW PROCESSES OF INJUSTICE AND INEQUALITY HAS COME TO AN END"

People were forced out of their homes at point and were prevented free passage through their own Community. The Police over, with armed force, the Myrtle and 16th Community, and People came to understand that the only way to regain the control of their Community and their lives was to develop a Force greater than that of the Police and the other agencies who were supposed to assist the Police—the State Police, the Justice Department, and the National Guard were all on alert and had observers during the Siege.

The response of the Fascist Police was to harass, intimidate, and arrest the concerned people who represented the entire Community. At least five people were arrested and numerous persons were harassed and brutalized and all were intimidated by the threat of "mass murder" and the realization of their lack of security and control over what happened in their own communities.

During the assault and siege, crowds of community people gathered to give symbolic support to the Black youth inside the house under attack. The People were there to show that the Community disagreed with the actions of the supposed "Protectors of Liberty".

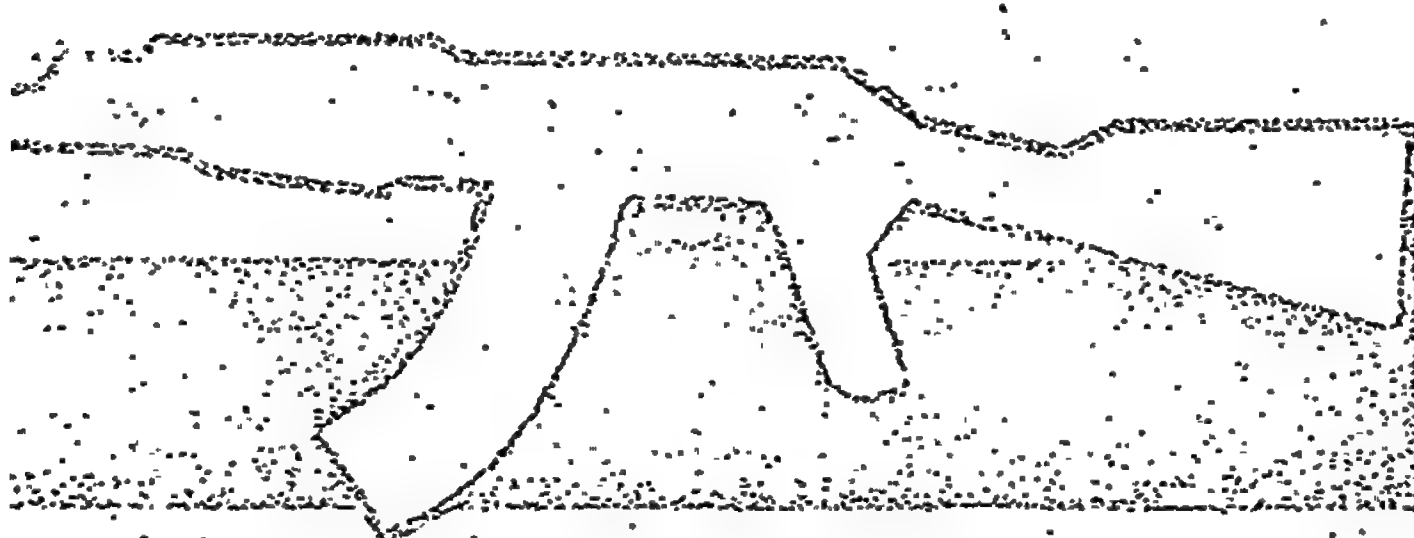

WHEN THE POLICE BEGAN TO ATTACK THE CROWD THE PEOPLE BECAME A FRIGHTENED MOB AND THE ATTACKING POLICE WERE ABLE TO DISPERSE THE CROWD WITH NO RESISTANCE FROM THE PEOPLE THAT HAD GATHERED TO SUPPORT THE YOUTH IN THE HEADQUARTERS ON 16th STREET.

The Crowd was unorganized and had no way to make the armed Police respond to their wishes. THE POLICE SIEGE AND WITHDRAW FROM THE COMMUNITY.

FREE TIME

Fifteen members of the local National Committee to Combat Fascism, the organizing bureau of the Black Panther Party, are in jail. Each of them has been charged with first degree murder and conspiracy to commit murder.

They were in or near the N.C.C.F. office on Saturday evening, October 24, when two pigs beat two black youths who were selling the Black Panther Newspaper. The people in the community responded by defending the two brothers, and when more pigs came on the scene with their guns out and shooting, the people again defended themselves, leaving one pig dead and another wounded. A whole army of officers converged upon the N.C.C.F. office, and finally, after about eight hours, the 15 sisters and brothers inside surrendered.

Who Are The Black Panthers?

The 10 point program of the Black Panthers Party begins "We want our freedom. We want power to determine the destiny of our black community." The Black people in America were brought here from their native land as slaves, and ever since they have been kept on the lowest level of American society. They are a community of people with their own history, economic life, and culture. Yet they've never had political power over their own community. The Black Panther Party is formed to fight for this political power.

But the founders of the Black Panther Party, led by Huey P. Newton, knew that they had to have more than their goals. They had to understand how they were going to achieve them. Huey's answer was "Serve the People" and "Pick up the gun." The Black Panthers realized that the people can be liberated only by their own efforts, and that the Panthers had to reach out to their community, find out its needs, and respond to them. And they realized that "political power grows out of the barrel of a gun," that the people in the black community were being mowed down by the police and had to defend themselves, and that political power over their community would never leave the hands of the rich and enter their own hands unless they combatted the police--the army of the rich.

Huey first put his understanding of serving the people and picking up the gun into practice when he and Bobby Seale went out one night with a hammer and a shot gun to put up a stop sign that was badly needed by the community. Bobby stood guard with the shot gun while Huey hammered in the sign. Later, the Panthers started many health clinics, breakfast for children programs, and other community services.

Because of what the Panthers want for their people, because they are going about getting it, and because the community is beginning to look towards them for leadership, their enemy is scared. So scared that they have started a nation wide campaign to destroy the Panthers. Fred Hampton was murdered in Chicago while he slept, Bobby Hutton was murdered in Oakland, Calif. as he walked out of a house with his hands up, both by police officers that still remain free. Black Panther and N.C.C.F. offices all across the nation (L.A., New Orleans, Toledo, Philadelphia) have been attacked and ransacked by police officers. And now Detroit joins the list, just as the N.C.C.F. here was beginning to start a free community health clinic and to gain the support of the community.

But the Panthers continue to grow and sink deeper and deeper roots among the people. And all of us poor and working people, black and white, should be glad, should defend the Panthers and help them grow. For the Panthers are fighting the enemy of all poor and working people: the rich (e.g. the owners of GM) who run this country and control not only the black community but all of our communities, schools and factories. Huey says "We don't hate white people; we hate the oppressor." And so do we. We say right on Huey P. Newton. Power to the Black Panther Party! Power to the People! Free the Detroit 15!

The Palestinian Revolution

Message from The Palestine
National Liberation Movement
(Fateh)

to the 17th Annual Convention
of Arab Students in the
United States and Canada
held in Ann Arbor, Michigan
August 26-31, 1968

It is indeed an honor to address this Seventeenth Convention of the Organization of Arab Students in the United States and Canada. I wish to thank the Organization for its kind invitation to Fatah to address this conference which represents a cornerstone of active Arab thought vis-a-vis the Palestinian Revolution. It is evident from the delegates, the professors, and the guests, that we are concerned here not with rhetoric but with conscious analysis, planning, and understanding of the importance of the Palestinian Revolution and its far-reaching impact upon the Palestinian people, the Arab nation, the world's conscience and all humanistic values.

As you no doubt know, the Palestinian people have not ceased to struggle against their oppressors ever since they first realized that world colonialism and expansionist Zionist settler colonialism were conspiring to rob them of their Palestinian homeland. To Zionists, this was the first step toward seizure and control of the Arab nation's resources which will effectively hinder its economic development and cultural progress.

As you also know, the Palestinian people subsequent to the 1948 catastrophe have been subjected to severe constraints, as well as destitution, poverty, dispersion, and persecution. It is indeed amazing that this treatment has not led to the loss of the Palestinian people's identity, destruction of their will, and their total dispersion, as was originally intended. The Palestinians' genuine revolutionary will, their clear understanding that they are part of the Arab nation and that their struggle against Zionism is in reality the Arab nation's struggle, their ultimate victory, and their mature understanding of the moral and human imperatives for the liberation of their homeland are all various elements combined

to thwart their opponent's well-laid plans. The Palestinian people withstood all pressures and continued to resist by different means. Finally, they stood to take once again the full responsibility for their own destiny, especially after the continuous failure of the Arab governments became blatantly evident.

The beginning of 1965 signaled the end of dependency and asserted the Palestinians' right to take command of their own struggle. Hence the Palestinian people formed the general framework of the Revolution according to the following principles:

1. All action must be guided by a free and independent Palestinian will in thought, words, and deed.
2. Protecting the Revolution from any influence or interference from any Arab government and avoiding involvement in the internal affairs of the Arab governments.
3. Considering the struggle for the liberation of Palestine a phase of national struggle and hence must absorb all strata and all segments of the Palestinian society, asserting that the "liberation of Palestine is the road to unity."
4. Fusing the Palestinian people and the revolutionary vanguards through armed struggle.
5. Fusing the Palestinian people with the Arab masses through the armed revolution, for the Palestinian Revolution is Palestinian in inception, Arab in depth, and national in goals and objectives.
6. Setting the liberation of Palestine over all other Arab issues.

7. Mobilizing the channeling forces in the Arab world toward the Palestinian Revolution.
8. Rejecting the principle of conventional warfare due to the international imperialist circumstances which protect the Zionist forces in our occupied Palestine and due to the contradictions in the Arab countries which resulted in a passive atmosphere and led to continuous failure regarding the Palestinian question, thus enabling the enemy to grow and prepare for its next expansionist battle.
9. Adopting "armed struggle" as the only means for the liberation of Palestine and "people's war" as the only method for action.
10. Adopting the concept of "national security of the Arab nation" instead of "divided regional security" which parcels responsibilities and loads its proponents into a morass of cost-benefit accounting.
11. Rejecting any international patronage which is inevitably allied to the interest of colonialism and Zionist influence.

This persistent insistence of the Palestinian people to revolt, their conscious rebellion against any and all attempts to impose upon them external limitations or solutions, and their rejection of resettlement or compensation plans would have been impossible were there not material, national, moral, and human imperatives far stronger than those external forces.

The material imperative is clearly demonstrated in the loss of their homeland and the attack on all their rights for livelihood. This also includes the Arab people who live under the constant threat of

ZH:55129 DocId:32989568 Page 282

the Zionist presence which caused and still causes tremendous dislocation in the social and political fibers of the Arab world. The result of this has been the continuing backwardness of the Arab people and will be their ultimate destruction.

From this point, the national imperative for the Palestinian Revolution becomes apparent, for in the process of liberating Palestine, the Revolution will also destroy that ever-present expansionist Zionist threat to the Arab people. By so doing, it also destroys the most important stronghold for world colonialism in the Arab land. Such development would open the way for the Arab nation to assert its cultural presence, material progress, and would allow it to cooperate with the other nations of the world to realize peace.

The moral imperative of the Palestinian Revolution finds concrete expression in the people's rejection of the injustices heaped upon them, the aggressions committed against their national and human rights and in their rejection of all forms of oppression and injustice. This is what gives the Palestinian Revolution its humanitarian foundation and goals since it is a struggle against world Zionism whose foremost base is occupied Palestine.

Why?

- because Zionism is a movement of an aggressive and racist nature, employing neo-Nazi fascist means to achieve its expansionist settlement aims.
- because a Zionist victory in Palestine deprives all previous liberation movements their human content.

Hence it follows:

1. The Palestinian Revolution does not aim at annihilating the Jews, for such an act is based on racism, against which the revolution is struggling. Furthermore, the Arab

people, of whom the Palestinians are an integral part, have not known racism throughout their long history.

2. Likewise, the Palestinian Revolution is not an anti-semitic movement, for "anti-semitism" is a Western concept alien to the Arab past.
3. The Palestinian Revolution aims at destroying the Zionist structure in Palestine as represented by the political entity of the State of Israel. It has been pseudo-legitimized by so-called international recognition which ignored the will of the Palestinian people, their right to self-determination and to sovereignty on their Palestinian soil.
4. The Palestinian Revolution aims at regaining the lost rights of the Palestinian people. After the liberation of our homeland, we shall live with those who will live with us according to our inherent belief in the principles of equality, justice, and humanity.

The Palestinian people hate war as much as any other people, but the continued presence of Zionism on our land and the continued political existence of Israel on our country impose war on us because the story of Zionism does not mean peace. It means continuous oppression and danger. Likewise, it encourages all racist movements and ideologies to fight viciously against truth and justice. This leads to nothing but war. Therefore, it is imperative that we fight, and fight until victory. This is a just struggle for the welfare of justice and true peace.

The Zionist movement today is a new form of racism; in other words, opposing it and fighting it is a human duty, for the struggle is merely an extension of the world's struggle against Nazism and

the continuation of the long chain of human struggle against forces of oppression, injustice, and racism. The destruction of Zionism, of the political entity of Israel, is essential; otherwise, all those who gave their lives in World War II and in all wars of liberation throughout history will have died in vain, will have been robbed of their imperatives and values that motivated these sacrifices.

Brothers: In spite of their dispersion and destitution, the Palestinian people stand today through their Revolution as the front line of defense of their rights, the Arab nation's right, and the rights of humanity at large.

The principles of the Revolution, having been declared long before the June, 1967, war, aim at more than merely removing the effects of that aggression. The Revolution's basic principle, "Revolution till Victory," means that it is a movement aiming at the liberation of Palestine and the world from one of the most dangerous international movements threatening man's humanity, dignity, and freedom. Thus, exposing Zionism's dangers and fighting it everywhere is as important as the military struggle being waged by your brothers in the occupied areas, though obviously it is no substitute for it.

Having clarified the basic principles and the position of the Palestinian Revolution, we must now proceed to analyze the present condition of this revolution and its strength in facing the future.

The Fedayeen vanguards of the Palestinian people who began their commando activities against the enemy on January 1, 1965, were, and still are, fully aware of the difficulties that lie ahead of them on their road to revolution and freedom.

The phase through which we passed prior to June, 1967, was that of preparation for the revolution, preparation for it through steadfastness.

resistance and in a manner drowned in secrecy due to the tremendous pressures and limitations imposed upon the Palestinian people by the Arab states. These constraints and the concomitant secrecy were the two prime obstacles preventing the creation of a widespread cadres among the Palestinian people and obstructing the cohesion of the vanguards and the people. This, in turn, slowed down the growth of the Revolution, for the organic development of the movement requires a total merging of the Palestinian people with the revolutionary vanguards. They, in turn, should unite with the Arab masses, for then and only then will the Revolution come into its own as a revolution that is Palestinian in inception, Arab in depth, capable of effective action and continuous growth to meet the enemy's challenge.

After the June War, however, the Palestinian Revolution moved from preparatory stage to the actual launching of the revolutionary struggle. The June War proved the validity of the operational and theoretical foundation underlying the Palestinian armed struggle. The War turned opponents of the Revolution into supporters and to a great degree effectively silenced the doubters and the skeptics. In general, a widespread shift in the attitude of the Arabs as a whole, and the Palestinian people in particular, occurred. Some changed because of their true belief in the principles of the Revolution; others for emotional reasons. We believe, however, that continued action, continued mobilization and organization, and continued struggle will alleviate the dangers inherent in such an emotional allegiance, and reinforce a principled commitment, which leads to fusion between the Palestinian Revolution and the Arab people in a conscious organized struggle.

Therefore, the Revolution must succeed as it gradually acquires its Arab and human depth, for it is a revolution based on the masses. It aims to

alleviate the injustice that has befallen the Palestinians as the first victims of Zionism, to safeguard the Arab rights insofar as they are the ultimate goal of expansionist Zionism, and to reaffirm those human rights that the world community cherishes and that are threatened by racist movements everywhere starting with Zionism.

Brothers: Since the basic aim of the Palestinian Revolution is the liberation of Palestine, it is clear that it must mobilize, absorb, and utilize all Palestinian and Arab potentialities regardless of their social and economic status. It was therefore inevitable that we should raise the slogan of "non-interference in the internal affairs of any Arab state." This does not mean that we do not recognize the relationship of the Palestinians to the Arab people. It simply means that we consider the current phase of our struggle as one of national liberation; and, therefore, the interest of the Revolution is best served by avoiding entanglement in secondary fights and side issues. This is particularly feasible since Zionism is not opposed to any specific Arab doctrine, but rather aims at the Arab lands which it seeks to occupy, the Arab nation which it seeks to destroy, and the Arab individual whom it seeks to enslave. This only means that the Arab states are also living in a state of national struggle, for they, too, are threatened by the same danger regardless of their political orientation. This fact of paramount importance gives opposition to Zionism the primary position in any ranking of Arab problems. Furthermore, protracted armed confrontation with the Zionist enemy is certain to produce greater cohesiveness and cooperation among the Arabs and will eventually destroy many of the obstacles hitherto encountered on the path to unity.

The newly born Palestinian Revolution was conceived of the will of the Palestinian people to

face all challenges and through their belief in armed struggle as the inescapable path to freedom. Though it is still in the developing stages, it undoubtedly will reach the required level of action through continuous struggle. The remaining road is still a long one, but it befits us to pause and analyze the future prospects of the Revolution and to shed some light upon its state since the June War.

It is evident that the Revolution today is passing through a new phase in which two opposite forces are active:

First: Escalating of commando activity which has qualitatively changed the nature of the confrontation and created a new spirit of commitment and unity among the Palestinian people.

Second: The counter-revolutionary forces attempting to destroy our movement and abort our Revolution by limiting our actions and forbidding us from acting in two critical fields: confronting the enemy, which when blocked prevents our commando activity from evolving into a full-scale war of national liberation; and, interacting with the Arab masses in a revolutionary manner whose inevitable effects, the counter-revolutionary forces fear.

These two opposite orientations point directly to the responsibility of the Palestinians and the Arab citizens. They are to oppose all attempts to impede the Revolution by following clear systematic and organized action aiming at the escalation of the armed struggle to the point where all aborting attempts will be fruitless.

The catastrophe of June, 1967, has not only proven the validity of the principles and strategy of our Revolution, it also pointed out many aspects of the counter-revolutionary movements, the most evident of which are the following:

1. It is noticeable that after each catastrophe we have suffered starting with 1948 and ending with 1967, the Arab nation found itself subjected to tremendous political pressures in which the international aspect completely overshadowed the Arab aspect, in general, and the Palestinian aspect, in particular. These pressures inevitably assert the new "fait accompli" for Israel and further legitimize Israeli military gains by giving them international sanctions and protection. The pressures following the June War, however, are of a special and more dangerous nature, since they aim at completely liquidating the Palestinian issue under the guise of "political settlement" or so-called "peaceful settlement." These efforts revolve around three main points: returning to the pre-June 5th situation in exchange for ending the state of belligerency, ensuring safe frontiers for Israel along with other international guarantees, and destroying the identity of the Palestinian struggle by creating what they call a "fragile political society," or the "dummy Palestinian identity."
2. If we can say that the partition resolution of 1947 opened the dossier of Zionist usurpation of Palestine, then it is equally correct to infer that the projects for "political settlement" aim at closing that same dossier permanently. Likewise, as the 1947 partition resolution gave the Zionists a political entity upon our land, the present efforts aim at completing the past efforts by legitimizing all the demands of that entity on one hand, and putting, on the other hand, Palestinians and the Arab people in the impotent position of being unable to undertake or to justify any future action for liberation.

2

3. These dangerous prospects transcend the above-mentioned goals into a systematic psychological warfare that uses the military debacle to create a feeling of impotence among the Arab vis-a-vis Israeli military superiority and hence to entrench even further the fear of Israeli expansionism. From here, it is but a short step, after imposing the peace settlement, to justify ending the period of armed resistance against the Israeli aggression which, in turn, would pave the way for striking at the Palestinian resistance movement and embroil it in secondary disputes that would weaken it and divert it from its well-marked course of action against Zionist occupation.

Brothers: The Palestinian Revolution rejects all such proposals and rationalizations, for in reality it is but a new way of presenting an unconditional surrender leading to the eventual destruction of the Palestinian people. None of these efforts acknowledges the basic premise of the Israeli political entity. This is the basic strategic foundation upon which the Palestinian Revolution is based and for which it strives under its slogan "Revolution until Victory." For this reason, armed struggle must be escalated to a degree that will paralyze the forces opposing the Revolution.

The current phase of the Revolution is the most critical one in spite of the victories we have so far achieved. It is imperative that we confront all these counter-revolutionary attempts and stand fast by the Revolution, protecting it from the internal Arab contradictions and partisan fights, allowing it to concentrate on its main task and to avoid secondary struggle. It is our duty to exert our utmost pressure on the Arab governments and the political parties to support the Revolution instead

of competing with it or attempting to contain it under the pretexts of its "Arab nature" or of "increasing its effectiveness."

Actually, increasing the effectiveness of the Revolution occurs in two main fields:

1. In the Palestinian realm, which includes the Palestinian people and the armed struggle in the occupied areas;
2. In the Arab realm, which includes the Arab people, land, and government.

The Palestinian Revolution needs both the Palestinian people and the Arab people.

The Revolution, likewise, needs the Arab land as well as Palestine.

Training must occur on Arab soil. Movement of armaments and supplies must pass through Arab land. Storage of arms and supplies must be in Arab land. Financial support comes from the Arab people. Information and news must go through Arab channels.

The mobilization and organization of the Palestinian people must be accomplished in Arab land where they are located.

All this means that the Revolution is affected in one way or another by Arab conditions and Arab power structures. This highlights the extent of the effort to be expended in the Arab countries in order to harness all the potential in support of the Revolution.

Now comes the role of the Arab citizen.

Now comes the role of the Arab organizations.

Now comes the role of the Arab political parties.

Now comes the role of the Arab governments.
Now comes the role of whoever grasps the future implications of the Palestinian Revolution, its needs, and demands within the Arab realm.

The tremendous amount of Arab administrative, intellectual, and executive efforts required by the Palestinian Revolution are now clear..... It is also clear that at the present the duty of the Arab people is to direct their efforts within the Arab realm to serve the Revolution; solidify it; aid it; fulfill its moral, financial, and material needs.....

This needed work in the Arab realm must be carried out with complete dedication based on absolute conviction that one's duty is to support and to strengthen the Revolution, not to compete with it by creating new organizations, then calling for their unification on the pretext that "unity is preferable to division." One should protect the Revolution by not creating differences within it and then ask for their resolution on the grounds that "such differences weaken the Revolution."

Brothers: It is necessary to believe in the need for strengthening the power of the Revolution as a Palestinian national movement, not to weaken it by introducing into it internal Arab contradictions, be they regional, political, or ideological.

If they accept this concept of the Revolution, the Arab citizen, the Arab political party, and the Arab government can participate in the Revolution just as much as the Palestinian. In fact, their participation, emanating from such a clear understanding, is critical to the ultimate success of the Revolution. For only then would all the requirements and needs mentioned above be adequately met.

Brothers: These are the basic tenets of the Palestinian Revolution, the validity of which has been unquestionably confirmed by the actual active experience of the last four years. We must in all honesty work to make this Revolution more and more successful until victory is attained. This is all the more important since the "honeymoon period" we are experiencing with some Arab governments may come to an abrupt end in the near future, and this means that the future holds possibilities and dangers that can only be met by adopting the concepts and strategies we have just discussed.....

Brothers: Your responsibility here is not less than that of your brothers who bear arms on the field of battle in the occupied land. The Revolution is a complexity of complementary efforts needing intellect, specialization, organization, funds, and military capabilities, each in its own place, within a general framework emanating from a clear vision of objectives and a clear understanding of the underlying tenets and realities.

You bear a responsibility that your brothers back home cannot bear and vice versa. Through this basic complementary work, we must proceed to our victory through our Revolution: Victory for the Arab nation; victory for humanity.

ADDRESS BY THE AL-FATEH DELEGATION TO THE
SECOND INTERNATIONAL CONFERENCE IN SUPPORT
OF THE ARAB PEOPLES

Cairo, January 1969

Friends,

In the name of the people of Palestine, in the name of the Palestinian Revolution, in the name of Justice and Peace for which we fight, we thank you for your concern and the concern of your people in Justice and Peace in our part of the world.

We are very happy to have the opportunity to meet with you, because you represent people who fought for peace based on justice.

We can see among you people who fought the Nazi invasion and the fascist terror in Europe.

We also find among you people who fought, and are still fighting, imperialism and colonialism and racial discrimination in Africa, Asia and Latin America.

We honestly feel that we stand among friends and comrades who believe in the right of every people to self-determination and its right to enjoy liberty on its own land, free of oppression and discrimination.

* * *

Our people were deprived of their rights to self-determination and to the enjoyment of life on their own land without oppression. This was the result of a serious racist aggression carried out by an imperialist organisation: Zionism.

The aggression of the 5th of June is one manifestation of this basic aggression that had its roots in the 19th century, and whose culmination was the establishment of the State of Israel in 1948. The major victim of this aggression was the Arab Palestinian people who were forced to evacuate their homes and land under a reign of terror and oppression.

We therefore refuse to consider the 1967 aggression as a

separate and distinct phenomenon, and we refuse to accept any resolution focussed on the results of the last aggression without considering the source of the aggression itself.

The Resolution of the Security Council, November 22nd 1967, and all further proposals explaining or modifying it, are inadequate and irrelevant from our point of view, and therefore are totally and categorically unacceptable to us.

All such proposals skirt the real issue and avoid its core, namely: the right of the Palestinians to liberate their country, to enjoy their land and homes, and to have the right to decide how they want to run it.

We, the people of Palestine, are carrying on an armed revolution in order to re-establish peace with justice in the Holy Land.

* * *

We would like you to consider the magnitude of our problem. For we are facing a Zionist structure that had its roots in 19th century Europe, at the heart of the imperialist movement. Zionism is one of the most oppressive and aggressive forms of imperialism, one that has as its major goal the total uprooting of one people from a country to replace them by another.

The roots of the aggression lie in the Zionist ideology itself, with its belief in the need to bring a select, chosen people without a land, to a land that is to be evacuated by its inferior people.

The methods used to accomplish this objective are terror, oppression and deceit.

Let me quote one of the original Jewish pioneers in Palestine, Nathan Chofshi, who wrote to the editor of the *Jewish Newsletter* in February 1959:

"If you really wanted to know what happened, we old Jewish settlers in Palestine who witnessed the fight could tell you how and in what manner we Jews forced the Arabs to leave cities and villages... Some of them were driven out by force of arms; others were made to leave by deceit, lying and false promises. It is enough to cite the cities of Jaffa, Lydda, Ramleh, Beer Sheva, and many from among numerous others." Nathan Chofshi continued: "These are the people who lived on its own land for 1,300 years. It is now turned into tragic refugees. And we have come to slander and malign them to besmirch their

name. Instead of being deeply ashamed of what we did and of trying to undo some of the evil we committed, by helping these unfortunate refugees, we justify our terrible acts and even attempt to glorify them."

Professor Erich Fromm, the noted Jewish writer and thinker, had this to add: "It is often said that the Arabs fled, that they left the country voluntarily, and that they therefore bear the responsibility for losing their property and their land. But, in general international law, the principle holds true that no citizen loses his property or his rights of citizenship, and the citizenship right is a de facto right to which the Arabs in Palestine have much more legitimacy than the Jews. Just because the Arabs fled?" Professor Fromm asks. "Since when is that punishable by confiscation of property and by being barred from returning to the land on which a people's forefathers have lived for generations? The claim of the Jews to the land of Israel cannot be a realistic political claim. If all nations would suddenly claim territories in which their forefathers have lived two thousand years ago this world would be a madhouse."

* * *

The Zionists went ahead coldbloodedly with their sinister scheme to vacate Palestine of its people, by the use of terror, massacres and frightening rumors.

Arthur Koestler, the pro-Zionist author, described what happened at Deir Yassin on April 9th, 1948, as the "blood bath that was the psychologically decisive factor in the Arabs' spectacular exodus."

On that day, the Zionist terrorist organization Irgun Zvei Leumi killed 250 men, women and children. After 1948 there were other mass killings in occupied Palestine, e.g. Ikrit (1951), Al Tira (1953), Abu Ghosh (1953), Kafr Kassem (1956), etc., as part of the systematic Zionist plan for the complete evacuation of the Palestinians, to be replaced by Jewish settlers from all over the world.

These were the conditions that forced the Palestinians to leave their homeland.

The Zionists did not come to a country without people. There lived in Palestine a people with a civilization. They reacted to the

onist challenge by education, economic and human mobilization, and competed with the Zionists in the fields of management, science and technology.

With all their efforts, by 1947 the Zionists had only been able to acquire 5.6% of the total area of Palestine. However, the 1947 U.N. resolution for partition allowed them 56% of Palestine, and by terror and aggression they went on to occupy 80% in 1948. Today, after the June 5 1967 aggression, the rest of our Palestine is occupied, as well as Sinai and the Golan Heights.

* * *

For twenty years, the Palestinians were the victims of world procrastination. While many resolutions were passed in the United Nations, the Israelis continued to occupy more and more territory while the world remained indifferent. Under such conditions, the only alternative left to the Palestinians was armed revolution.

I am sure that the facts of the case are very clear to you. You can visualize the conditions under which our people have suffered. For twenty years most of the Palestinians have lived in a diaspora of shabby tents, misery and the humiliation of a meager dole. In this schizophrenic world of the rights of Africans, Asians and Polynesians were recognized and espoused, while Palestinian rights were disavowed and forgotten. Not even the tragedy of the heroic Angolans, South Africans and Zimbabweans equalled theirs. For, alone among these oppressed people, the Palestinians were totally uprooted from their land and completely denied the right to live on it and enjoy its fruits.

Our people have risen to arms because all other means have been exhausted. We refuse to accept misery and diaspora as our fate, and we refuse charity and compromise as solutions to our problem. We shall overcome: through a long-term liberation revolution to destroy the bases of colonialist aggression that frustrate the exercise of our inalienable rights, and to bring an end to the racist militarist regime that oppresses our people. We will fight so that peace with justice is restored to our land.

operations at the beginning of the war. With old

rusty weapons and against heavy odds, our youth embarked on the revolution with all the determination and persistence of a long-oppressed people. Now as we embark on our fifth year of struggle, the fruits of our sacrifices are beginning to show. The Palestine Liberation Movement has succeeded in awakening our people, in rekindling its hope for a better future with dignity and respect in our own land. We are forcing the enemies of peace to admit their failure to extinguish our revolution, we are winning battles, and we are starting to shape our destiny. We are not swayed by emotional appeals, we are not seekers of revenge, we are not bloodthirsty terrorists. We are freedom fighters with clear and mature goals. We are fighting today to create the new Palestine of tomorrow: A progressive, democratic, secular Palestine in which Christian, Moslem and Jew will worship, work, live peacefully and enjoy equal rights. This is no utopian dream or false promise, for we have always lived in peace, Moslems, Christians and Jews in the Holy Land. The Palestinian Arabs gave a refuge, a warm shelter and a helping hand to Jews fleeing persecution in Christian Europe and to the Armenians fleeing persecution in Moslem Turkey, as well as to Greeks, Circassians and Maltese among others.

Our Palestinian revolution still stretches its welcoming hand to all human beings who want to fight for, and live in, a democratic, tolerant Palestine, irrespective of race, color or religion.

During the last four years, some 500 of our people have given their lives on the battlefield. During the same period many more than that have died in refugee camps from bitter cold, poor nourishment and disease.

We are here to assert to you, and to ask you to confirm to your people, that our people will not lay down their arms until Palestine is liberated and our rights restored. We will not accept any settlement that denies us these rights, be it the Security Council's resolution, or any other proposal or political settlement ensuing from it. We will not accept any substitute to a war of national liberation and will tenaciously hold to it regardless of sacrifices and costs. Could anybody have asked you to accept anything less than total freedom from Nazism, fascism or colonialism? We are confident the people of the world will back our struggle and will support our revolution, for it is the struggle of man to achieve the loftiest of man's values: peace and justice.

Translator's Introduction

This dialogue was conducted with "Abu-Amar" by Talal Salhan, a Lebanese journalist who visited the fedayeen bases and wrote a series of articles in al-Sayyad, a Lebanese weekly magazine. The first article, "Dialogue with Abu-Amar", appeared in al-Sayyad on January 2, 1969.

The article is an important document because it presents the ideas and thoughts of the leader of al-Fateh in a comprehensive manner. "Abu-Amar" discusses the ideas of the Movement in clear terms, and attempts to answer critics by further explaining the Movement's stand on certain ambiguous questions.

A number of important ideas are clarified in this article. First, the emergence of "Palestinian identity" as an independent force, adopting armed struggle to regain the "land" and confront the Imperialist presence. Second, Fateh's relation to Arab governments is clarified. "Abu-Amar" stresses that the movement does not interfere in the local politics of the Arab governments. It depends on popular support and on the masses for protection. Fateh seeks a certain independence and in that sense it interferes in the affairs of Arab States; by existing on their territory, by moving freely, and by exercising the right to fight for liberation of the occupied territories. Third, Fateh appears as a unifying force, since its bases exist in most Arab states and its men move freely from one state to another. Fateh, therefore, works against regionalism and promotes Arab unity in action. Fourth, the question of ideology or leftist vs. rightist controversy is clarified. "Abu-Amar" stresses that all Fateh men are of the wretched of the earth since they lack the means for existence.

cover, this is a stage of "liberation struggle," no actions are more important than words, and the efforts of all Palestinians are needed. Fatah has its orientation, however, and in terms of armed struggle against Imperialism, it is more leftist than the Soviet Union and the Arab Communist parties. Disagreement between Communist parties and Fatah exist over proposals for "peaceful settlement" of the conflict, for Fatah rejects "peaceful settlements" and believes in armed struggle as the only solution.

At this stage of Arab history, Fatah ideas are popular and represent a turning point in Arab thought. They represent the beginning of a new Arab re-awakening, an attempt at the re-definition of the Arab being in terms of armed struggle. Fatah spearheads this re-awakening, it is the vanguard of the revolution, and it leads by action in armed struggle.

Fatah is thus the antithesis of Arab "revolutionary" thought, which was limited to slogans and devoid of any action in the form of armed struggle. Fatah is action and armed struggle, and the new synthesis between action and thought will create a free and liberated Arab human being.

This article is the product of an open discussion with "Abu Amar". I hope it represents a true and comprehensive picture of his ideas, which are the ideas of the "Palestine National Liberation Movement - Fatah".

As I entered the cave, Abu Amar's voice greeted me: "Welcome." He then added, "We are in a state of alert as you know, and this makes it necessary for us to cancel many of our meetings. I am sorry for having made you wait this morning."

I shook his hand and greeted the men as I walked inside. I sat on a chair facing his small table. Abu Amar smiled as I looked at his small face: his shiny eyes, his flat nose, and the natural moustache. His clothes were simple, the same as what other fighters wore. 27

I began with, "I have a number of questions in mind, as do many people, about 'Fatah' and its ideas and operations. Much has been written and said about 'Fatah' and its ideas and operations. Much has been written and said about 'Fatah' in newspapers and magazines all over the world, and it is necessary to explain and answer."

He said quickly: "I do not understand this concern with Fatah. Everybody asks of Fatah; others criticize Fatah, and every time the accusation is different. Once we were accused of being 'Moslem Brethren', another time of being 'Chinese Communists', a third time 'Buddhists', and after June 5th it was said we were 'Nasserites'. Others, of course, insist we are a satellite of Saudi Arabia. Why? How can we be all these things at the same time? We do not find it necessary to deny these accusations because they are not true and the contradictions in them are the

proof." He continued with a smile, before I asked him a new question: "Now the situation is different. Poems of praise are written about us. Those who accused us before, now view us as heroes who have given back to this Arab nation its confidence and its hope for victory at a time when it was sunk in the shame of defeat."

I said: "Some explain the accusations against you as a result of not clarifying your ideological identity..." Abu Amar moved and said: "This is the crux of the matter. Let us first define our terms. What is meant by ideological identity? Is it to declare to people my belief in Marxism? Is this what I have to do at this stage? Everybody inquires about the social content of our movement and our revolution. Is this the time for defining the social content? Are we not, still, at a stage of national liberation? How do you expect me, then, to deprive many classes of the Palestinian people of their right to participate in the struggle for liberation?"

I said, arguing: "Let us define, at the same time, the forces we are fighting. The enemy is Israel, Zionism, and the imperialist powers that support it..."

Abu Amar interrupted me: "Usually people describe Israel as a fort guarding imperialist interests in the Arab World ... I prefer to compare Israel to the East India Company."

I then continued: "The battle then is not only against the state of Israel, but against all imperialist presence on Arab soil. Thus it is not a battle for Palestinians alone, but for all Arabs. Israel now occupies, in addition to Palestine, Egyptian and Syrian territories, and its expansionist designs include Lebanon, East Jordan, and parts of Ir

Abu Amar said: "That is true. But I am a Palestinian first, and as a Palestinian I am a refugee, homeless, without a country or a land. Is it expected of me to wait and slumber until the Arab revolution explodes? I have to struggle to regain my country. Others, too, need to struggle. The Syrian people must struggle to liberate their occupied territories, the Egyptian people must fight to regain Sinai. As for me, my battle is here, on Palestine's land and for it." I said: "But you do not exist in isolation. You move within specific conditions imposed upon you by the imperialist presence."

Abu Amar continued, as he pointed to his Soviet machine gun: "For me, as a Palestinian, I made the choice and chose to face the imperialist presence...with the gun alone I confront it." --"You are free in your choice, but you will certainly clash with the present Arab 'establishments'." ∞

Abu Amar said seriously: "Yes, the clash did, in fact, occur. Before June 5th, we were accused of aiming at involving Arab governments in a war for which they were not prepared. It was said that, as agents of CENTO, we were conspiring to embarrass the progressive governments and preparing for their overthrow. After June 5th, we were told, 'If you fire one bullet we will consider you criminals and traitors... your action now would be irresponsible, and will lead to the destruction of the Arab nation, so calm down and stop your play ... or else.'" Abu Amar smiled and went on: "If our movement was not genuine and was not expressing the consciousness and will of our people, we would be hanged in a number of Arab states for high treason." He added: "When they (the governments) saw the Israeli alarm about our Movement and the Arab popular support we received because we refused to accept defeat and surrender, they rallied to us."

He continued: "Before, the Arab governments could delay our struggle and prevent it. But the situation has changed now. We have become strong, much stronger than they think, and the source of our strength is not guns or the number of men who carry them, rather the source of our strength is the Arab people. You might ask here: 'Why, then, do we proclaim that we will not interfere in other Arabs' affairs?' This question has caused much debate and has been used against us. Let me, however, assure you: we are the ones who interfere in Arab affairs the most. We impose our presence on all Arab governments, and impose on them the fulfillment of all our demands. We get from them all we ask for. This cannot be an indication of weakness, but on the contrary. There is no necessity for a conflict with them if they support the Palestinian revolution. But if they forbid us what we need, then we will not remain silent."

Without being interrupted, he continued: "Let me give you an example from Lebanon to clarify the idea. In principle, we have no right to give an opinion about the present Lebanese regime. It is not our duty to demand or work for a change of government; that is the duty of the Lebanese people, and it is not for us, therefore, to give an opinion about internal matters, to demand the resignation of Al-Yafi's government or the appointment of this or that minister. Our only interest is that the Lebanese regime does not stand against the Resistance Movement to destroy it. Even if the regime attempts to strike against us, we would not retaliate to overthrow it. Rather we would let the Lebanese people express their will. The day the incident of Kafr Shuba occurred, Fatch men and the Al-Asifah fighters did not demonstrate to demand protection for the Resistance Movement. It was the Lebanese people who demonstrated and demanded protection for the Resistance Movement. This is also our policy. We never thought of

asking King Hussein to remove such and such minister, and appoint another. We never asked him to remove any officer or governor and such internal matters. We do, however, exercise our right for self-protection and for the continuation of our struggle."

Abu Amar continued in a serious tone: "Do you know how many martyrs we lost on 4/11/1968 (referring to the clash between the Jordanian security forces and the Resistance Movement)? We had 17 martyrs. Hundreds of innocent and unarmed civilians were also injured. If we had not been wise that day and if we had not controlled ourselves, we would have witnessed a great massacre. We informed the King of our intentions clearly. We told him that we will not interfere in his government's internal affairs, except when our own existence is threatened. What is our basic demand from Jordan at this stage? Our demands are: to exist on its territory, to move freely among Palestinians, and to have the right of dying for our land."

I asked him: "The relation between Arab governments and the Palestinian Resistance Movement could deteriorate...if a 'peaceful settlement' is reached the picture will change and the governments would attempt to liquidate the Resistance Movement. What then?"

Abu Amar answered: "That is possible, and I assure you that we are in a state of alertness, because we expect attempts at our liquidation anytime. We know that some Arab governments are using us, in their international contacts, as a trump card in their play at reaching a 'peaceful settlement'. But these governments do not know that we are now stronger than ever. We are the third largest force here... right after the Jordanian Army and the Iraqi forces in Jordan. This is our own military strength. We also derive strength from popular support here, in Jordan, and abroad. This support stems from the determination of our nation to resist defeat and to

attain victory.

I am not boasting when I say that we (Fateh) have affirmed the nation's will for victory. After June 5th, we alone moved and declared with our bullets that the war was not ended, that the Palestinian people still exist and that the Arab nation is stronger than defeat. Our revolution is the clear declaration of our will. We regard all "peaceful settlements" as surrender and nothing else. You must have heard what "Al-Asifah" Radio said about the Soviet proposal. "Al-Asifah" criticized it in strong terms, and affirmed that the Palestinian people alone determine their destiny."

I listened, engrossed, as he continued: "It is strange that we are accused of regionalism when we, in practice, have ended all divisions. We do not recognize borders. Our men move from one Arab state to another with Fateh identity cards only. We work on every Arab soil and wherever Palestinians are. We have bases in Syria, we train our forces in Iraq, Egypt and Algeria, and wherever the opportunity is offered us (China and Viet-Nam). We have active groups in Saudi Arabia, Kuwait and the Gulf area. It is not reasonable for us, in order to defend ourselves against the accusation of regionalism, to attempt to overthrow King Faisal, or the government in Qatar or Bahrain or any other Arab state. We are not willing to discuss the problems and orientations of any Arab government and we are not willing to take a stand vis-a-vis any government on the basis of its outlooks - for example, about socialism."

I then said: "Now we are beginning to discuss the problem of the left...."

"Ah," he answered in a strong voice: "Every-
thing is right or left ... foreign

us of being rightists. I read an article in Al-Hurriyah a few days ago, which claimed that we betray the armed struggle due to our class composition."

He turned to the men around him, laughed and asked: "Men, I have forgotten where my father's property is.... Do you remember?" He continued, as the men quieted down: "There are no capitalists, exploiters or bourgeois among Fateh men. You have visited our bases. Did you see any rich fighters? We are all of the wretched of the earth. Actually, we are the poorest of the world, for as Palestinians, we lack not only the means for existence, but our own country, and that is the worst kind of poverty."

I said: "You are now confirming what the leftists are saying ..."

Abu Amar answered with emotion: "I am a refugee. We are a nation of refugees. Do you know the meaning of being a refugee? I am a human being who has lost everything. I own nothing. Even my country has been taken from me and I have been kicked out. What is the meaning of Left or Right in this liberation struggle? I want my country even if the devils liberate it for me. As a Palestinian, I do not, anyhow, have the time to spend on arguing left or right. Am I in a position to refuse the participation and help of any human being? Do you ask me to refuse money from Saudi Arabia because they are rightists? But with their money, we buy weapons from China. How do you call this action, leftist or rightist? The problem in my mind and in the mind of other Palestinians is simple, and there is no need for complications. We have been expelled from our country which is being occupied by another people through the force of arms and by the aid of Imperialism. It is our duty and our right to work for the liberation of our land and to regain it even by force of arms. The confusion is due to external...

complications. If we deal with the situation in simple terms, we can understand it better. Words do not mean a thing. What is important is action and results."

I said: "But action is tied to thought ... and Patch, as a revolutionary movement, must have a clear ideology. Not every person who carries a gun is a revolutionary. In this complex battle which was imposed on the Palestinian people and Arab nation, ideology seems to be the most needed instrument ... " Abu Amar calmly asked me to explain what I meant exactly. I said: "Isn't our battle against Israel and Zionism a battle against colonialism and imperialism at the same time?" He answered: "Yes, certainly ... "

- "Are Israel's designs limited to Palestine alone?"

- "No, they include most Arab states... "

- "Isn't the Zionist presence directly related to imperialist interests in our area?"

- "Yes.... "

- "Aren't imperialist interests reflected in one or another by Arab governments?"

- "Yes... "

- "Isn't then our confrontation with Israel, as an imperialist base and outpost for the protection of imperialist interests, a direct clash with all imperialist forces?"

Abu Amar answered: "You mean from this analysis that we should be in the 'leftist' camp. Let me tell you and we are the most 'leftist' of all people on earth. Don't be surprised. Isn't

in the world? We are more 'leftist' than the Soviet Union itself, because the Soviet Union calls for a "peaceful settlement" and presents proposals for that purpose. We refuse "peaceful settlements" and all their proposals. Are the Arab Communist parties more 'leftist' than us? Let me say frankly that they are not, for Communist parties advocated at one time, peace with Israel, which you call an imperialist base in our midst, on our land."

I said: "But I am not arguing with you from a Communist point of view."

He then continued: "I understand that. But they have, until this time, reservations about the Resistance Movement, and they (the Communists) say that we are fanatics and extremists, driven by religious feelings. The Soviets told me that; they said that we are making matters worse, that we do not understand the nature of our present struggle and, therefore, we are overextending ourselves. I want to ask you: Is our struggle with Israel simply due to its military fascist regime? And if leftists do reach power in Israel would that solve the problem?"

I said: "Rest assured that there are no true socialists in Israel, for socialism cannot survive in an exclusive society based on religion and race."

Abu Amar continued: "Even if you believe that, it is still premature to demand that our new revolutionary movement have a social content. Do you want us to specify the nature of the regime to be in Palestine after its liberation, now? That discussion would be too early. Moreover, to speak of a social content for our Resistance Movement at this time would reflect a leftist missionary zeal and a leftist immaturity. We are now in a stage of national liberation. At this stage all ideological differences which are a form of theoretical luxury,

41

must be forgotten until liberation is won. Then, we can disagree among ourselves as much as we like over leftist, rightist, socialist or liberal ideas...

We are not a party. We are a group of Palestinians who have discovered, before others, that our country will not be returned to us unless we fight for its liberation. So, we have carried weapons and begun the armed struggle without trying to exhaust our thoughts over ideological analyses."

I said: "But when you carry the gun, then by necessity you are in the leftist camp."

Abu Amar explained: "It is not fair that you ask us to be more radical than Mao Tse-Tung. He fought Chiang Kai-Shek who defended the bourgeoisie; but when Japan occupied China, Mao formed an alliance with Chiang Kai-Shek, because the liberation of the country was more important than the ideological differences over the form of government. Why do you ask us to remove basic and effective nationalist forces from our revolution, especially at a time when we need the effort of all the Palestinian people? What right do I have to classify Palestinians? The only criteria for judgment is dedication to the revolution. Those who join the revolution are therefore nationalists. We cannot refuse the financial aid of those who provide it because they are bourgeois or capitalists. Can you, anyhow, show me any Palestinians who are capitalists? They do not exist. Those who became wealthy had lived for years in the Arabian Gulf and made their wealth by hard work and by their own efforts; there are no capitalists among us. The majority are homeless, refugees. I need money, and money is a basic factor for the revolution, for with money I buy arms and protect the martyrs' families. Where can I get

Let us consider whether it is the best way to
proceed. In the first place, we must not forget
that the Government is not a single entity, but
a collection of many different departments and
agencies. Each of these has its own interests and
its own responsibilities. We must therefore consider
the interests of all these departments and agencies
in making our decision. We must also consider the
interests of the people who are affected by our
decision. We must not forget that the Government
is responsible to the people, and that the people
have the right to know what the Government is
doing and why it is doing it. We must therefore
be open and honest in our decision-making process.
We must also be fair and impartial. We must not
let our personal biases or prejudices influence our
decision. We must consider all the facts and
arguments that are presented to us, and we must
make our decision on the basis of the evidence.
Finally, we must be decisive. We must not
hesitate or waffle. We must make a decision
and stick to it. We must not let ourselves be
swayed by the opinions of others. We must be
strong and firm in our decision-making.

According to the official newspaper of the BPP, the BPP was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by ROBBY G. SEALE, BPP Chairman, and HUEY P. NEWTON, Minister of Defense, BPP.

The official newspaper, called "The Black Panther," regularly states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 7, 1968, had an article by the then Minister of Education, GEORGE MURRAY. This article ended with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolutionary culture. Change. Freedom everywhere. Dynamite! Black power. Use the gun. Kill the pigs everywhere."

The BPP newspaper, issue of October 5, 1968, had an article introduced with the following statement: "We will not dissent from American government. We will overthrow it."

DAVID HILLIARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 15, 1969, said "We will kill Richard Nixon."

DAVID HILLIARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "We advocate the very direct overthrow of the government by way of force and violence."

In the issue of April 25, 1970, the BPP newspaper had an article by Minister of Culture EMORY DOUGLAS as follows:

"The only way to make this racist US government administer justice to the people it is oppressing, is...by taking up arms against this government, killing the officials, until the reactionary forces...are dead and those that are left turn their weapons on their superiors, thereby passing revolutionary judgement against the number one enemy of all mankind, the racist US government."

The BPP Headquarters is located at 1046 Peralta Street, Oakland, California. Branches of the BPP, and Committees to Combat Fascism, under control of the BPP, have been established in various locations in the USA.

Also known as
Dodge Revolutionary Union Movement (DRUM)

A source advised on April 22, 1970, that the League of Revolutionary Black Workers (LRBW) is a black extremist labor union, with headquarters at 179 Cortland, Highland Park, Michigan, in the greater Detroit metropolitan area. Source advised that the LRBW is attempting to oust the United Auto Workers (UAW) from their position as bargaining representative for black workers in the Detroit area automotive plants. Source advised that the LRBW has used threats of violence against both black and white supervisory personnel and UAW leaders in an attempt to intimidate them into an agreement with LRBW demands. The LRBW has referred to the automotive industry and the UAW as "racist".

A second source advised that membership in the LRBW is limited to Negroes only, by virtue of the LRBW constitution which states "membership is denied to all honkies due to the fact that said honkey has been the historic enemy, betrayer and exploiter of black people." Membership in the LRBW is less than 25 persons.

The second source also stated that the LRBW had suborganizations operating at Ford Motor Company which was known as the Ford Revolutionary Union Movement (FRUM) and Eldon Avenue Gear and Axle Plant (ELRUM) as well as other assembling and supplying plants, but that at the present the LRBW is active only at the Dodge Main Assembly Plant in Hamtramck, Michigan. This suborganization is known as Dodge Revolutionary Union Movement (DRUM). The other suborganizations are now defunct.

The first source stated that in 1969 RONALD LEE MARCH, KENNETH JOHN WATSON and GENERAL GORDON BAKER, JR., who source identified as members of the Central Committee of the LRBW, met with diplomatic representatives of the North Vietnamese Government in Windsor, Ontario, Canada, to request support of the LRBW both morally and financially by the North Vietnamese.

The official publication of the LRBW is the "Inner City Voice".

A characterization of "Inner City Voice" is attached hereto.

APPENDIX

"INNER CITY VOICE"

The "Inner City Voice" (ICV) was registered with the Wayne County Clerk's Office, Assumed Names Division on August 4, 1967, by KENNETH JOHN WATSON, under Certificate Number 203945.

A bulletin entitled, "Build Black Newspaper" dated July, 1967, stated, "A group of black revolutionaries in Detroit, Michigan, have begun work on the production of a new newspaper. It is hoped that the first edition of the 'Inner City Voice', will appear on the newsstand in August of 1967." According to the bulletin, the ICV's goal is the building of a mass circulating revolutionary propaganda program. The bulletin stated the newspaper was to concentrate on local news, cultural and social events, as well as providing coverage of radical politics.

A source advised on March 17, 1970, that the ICV was published from July of 1967 through June of 1968, when it was terminated. In the fall of 1969 a newspaper similar to ICV appeared on Detroit newsstands which was called "SAUTI", meaning Voice in Swahili. This publication, in its first edition stated that it emerged from the ICV, and its purpose, in addition to the above, would be to exist as the official organ of the League of Revolutionary Black Workers (LRBW). In January of 1970, an edition of "SAUTI" stated that it would continue publication under the old name of "Inner City Voice" and would provide coverage of the black extremist labor movement. In the spring of 1970, the ICV did not publish the inflammatory articles which were common in 1967-68, but called for the overthrow of the United Auto Workers (UAW) leadership and control of black workers at Detroit area auto plants.

Source advised that the editors of the ICV are KENNETH JOHN WATSON, LUKE SAMUEL TRIPP, GENERAL GORDON BAKER, MICHAEL C. HAMLIN and RONALD LEE MARCH, all of whom source identified as members of the Central Committee of the LRBW.

in the appendix pages attached hereto.

All sources utilized in this memorandum have furnished
reliable information in the past.

On November 30, 1970, DE T-1 furnished the following
information concerning the activities of representatives of the
BPP from Detroit who attended the above-captioned conference:

On November 26, 1970, about 40 persons left the Detroit
area and headed for Washington, D.C. Local leaders, upon arrival
at Washington, conferred with national BPP leaders concerning
security arrangements at the Washington BPP Information Center.
At about 8:00 p.m., one of the national leaders, John Seale,
announced that their convention was off. Seale said decision
to call it off was made when they learned that Army troops were
being moved into the area. Seale also said that Howard University
at Washington had denied the BPP use of its facilities because
they were a day late in giving a deposit.

Those in the Information Center secured arms and
maintained an alert against a siege during the night. The next
morning, representatives of the Detroit Chapter made preparations
to return to Detroit.

According to the official newspaper of the BPP, the BPP was started during December 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY G. SEALE, BPP Chairman, and HUEY P. NEWTON, Minister of Defense, BPP.

The official newspaper, called "The Black Panther," regularly states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 7, 1968, had an article by the then Minister of Education, GEORGE MURRAY. This article ended with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolutionary culture. Change. Freedom everywhere. Dynamite! Black power. Use the gun. Kill the pigs everywhere."

The BPP newspaper, issue of October 5, 1968, had an article introduced with the following statement: "We will not dissent from American government. We will overthrow it."

DAVID HILLIARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 15, 1969, said "We will kill Richard Nixon."

DAVID HILLIARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "We advocate the very direct overthrow of the government by way of force and violence."

In the issue of April 25, 1970, the BPP newspaper had an article by Minister of Culture EMORY DOUGLAS as follows:

"The only way to make this racist US government administer justice to the people it is oppressing, is...by taking up arms against this government, killing the officials, until the reactionary forces...are dead, and those that are left turn their weapons on their superiors, thereby passing revolutionary judgement against the number one enemy of all mankind, the racist U.S. government."

The BPP Headquarters is located at 1046 Peralta Street, Oakland, California. Branches of the BPP, and Committees to Combat Fascism, under control of the BPP, have been established in various locations in the US.

REPUBLIC OF NEW AFRICA (RNA)

A source advised in May, 1970, that the Republic of New Africa (RNA) is an all-Negro organization founded in Detroit, Michigan, in March, 1968. ROBERT F. WILLIAMS, who was then residing in Peking, China, was named as its President-In-Exile. After fleeing the United States in 1961 following the issuance of a local warrant in North Carolina on a charge of kidnaping growing out of a racial incident, WILLIAMS published and broadcast hate-type material in Cuba and China prior to his return to the United States in September, 1969. Shortly after his return, WILLIAMS resigned from RNA.

A second source has advised that the purpose of the RNA is to establish an independent black nation within the United States, demanding the States of Alabama, Georgia, Louisiana, Mississippi, and South Carolina, in addition to \$10,000 per black citizen as payment for 400 years of ancestral slave labor.

A third source advised on March 14, 1969, that an army of the RNA, known as the Black Legion, dedicated to black freedom and committed to the concept of systematic armed revolution, has been established. Black Legion members are expected to participate in military training and engage in firearms practice. The RNA plans to establish an underground Black Legion in addition to an aboveground Black Legion in order to avoid detection by the police.

According to this source, Black Legion members acting as bodyguards at a session of the Second National Convention of the RNA in Detroit, Michigan, on March 29, 1969, were involved in a shoot-out with members of the Detroit Police Department which resulted in the killing of one policeman and the critical wounding of another.

ON THE REVOLUTIONARY PEOPLE'S CONSTITUTIONAL CONVENTION

THE WASHINGTON D.C. ARMORY BOARD HAS FOR THE SECOND TIME DENIED THE BLACK PANTHER PARTY'S APPLICATION FOR USE OF THE ARMORY FOR THE REVOLUTIONARY PEOPLE'S CONSTITUTIONAL CONVENTION. THE FIRST DENIAL WAS ON THE BASIS THAT THE DATES THAT WE REQUESTED WERE FILLED. THE SECOND, AND MOST RECENT DENIAL WAS ON THE BASIS THAT OUR REVOLUTIONARY PEOPLE'S CONSTITUTIONAL CONVENTION WOULD HAMPER THE OPERATION OF THE NATIONAL GUARD "SHOULD THEY BE CALLED TO DUTY, SHOULD AN EMERGENCY ARISE." IT IS VERY CLEAR THAT THE ARMORY BOARD IS CONSISTENTLY LOOKING FOR REASON TO DENY THE PEOPLE THE USE OF THE ARMORY, WHICH IS A PUBLIC FACILITY PAID FOR BY PUBLIC TAX MONEY.

THIS BLATANT ATTEMPT TO DENY THE USE OF THE ARMORY IS ALSO AN UNDERHANDED ATTEMPT TO DENY THE PEOPLE OF ONE OF THEIR BASIC CONSTITUTIONAL RIGHTS: THAT IS THE RIGHT TO FREEDOM OF ASSEMBLY.

THE DEMOGOGIC POLITICIANS ARE ATTEMPTING TO MANIPULATE THE MINDS OF THE PEOPLE INTO BELIEVING OR THINKING THAT ONLY THE BLACK PANTHER PARTY IS REQUESTING THE USE OF THE ARMORY. THIS IS A SMOKE-SCREEN DESIGNED TO NEGATE THE FACT THAT TEN THOUSAND OPPRESSED PEOPLE FROM ALL SOCIAL, ECONOMIC, RACIAL AND POLITICAL BACKGROUNDS CAME TOGETHER IN PHILADELPHIA TO COLLECTIVELY FIND SOLUTIONS TO THEIR COMMON PROBLEMS. WE BELIEVE THAT THE PEOPLE HAD A CHANCE TO PRACTICE SOME TRUE DEMOCRACY AND TO TAKE A HAND IN GRASPING THEIR OWN DESTINY.

FROM THIS POINT ON, THERE SHOULD BE NO TURNING BACK. THE PEOPLE WILL HAVE THEIR CONSTITUTIONAL CONVENTION, ARMORY OR NO ARMORY. THE BLACK PANTHER PARTY IS IN CONSTANT STRUGGLE TO PROVIDE THE BEST FOR THE PEOPLE. SO WE STRUGGLE FOR THE ARMORY, BUT IT IS NOT THE BLACK PANTHER PARTY'S STRUGGLE ALONE. IT IS A PEOPLE'S STRUGGLE. WE WANT ALL THOSE WHO CAME TO THE PLENARY SESSION IN PHILADELPHIA AND MORE TO COME TO WASHINGTON D.C. ON NOV. 27-29. AND WE STAND FIRM IN OUR RESOLVE TO HAVE OUR R.P.C.C.

According to the official newspaper of the BPP, the BPP was started during December 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY G. SEALE, BPP Chairman, and HUEY P. NEWTON, Minister of Defense, BPP.

The official newspaper, called "The Black Panther," regularly states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 7, 1968, had an article by the then Minister of Education, GEORGE MURRAY. This article ended with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolutionary culture. Change. Freedom everywhere. Dynamite! Black power. Use the gun. Kill the pigs everywhere."

The BPP newspaper, issue of October 5, 1968, had an article introduced with the following statement: "We will not dissent from American government. We will overthrow it."

DAVID HILLIARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 15, 1969, said "We will kill Richard Nixon."

DAVID HILLIARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "We advocate the very direct overthrow of the government by way of force and violence."

In the issue of April 25, 1970, the BPP newspaper had an article by Minister of Culture EMORY DOUGLAS as follows:

"The only way to make this racist US government administer justice to the people it is oppressing, is...by taking up arms against this government, killing the officials, until the reactionary forces...are dead, and those that are left turn their weapons on their superiors, thereby passing revolutionary judgement against the number one enemy of all mankind, the racist U.S. government."

The BPP Headquarters is located at 1046 Peralta Street, Oakland, California. Branches of the BPP, and Committees to Combat Fascism, under control of the BPP, have been established in various locations in the US.

Re: Revolutionary Peoples Constitutional
Convention (RPCC) Organized by Black

A characterization of the Black Panther
Party (BPP) is contained in the appendix
pages attached hereto.

All sources utilized in this letterhead memorandum
have furnished reliable information in the past.

On November 5, 1970, DE T-1 stated that local
BPP leaders have indicated an interest in marshaling a
sizable group of Panthers and Panther Party sympathizers
to attend the captioned convention in Washington, D. C.,
scheduled for November 27, 1970. At the present time
efforts are being made to generate interest among the
Panthers and the black community in general so that sufficient
financial contributions and support will be forthcoming
to enable the Panthers to sponsor a contingent from Detroit.

On November 2, 1970, DE T-23 furnished a copy of
a mimeographed flyer prepared on the auspices of the National
Committee to Combat Fascism (NCCF), which is the organizing
arm of the BPP. This flyer announces the Detroit Panther
Party's desire that local support for this convention be
evidenced and urges donations in the form of food, supplies,
and materials so that those who are interested may attend
this convention. A copy of this flyer is attached at the
end of this memorandum.

DE T-23 further stated that at the present time
local Panther leaders are just beginning to organize a group
to attend this convention and that they at present are
generally concerned with methods of transportation and
shelter for those who elect to attend. It is in vision that
the Panthers will get an enthusiastic response to their efforts
to recruit persons to attend this convention in view of their
recent publicity attendant to their alleged involvement
in the shooting of a Detroit Police Officer.

TO ALL CONCERNED MERCHANTS AND BUSINESSMEN:

The Detroit N.C.C.F. (organizing bureau of the Black Panther Party) is presently organizing people from all walks of life to attend the Revolutionary People's Constitutional Convention to be held November 27th, 1970 in Washington D.C. The Constitutional Convention stems from the need for a new constitution because of the constant exploitation and poverty of the masses of people in this country.

Before 1776, white people were colonized by the English government with certain laws and rules not in their best interest. These people, a colonized people, had no choice but to protect themselves from the aggressions inflicted upon them by the government. One such form of protection was the Declaration Of Independence which states: "...whenever any government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundations on such principles and organizing its powers in such forms as to them shall seem most likely to effect their safety and happiness."

We realize that the masses of people who will be attending the convention are impoverished, and are too, a colonized people.

As a non-profitting organization, we, a vanguard party, meets the basic needs of the people by the implementation of Socialistic Programs into the communities through the support of numerous merchants, businessmen and individuals willing to render their services.

FREE BREAKFAST FOR CHILDREN - In which we feed the children from the community a well-balanced meal each morning to supply them with the nutrients they need for the day.

FREE CLOTHING PROGRAM - Programs implemented to meet clothing needs of the people through the clothing donations we receive.

PEOPLE'S FREE MEDICAL CLINIC - Services the same as a doctors office, initiated because of the great emphasis placed on money by the majority of Medical Institutions.

Because of the inconsistency of this decadent American Society, The People's Constitutional Convention has been called which affects all people living in this society. And in order that the people be guaranteed the highest form of living in this affluent society, we all have to combine our energies in order that we have land, food for our hungry people, decent housing, education, clothes and justice and peace.

We are asking for donations of food to feed the many people who will attend the convention, supplies and materials to produce it.

On November 2, 1970, DE T-1 advised that BPP support rallies were held in Inkster, Michigan, on October 30, 1970, and at Detroit, Michigan, on November 1, 1970. About 50 people attended the Inkster rally and about 30 persons were present at the Detroit rally.

The rally at Detroit was held at 150 Belmont and John R Streets. A noted BPP leader was to be the featured speaker, but he did not show up.

The rally at Inkster was held at the Malcom X Community Center. About 200 dollars was collected through donations and sale of BPP posters and buttons. This money will go into a defense fund in behalf of 15 BPP members recently arrested at Detroit.

Mich. ✓ At the Inkster rally, Norman ✓ McKee, Mary ✓ Ford, and Chuck Holt and Lorené Banks, who have been previously identified as local BPP activists, spoke in general terms concerning police presence in the black community and the need for the community to defend itself.

On October 25, 1970, source advised that at a news conference held at the Detroit Ministry of the National Committee to Combat Fascism (NCCF), 12847 14th Street, Detroit, Michigan, the following information was given to the press by one Zayd Zhakur. Zhakur advised that this is the official NCCF version of the events surrounding the shooting of two Detroit Police Officers on October 24, 1970. *nick*

On October 24, 1970, at approximately 6:30 p.m., two racist pigs from the Second Precinct, without provocation, brutally beat two black youths on the corners of Myrtle and 16th Streets. Two brothers from the local NCCF interceded simply exposing the police brutality to the people in the community, and they also were beaten by the pigs. People in the crowd that had formed came to the brothers aid and began to attack the pigs. At this point, Mod Squad, boot-licking, yardnigger pigs Forrest Harvey, Glenn Smith and Marshall Emerson, responding to their master's orders and wantonly opened fire on the crowd.

The crowd defended themselves and one treacherous dog police was dead and two others layed wounded. Many people from the community ran into the newly opened NCCF office at 3376 16th Street.

The Detroit gestapo forces moved in with its over-kill machinery, which included two tanks, automatic weapons and other types of lethal weapons exactly like the ones these same imperialists use in Vietnam. The pigs indiscriminately

opened fire on our office and other houses in the community. The fork-tongued police have said that they used "great restraint," but we know that if it wasn't for the swift actions taken by the black community and other progressive people, Commissioner Nicholas' henchmen would have committed mass murder. The sisters and brothers in the NCCF office, not taking the word of lying pigs, refused to come out and didn't do so until they were insured by trusted people from the community that conditions were favorable.

We see this as part and parcel of the relentless attempt by the fascist U.S. Government to destroy the Black Panther Party (BPP) and its organizing bureaus, the NCCF. For the last six months, since the Nixon, Agnew, Mitchell, Hoover gang has been oinking its fascistic "law and order" have attacked BPP and NCCF offices, all across the country. Our party offices and NCCF offices in Philadelphia, New Orleans, Toledo, Ohio and New Bedford, Massachusetts have been under attack by the forces of the repression. And now, here in Detroit, Police Commissioner Nicholas and his bandit forces have joined in this fascist act.

However, we want the people here in Detroit and throughout the world to know that the BPP and its organizing bureaus, the NCCF, will not quiver in the wake the United States inspired onslaught that is being waged against our Party, black people, and other oppressed people throughout the world. And we have said it before and we will say it again:

THE RACIST DOG POLICEMEN MUST WITHDRAW IMMEDIATELY FROM OUR COMMUNITIES AND THE COMMUNITIES OF THE WORLD, CEASE THEIR WANTON MURDER AND BRUTALITY AND TORTURE OF OPPRESSED PEOPLE, OR FACE THE WRATH OF THE ARMED PEOPLE.

The courts in Detroit are holding our comrades in preventive detention and will place an astronomical ransom on our sisters and brothers. Bail money is badly needed.

A characterization of the BPP is contained in the appendix pages attached hereto,

Re: Black Panther Party - Attorneys

A characterization of the NLG and the Detroit Chapter of the NLG is contained in the appendix attached hereto.

DE T-4 advised on February 4, 1959, that he considers Ernest Goodman to be a Communist sympathizer, who works hand in hand with Communist Party members. DE T-4 advised he had no knowledge that Goodman was ever a member of the Communist Party.

DE T-2 advised on October 19, 1970, that Elliott S. Hall is a member of the law firm of Gregg and Gardner, 1632 Guardian Building, Detroit. DE T-2 advised Hall was born in 1938, and was admitted to the Michigan Bar in 1966.

DE T-2 advised that Hall was formerly a member of the law firm of Goodman, Eden, Robb, Millender, Goodman and Bedrosian, with offices at 3200 Cadillac Towers Building in Detroit.

The 1968 - 1969 edition of the NLG Lawyers Referral Directory, Volume 27, Number 3, contains a listing of over 300 attorneys who applied for a listing and paid a required fee. The name Elliott S. Hall, member of the law firm of Goodman, Eden, Robb, Millender, Goodman and Bedrosian, 3200 Cadillac Towers Building, appears in this directory.

DE T-2 advised on October 19, 1970, that ^{H.}High Milton Davis, Jr. was born July 8, 1943, at Rocky Mount, North Carolina, and was admitted to the Michigan Bar on July 14, 1969.

DE T-1 advised on October 15, 1970, that ^{H.}High Milton Davis, Jr., also known as Buck Davis, was formerly associated with Wayne County Neighborhood Legal Services, Detroit, a legal organization operated by Wayne County, Detroit. DE T-1 advised on October 15, 1970, that Davis has opened a law office at 60 Harper, Detroit.

DE T-1 advised that Davis is a member of the Detroit Chapter of the NLG.

The October 20, 1970, issue of "The Detroit Free Press" a newspaper published daily in Detroit, reveals that ^{H.}High M. (Buck) Davis of the Detroit Office of the NLG was one of the attorneys representing John A. Sinclair, founder of the White Panther Party (WPP) and Lawrence R. Plamondon, Minister of Defense, WPP, who are accused of Conspiracy to Bomb a CIA Office in Ann Arbor, Michigan.

Re; Black Panther Party - Attorneys

The other attorneys listed as defending Sinclair and Plamondon are William M. Kunstler of New York and Leonard I. Weinglass of Newark, New Jersey, both well known attorneys for radicals.

DE T-4 advised on October 2, 1970, that the WPP is self-described as a white revolutionary organization whose leadership advocates the use of violence to achieve revolutionary change in the United States. The WPP adopted the published ten point program of the BPP to which it adds ten points of its own, all calling for unbridled personal freedom of the individual.

The House Committee on Un-American Activities, House report 3123, September 21, 1950, cites the National Lawyers Guild (NLG) as a communist front which is the foremost legal bulwark of the Communist Party (CP) and has never failed to rally to the legal defense of the CP and individual members thereof, including known espionage agents.

A source advised on February 1, 1969, that from the speeches made and the workshops and panel discussions held at a recent Midwest Conference of the NLG, it clearly appeared that the NLG is being developed from a "complacent, old left type organization" into a strong active supporter of the "new left."

A second source advised during April, 1969, that the President of the NLG spoke at an NLG banquet held in New York City on April 12, 1969, stating that the NLG has organized young people to work in a radical movement which is seeking to destroy a corrupt, violent society and replace it with one which will benefit all.

A third source advised on April 17, 1969, that the President of the New York Chapter of the NLG spoke at the above banquet stating that the purpose of the NLG is to advance the "social revolution" taking place in this country. In furtherance of this purpose, the NLG has established Student Guild Chapters and given counsel to draft resisters and military personnel seeking peace.

As of July 23, 1969, the NLG National Office was located at 5 Beekman Street, New York, New York.

I. REVOLUTIONARY PROGRAMS AND POLICIES AS
EXPRESSED BY BPP LEADERS

A characterization of the Black Panther Party (BPP) is contained in the appendix pages attached hereto.

The following statements were made by speakers who appeared at the Detroit National Committee to Combat Fascism (NCCF) picnic at Belle Isle Park, Detroit, Michigan, August 16, 1970 (the Detroit NCCF is a front for the BPP):

RAPHEL VIERA, from New York stated that the pigs wanted you to believe that you had no power, but he was a living example that the people had power because he was free, and if the people would learn to stick together they could change the whole fascist system and free all the rest who have been railroaded into prison.

LARRY POWELL, Detroit NCCF, told of the harassment of NCCF members and supporters by the pigs in downtown Detroit to keep them from selling the paper, and also to prevent them from giving the free breakfast to hungry children by following them around and at the first chance stop them for a traffic violation to search their cars and take food which has been donated under the pretext that it is stolen.

ZAYED SHAKUR, Deputy Minister of Information for the New York BPP, spoke and began by stating that he would not greet them with the familiar slogan, "power to the people" but that the pigs must go. He stated that they selected Philadelphia for the convention because the first Constitution was written there, but the rich slave master, GEORGE WASHINGTON, did not include the black man in that Constitution. He further stated that the black man would be in this one, which the pigs will probably reject, and the BPP has demonstrated what action they will take in California when those brave men show that they would rather die as free men than to live as slaves. He requested a standing ovation for the fallen comrades, which he received, he then asked for fascist black pigs to stand, that the people may know who they are and that they are doing the job they are being paid for. He stated that if a Black Panther is busted, it was a nigger who fingered him. It was these people who killed MALCOLM X, they fed J. E. HOOVER information about KING's extra-marital relationship and that they had better set their price high because when we find you, you are going to pay with your life.

DE 157-3075

The following article entitled "That's Why I'll Die," was written by MICHAEL DENNIS HILL, Detroit NCCF, and appeared in the August 15, 1970 edition of "The Black Panther:"

WHY I'LL DIE

I was born September 7, 1942--
a baby--a boy--a slave. I died some-
time in August, 1970--an ex-slave--
a revolutionary.

My name is Michael D. and as much
as I dig life, as much as I want to
be with my family, my three children;
Eric, Damon and Oneke and everyone
I love, my mother--just everyone, but
I think that the time has come when
the price for struggling against this
murderous, fascist government and
all its repressive forces and lackey
running dogs, has to be paid.

The eminence of death has been with
me since I joined the Black Panther
Party in September 1968, but it has
never been as strong as it is now.
It seems as though all that my mind
is turned to now is how to die like
a man. My sons and my daughter
and my people deserve nothing less.
My only regret is that I wish I would
have worked harder and been able
to see with my own eyes, the people
rising like a mighty storm--with
guns--with guns for self-defense in
their hands.

I have already tasted the fruits of
socialism within the ranks of the Party.
It is a good taste. I have seen niggas
from off the street become educated
and given a socialist consciousness.
Those who once stole and lied and
cheated and robbed, and pimped and
sold dope to Black people now sharing
and doing without to make sure his
or her comrade had some. Niggas
excepting someone else's child as their
own. Niggas who like myself, lived
only for themselves, now ready to give
their most precious jewels to the peo-
ple--their lives.

Today is August 2, 1970. I am in
the city of Detroit, working with the
N.C.C.F. here. A lot of us will be
dead soon--very soon. The Chief of
Pigs in this city--Murphy has con-
spired with the head of the F.B.I., J.
Edgar Hoover (Pig) to attack and des-
troy the members of the N.C.C.F.
here. At this very moment the 10th
precinct is and has been for two weeks
stock piling weapons, and when I say
weapons, I mean tanks and half tracks

modern warfare to attack what the
call the "Panther Complex"--no
office but complex. They (the pigs)
have been trying hard to create a
incident. First the news media came
out with a lie that we have over 20
weapons and over 100,000 rounds
ammunition at this office alone. The
statement was made a week after
minor rebellion went down in an area
known as High Land Park where
mayor stated after occupying the co-
munity, shooting and beating Black
people--"I don't know why the Black
Panthers want to pick on my li-
city." When in actuality it was
people responding to the racist ma-
raders of people at the Rose Bar. A
brother was shot after an argu-
ment ensued because the brother didn't have
the money for a drink. The brother
was Black--the murderer was White.
The brother was unarmed. The people's
response was; the bar was im-
mediately burnt down and niggas hit
streets. The Panthers were the scape-
goat. When we went into the area
to educate the people to the pigs' ter-
rors we were immediately arrested.

About four days ago the people
round the office here on Indian
hung posters and when the pigs
tempted to tear them down they
run away. Then the people got re-
uptight and began saying that this
their community, and they have a
to do what they want to do. So
changed the street from Indian
& 14th to Panther Ave. and
Red. They sang revolutionary songs
and rapped about how they would
things to be for everybody. The fol-
lowing morning a pig was shot at,
trying to sneak up and pull down
sign. The N.C.C.F. was blamed
immediately, a few hours later a
news car was fired on in the
same neighborhood, again the N.C.
was blamed -- immediately the
office was surrounded by pigs of the
precinct. They did this without
mission from Pig Chief Murphy.
They were about to attack when orders
came and they were instructed not to
move because they were not equipped
to handle the situation. That the

in reality about to be barbequed because it just so happens that the people here relate to the Black Panther Party and it would be impossible to move on us without moving on the whole West Side. That's why the 10th Precinct right now has tanks and half tracks and 50 cal. machine guns--to kill niggas. That's why today August 2nd, pigs have been going door to door telling people where to lay in their house when the attack comes. They also stated that if they were to come out on the street that they would be killed.

So this is no joke, this is war in the truest sense of the word. This is the highest form of politics. We want freedom--they want blood. I say they can have mine, but they have to pay for it, because it's not free, just as I am not free.

I guess I won't see my mother or "Li'l Bra" any more or Maria, or Kathy or Ora--the women most close to my heart. Or drink no more wine with Fred; or get cursed out by Landon and Big Rob, the two niggas I learned the most from.

All because they have people that have no respect for the needs and desires of the rest of the masses of people. Because they would rather kill and oppress rather than share in the vast wealth that this planet possesses. Because they oppose all that is progressive, we must die. Eldridge is in exile--but he's coming home, Huey was in jail--but he's home, Bobby is in jail facing the electric chair but he's coming home, Landon and Rory and countless other prisoners of war will be back--right here on the streets--niggas will be free and that is a fact that the reactionary pig forces don't want to relate too. Niggas will have the power to determine their own destiny and that's what I'm fighting for and that's why I'll die.

ALL POWER TO THE PEOPLE!
DEATH TO THE FASCIST PIGS!

PRESS STATEMENT

SINCE FBI CHIEF J. EDGAR HOOVER ISSUED A STATEMENT ON JULY 15, 1970 CALLING THE BLACK PANTHER PARTY THE GREATEST THREAT TO THE NATIONAL SECURITY OF AMERICA; IN THE HISTORY OF THE UNITED STATES, HIS MAIN TASK HAS BEEN TO LIQUIDATE THE BLACK PANTHER PARTY BY MURDER, IMPRISONMENT, AND FRAME - UPS.

AUGUST 10, 1970 TONY NORMAN, ROBERT SMITH, RONNIE IRWIN, DELPHINE Mc RAY, AND TEDDY ROBERTSON ALL MEMBERS OF THE N.C.C.F., WERE VICIOUSLY ATTACKED, AND BRUTALLY BEATEN, BY MEMBERS OF THE DETROIT POLICE DEPARTMENT. THE EXCUSE USED THIS TIME BY THE D.P.D. TO SO CALLED JUSTIFY THE ATTACK, STEMMED FROM AN ACCUSATION MADE BY THE OFFICER ON THE BEAT AT THE CORNERS OF STATE AND WOODWARD, THAT LINDA LAURA, ALSO A MEMBER OF THE N.C.C.F., HAD THROWN SOME PAPER ONTO THE SIDEWALK. LINDA TOLD HIM THAT SHE HAD NOT, THE OFFICER SAID "EITHER PICK UP THE PAPER OR I'LL GIVE YOU A TICKET FOR LITTERING" THEN HE RADIOED FOR REINFORCEMENT AND PROCEEDED TO ARREST THE SISTER. 30 STORMTROOPERS ANSWERED THE CALL TO ARREST ONE SISTER. TONY, TEDDY, RONNIE, ROBERT, AND DELPHINE, ALONG WITH OTHER PEOPLE WENT OVER TO FIND OUT JUST WHAT WAS GOING ON, AFTER FINDING OUT THEY BEGAN TO RELATE TO THE PEOPLE AROUND THEM OF THE INJUSTICE TAKING PLACE, THE STORMTROOPERS IMMEDIATELY ATTACKED THEM BEATING THEM WITH THEIR FISTS, BILLY CLUBS, BLACK JACKS, AS THEY FELL THE BEATING CONTINUED THEY WERE STOMPED AND KICKED, NEARLY UNCONSCIOUS. THESE BROTHERS AND SISTERS PROTECTED THEMSELVES AS BEST THEY COULD, BUT ALL WITH THE EXCEPTION OF LINDA WERE TAKEN TO THE 1st PRECINCT, AFTER REACHING THE 1st PRECINCT RONNIE WAS AGAIN BEATEN.

ALL FIVE WERE THROWN INTO CELLS AND NOT INFORMED OF THEIR CHARGES, TONY AND TEDDY WERE HOSPITALIZED WITH CUTS AND BRUISES, RECEIVED DURING THE BEATING, TEDDY RECIEVED 13 STICHES TO THE HEAD AND RIGHT HAND, TONY HAS A POSSIBLE CONCUSSION.

WE REALIZE THAT THIS ACT OF AGGRESSION AGAINST THESE MEMBERS OF THE DETROIT N.C.C.F. IS PART AND PARCEL OF J. EDGAR HOOVER'S PREPLANNED LIQUIDATION OF BLACK PANTHER PARTY BY ANY MEANS NECESSARY. THEY BELIEVE THAT THESE ATTACKS WILL DISCOURAGE USE IN OUR STRUGGLE FOR LIBERATION, BUT WE WILL NOT BE DISCOURAGED. IT ONLY SHOWS MORE CLEARLY THAT OUR STRUGGLE IS JUST AND VERY NECESSARY.

APPENDIX

1

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

REPUBLIC OF NEW AFRICA (RNA)

A source advised in May, 1969, that the Republic of New Africa (RNA) is an all-Negro organization founded in Detroit, Michigan, in March, 1968. ROBERT F. WILLIAMS, who was then residing in Peking, China, was named as its President-In-Exile. After fleeing the United States in 1961 following the issuance of a local warrant in North Carolina on a charge of kidnaping growing out of a racial incident, WILLIAMS published and broadcast hate-type material in Cuba and China prior to his return to the United States in September, 1969.

A second source has advised that the purpose of the RNA is to establish an independent black nation within the United States, demanding the States of Alabama, Georgia, Louisiana, Mississippi, and South Carolina in addition to \$10,000 per black citizen as payment for 400 years of ancestral slave labor.

A third source advised on March 14, 1969, that an army of the RNA, known as the Black Legion, dedicated to black freedom and committed to the concept of systematic armed revolution, has been established. Black Legion members are expected to participate in military training and engage in firearms practice. The RNA plans to establish an underground Black Legion in addition to an aboveground Black Legion in order to avoid detection by the police.

According to this source, Black Legion members acting as bodyguards at a session of the Second National Convention of the RNA in Detroit, Michigan, on March 29, 1969, were involved in a shoot-out with members of the Detroit Police Department which resulted in the killing of one policeman and the critical wounding of another.

Re: Black Panther Party (BPP),
National Committee to Combat Facism (NCCF) -
Detroit Division

Detective Lieutenant William McCoy, Special Investigations Bureau, Detroit Police Department, advised on July 30, 1970, that about 9:30 a.m., on this date, Channel 50 TV News Car was in the vicinity of Detroit National Committee to Combat Facism (NCCF) Headquarters, 2219 Indiandale, Detroit, Michigan, a front for the Black Panther Party (BPP), when a Negro male, aged 25-30, 6'2", 200 pounds, with beard and mustache, exited NCCF Headquarters carrying a rifle, fired three shots at the News Car, and re-entered the NCCF Office. There were no injuries to the occupants of the car.

A characterization of the BPP is contained in the appendix attached hereto.

Source One, who has furnished reliable information in the past, advised on July 30, 1970, that several traffic signs, including stop signs, in the vicinity of NCCF Headquarters had been painted black and had posters pasted over them, which may have been brought to the attention of Channel 50 News, who had arrived on the scene for filming purposes.

Source Two, who has furnished reliable information in the past, confirmed that a member of the NCCF, presently unknown to source, fired a rifle at a TV News Car in front of NCCF Headquarters. Source Two further stated that Oliver Mc Clure, leader of the Detroit NCCF, went to the East Side Branch of the NCCF, 7708-12 Mack Avenue, Detroit, with another NCCF member and obtained weapons and ammunition which they transported to NCCF Headquarters to supplement the guns and ammunition already there.

Re: BPP, NCCF - Detroit Division

Detective Lieutenant MC COY advised on July 30, 1970, that a high-level conference of Detroit Police Officials was held regarding the sniping incident. Detroit Police Commissioner Patrick V. Murphy, in a statement to the news media, claimed that insufficient evidence was available to enable a search warrant be obtained; however, investigation is continuing to identify the sniper.

Source Two advised on July 31, 1970, that Willie Charles Hall is the person who shot at the Channel 50 News Car. Source Two further advised that Hall was sitting on the front porch of NCCF Headquarters, standing watch, with a 12 gauge shotgun. Hall observed the unmarked news car drive past his location and believed it to be a police car. Hall believed one of the men reached down and started to pick up a gun, at which time he opened fire with the 12 gauge pump shotgun which was loaded with slugs.

Detective Lieutenant Mc Coy advised that Willie Charles Hall was arrested April 30, 1970, and charged with interfering with a police officer in the performance of his duty. He described Hall as a Negro male, born April 30, 1949, Detroit, Michigan, 6' tall, 190 pounds, black hair, brown eyes, with goatee and heavy mustache.

MEMBER OF SUBJECT ORGANIZATION

Source One advised that the Detroit Police Department was currently making plans as to what action they will take against NCCF Headquarters in the event another sniping or such type incident should take place at NCCF Headquarters or a branch office.

Source One indicated that Detroit Police Commissioner Murphy has made it quite clear that a repeat of the sniping incident would not be tolerated and that the community at large would demand police action. Source One stated that Detroit Police Officials are currently attempting to determine the best method to be used should a raid on NCCF Headquarters be necessary in order that the least amount of personal injury would be expected.

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere! Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

I. REVOLUTIONARY PROGRAMS AND POLICIES AS
EXPRESSED BY BPP LEADERS

A characterization of the Black Panther Party (BPP) is contained in the appendix pages attached hereto.

LARRY POWELL, member of the Detroit National Committee to Combat Fascism (NCCF), conducted the political education classes on July 5, 1970, at which time the topic of discussion was the center page of the July 4, 1970, issue of "The Black Panther" newspaper. Those in attendance were instructed as follows:

Whenever you say "death to the pigs" mean it. Put your words into action. Use the slogan "all power to the people" as the pigs think they are the power. Now we have to add to our slogan "death to the pigs," so stop talking and start putting your words into action. The pigs are planning genocide against us. The reason there are more pigs in the community this year than last year is because they are planning to get rid of all blacks, and they want all blacks to move into the projects so all they would have to do is put a fence around it and give them just enough money to get food. They want to take everything away from us, but we still have the power to destroy and there is no way the pigs can destroy the BPP. If they kill us off, our struggle will be taken up by the people in the community as we are the people's party. If we don't go to the people then we are not serving the people. Our struggle is not confined and exists also in the South in the field of Civil Rights. We have to fight for national salvation, deal with repression and will fight for the liberation of all oppressed peoples.

II. ACTS IN FURTHERANCE OF THE REVOLUTIONARY
PROGRAMS AND POLICIES

The Detroit NCCF has been trying to obtain greater support from the community for their programs and against the police.

DE T-1
July 2, 1970

On July 17, 1970, Detroit Police Officers observed a car traveling at a high rate of speed, which had the trunk lock punched out. This vehicle was stopped and the three Negro occupants exited the car and the driver was asked for his registration, but claimed he had none. OLIVER MC CLURE, leader of the Detroit NCCF, began swearing at the police officers and the driver, WILLIAM BYRON MC CLURE, brother of OLIVER, also began yelling insults. WILLIAM MC CLURE jumped on one of the officers' backs and appeared to grab for his gun, which fell to the ground, and was picked up by a second officer. While the officers were struggling with the MC CLURES, an additional scout car arrived and the third passenger of the car, THOMAS KIRK WARD, also a member of the Detroit NCCF, immediately jumped one of the officers from this car. The above three individuals were subdued and warrants were issued charging all three with resisting and obstructing a police officer.

Approximately 100 pounds of the dynamite was furnished to the Detroit NCCF, and the remainder allegedly went to a farm somewhere in Michigan for the White Panther Party.

FACIST PIGS OF HIGHLAND PARK

Jerome Lawlah was shot and killed on July 10 by this racist owner of the Kozy Korner Bar in Highland Park. This brother was killed in cold blood because he was black. The racist bar owner was taken down to the pig station where he was charged with first degree murder which was later dropped to 2nd degree murder. The brothers and sisters in Highland Park couldn't relate to this murder of this brother and nothing being done about it. The brothers and sisters had protested at the bar. The people of Highland Park were witnesses to the unjust laws used by the pig's for their unjust act. Saturday evening the bar was burned down. This was an open opportunity for the pig Mayor of Highland Park Blackwell to call in the gestapo pig force into the community. These pigs were carrying weapons in our community that are used in combat in Vietnam. There was an illegal curfew put on in Highland Park by this pig Mayor to try to control the tension of the Community. This low-lived pig Mayor had the nerve enough to make a statement saying that the people of the community go to their homes and let the local pig force department handle the problems. These pig's came in the community with blood in their eyes and the power of the gun. The inhuman pig's who call themselves protectors of liberty, are nothing but facists outlaws who patrol our community looking for brothers and sisters to rip off in the name of law and order.

About 150 bloods were arrested on trumped up charges. The brothers and sisters were told to get off the streets or be shot. We as Black People must realize we have no rights that's bound to be respected by the white oppressor.

Highland Park is the same community where little Dar. Smith was shot down by these racist pigs. The people of this community are not going to stand still and see another little Danny Smith get shot down.

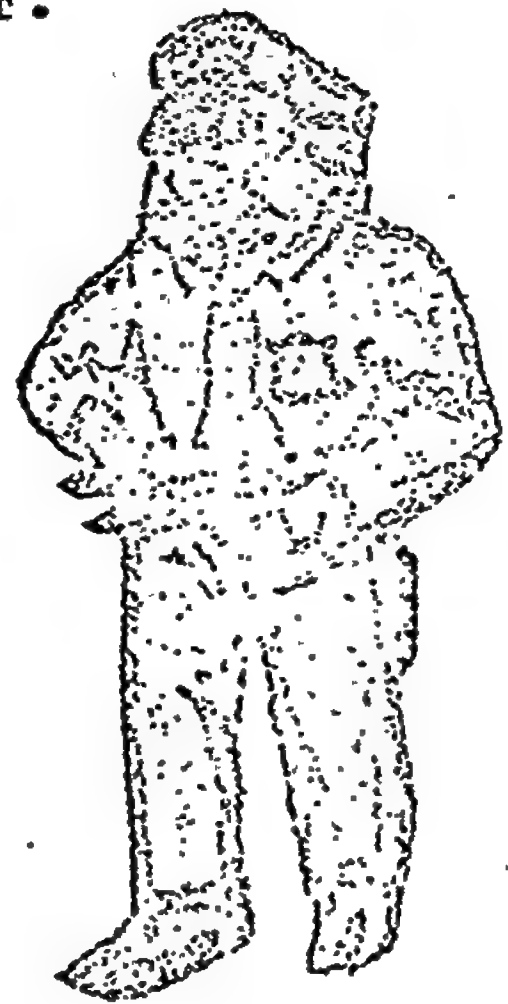

Some of the brothers and sisters who are members of the N.C.C.F. were victims of pig harassment. These brothers and sisters were relating to the people in the community of Highland Park. They were beaten and kidnapped off the streets of Babylon. This is the plot and plan of the fascists to try to exterminate the Black Panther Party. The pig's are openly making statements on radio and T.V. to try and destroy the Party. But the Black Panther Party is strong. It is strong because it's the peoples party. After the statement was made by Pig Mayor Blackwell, J. Hog-Head Hoover made a statement about the Black Panther Party being the most dangerous and violent organization in the country. This pig knows that the Black Panther Party is relating the real deal about this foul system. How these pig forces are carrying out the orders of fascism against the American People in general and Black People in particular. J. Hog Head Hoover knows he is a pig and a pig is a pig is a pig. Right On!!

The lying politicians runs this cold game on the people that the U.S. Government is existing for the benefit of the people. The real deal is that the U.S. Government is the largest fascist force there is. And the Black Panther Party is hip to the game these low-lived pigs are trying to run down. So there is no way out for these pigs.

WHY SHOULD WE ELABORATE THE CONSTITUTION OF THE UNITED STATES?

The Constitution of the U.S.A. does not and never has protected our people or guaranteed to us those lofty ideals enshrined within it. When the Constitution was first adopted we were held as slaves. We were held in slavery under the constitution. We have suffered every form of indignity and imposition under the Constitution, from economic exploitation, political subjugation to physical extermination.

We need no further evidence that there is something wrong with the Constitution of the United States of America. We have had our Human Rights denied and violated perpetually under this Constitution-- for hundreds of years. As a people, we have received neither the Equal Protection of the Laws nor Due Process of Law. Where Human Rights are being daily violated there is denial of Due Process of Law and there is no Equal Protection of the Law. The Constitution of the United States does not guarantee and protect our Economic Rights, or our Political Rights, nor our Social Rights. It does not even guarantee and protect our most basic Human Right, the right to LIVE!

The pigs here in fascist America are using their power to repress the masses of oppressed people. The oppressor makes the laws and then turns these same laws into weapons to be used against the masses of oppressed people.

Evidence of this is seen daily through out the Black Community. Such as the unauthorized imposing of curfew by the mayor of Detroit. We all learned then that the mayor does not have the authority to impose curfews, on June 12, 1970 Mayor Blackwell of Highland Park imposed another of these unauthorized curfews, in which black people are beaten, gassed, shot, arrested, for violation of this illegal curfew.

June 28, 1970 Red, Lawrence White, and Michael Anderson were attacked, gassed, beat upon, arrested, and incarcerated by the Detroit Police Department, and held for \$5,000 dollars ransom apiece. These brothers are in Jail today because they chose to defend themselves when attacked, rather than accepting their own murder in the name of so-called law and order.

June 17, 1970 Mrs. Mc Clure and her two sons Malik and, William Mc Clure, and many more were for no other reason other than general harassment stopped, harassed, beaten, arrested, and charged with resisting and obstructing justice, after which they were also incarcerated.

ities through out the United States of America, where

the United States.

We therefore call for a Revolutionary People's Constitutional Convention, to be convened by the American people, to write a new Constitution that will guarantee and deliver to every American Citizen the inviolable Human Right to Life, Liberty, and Pursuit of Happiness!

Re: Black Panther Party; National
Committee to Combat Fascism

Source one, who has furnished reliable information in the past, advised on August 7, 1970, that the Detroit National Committee to Combat Fascism (NCCF), a front for the Black Panther Party (BPP), has scheduled a picnic at Belle Isle Park, Detroit, Michigan, Sunday, August 9, 1970, to begin at approximately 12 noon.

A characterization of the BPP is contained in the appendix attached hereto.

Source one further stated that the NCCF is getting out leaflets advertising a free picnic, however, they are planning to ask for donations for the barbeque.

Source one further stated that the NCCF has contacted the Youth International Party, Detroit, to obtain sound equipment.

Source one advised on August 10, 1970, that a total of up to 500 persons were at the picnic, however, the NCCF did not appear to make over \$100.00 or \$200.00 as most of the donations were small. The NCCF sold buttons bearing the slogans, "Free Huey", "Seize the Time", or "Free the Panther 21". They also sold records by Elridge Cleaver, BPP Minister of Information, currently in exile in Algiers, Algeria, entitled "Seize the Time" and "Dig." Cleaver's records were also played, but no recordings of Huey Newton were played.

Re: Black Panther Party;
National Committee to Combat Fascism

Source one advised that a photograph of Ronnie Irwin, member of the Detroit NCCF, appeared in "The Detroit Free Press" on August 10, 1970.

"The Detroit Free Press" is a morning newspaper published in Detroit, Michigan, of general circulation.

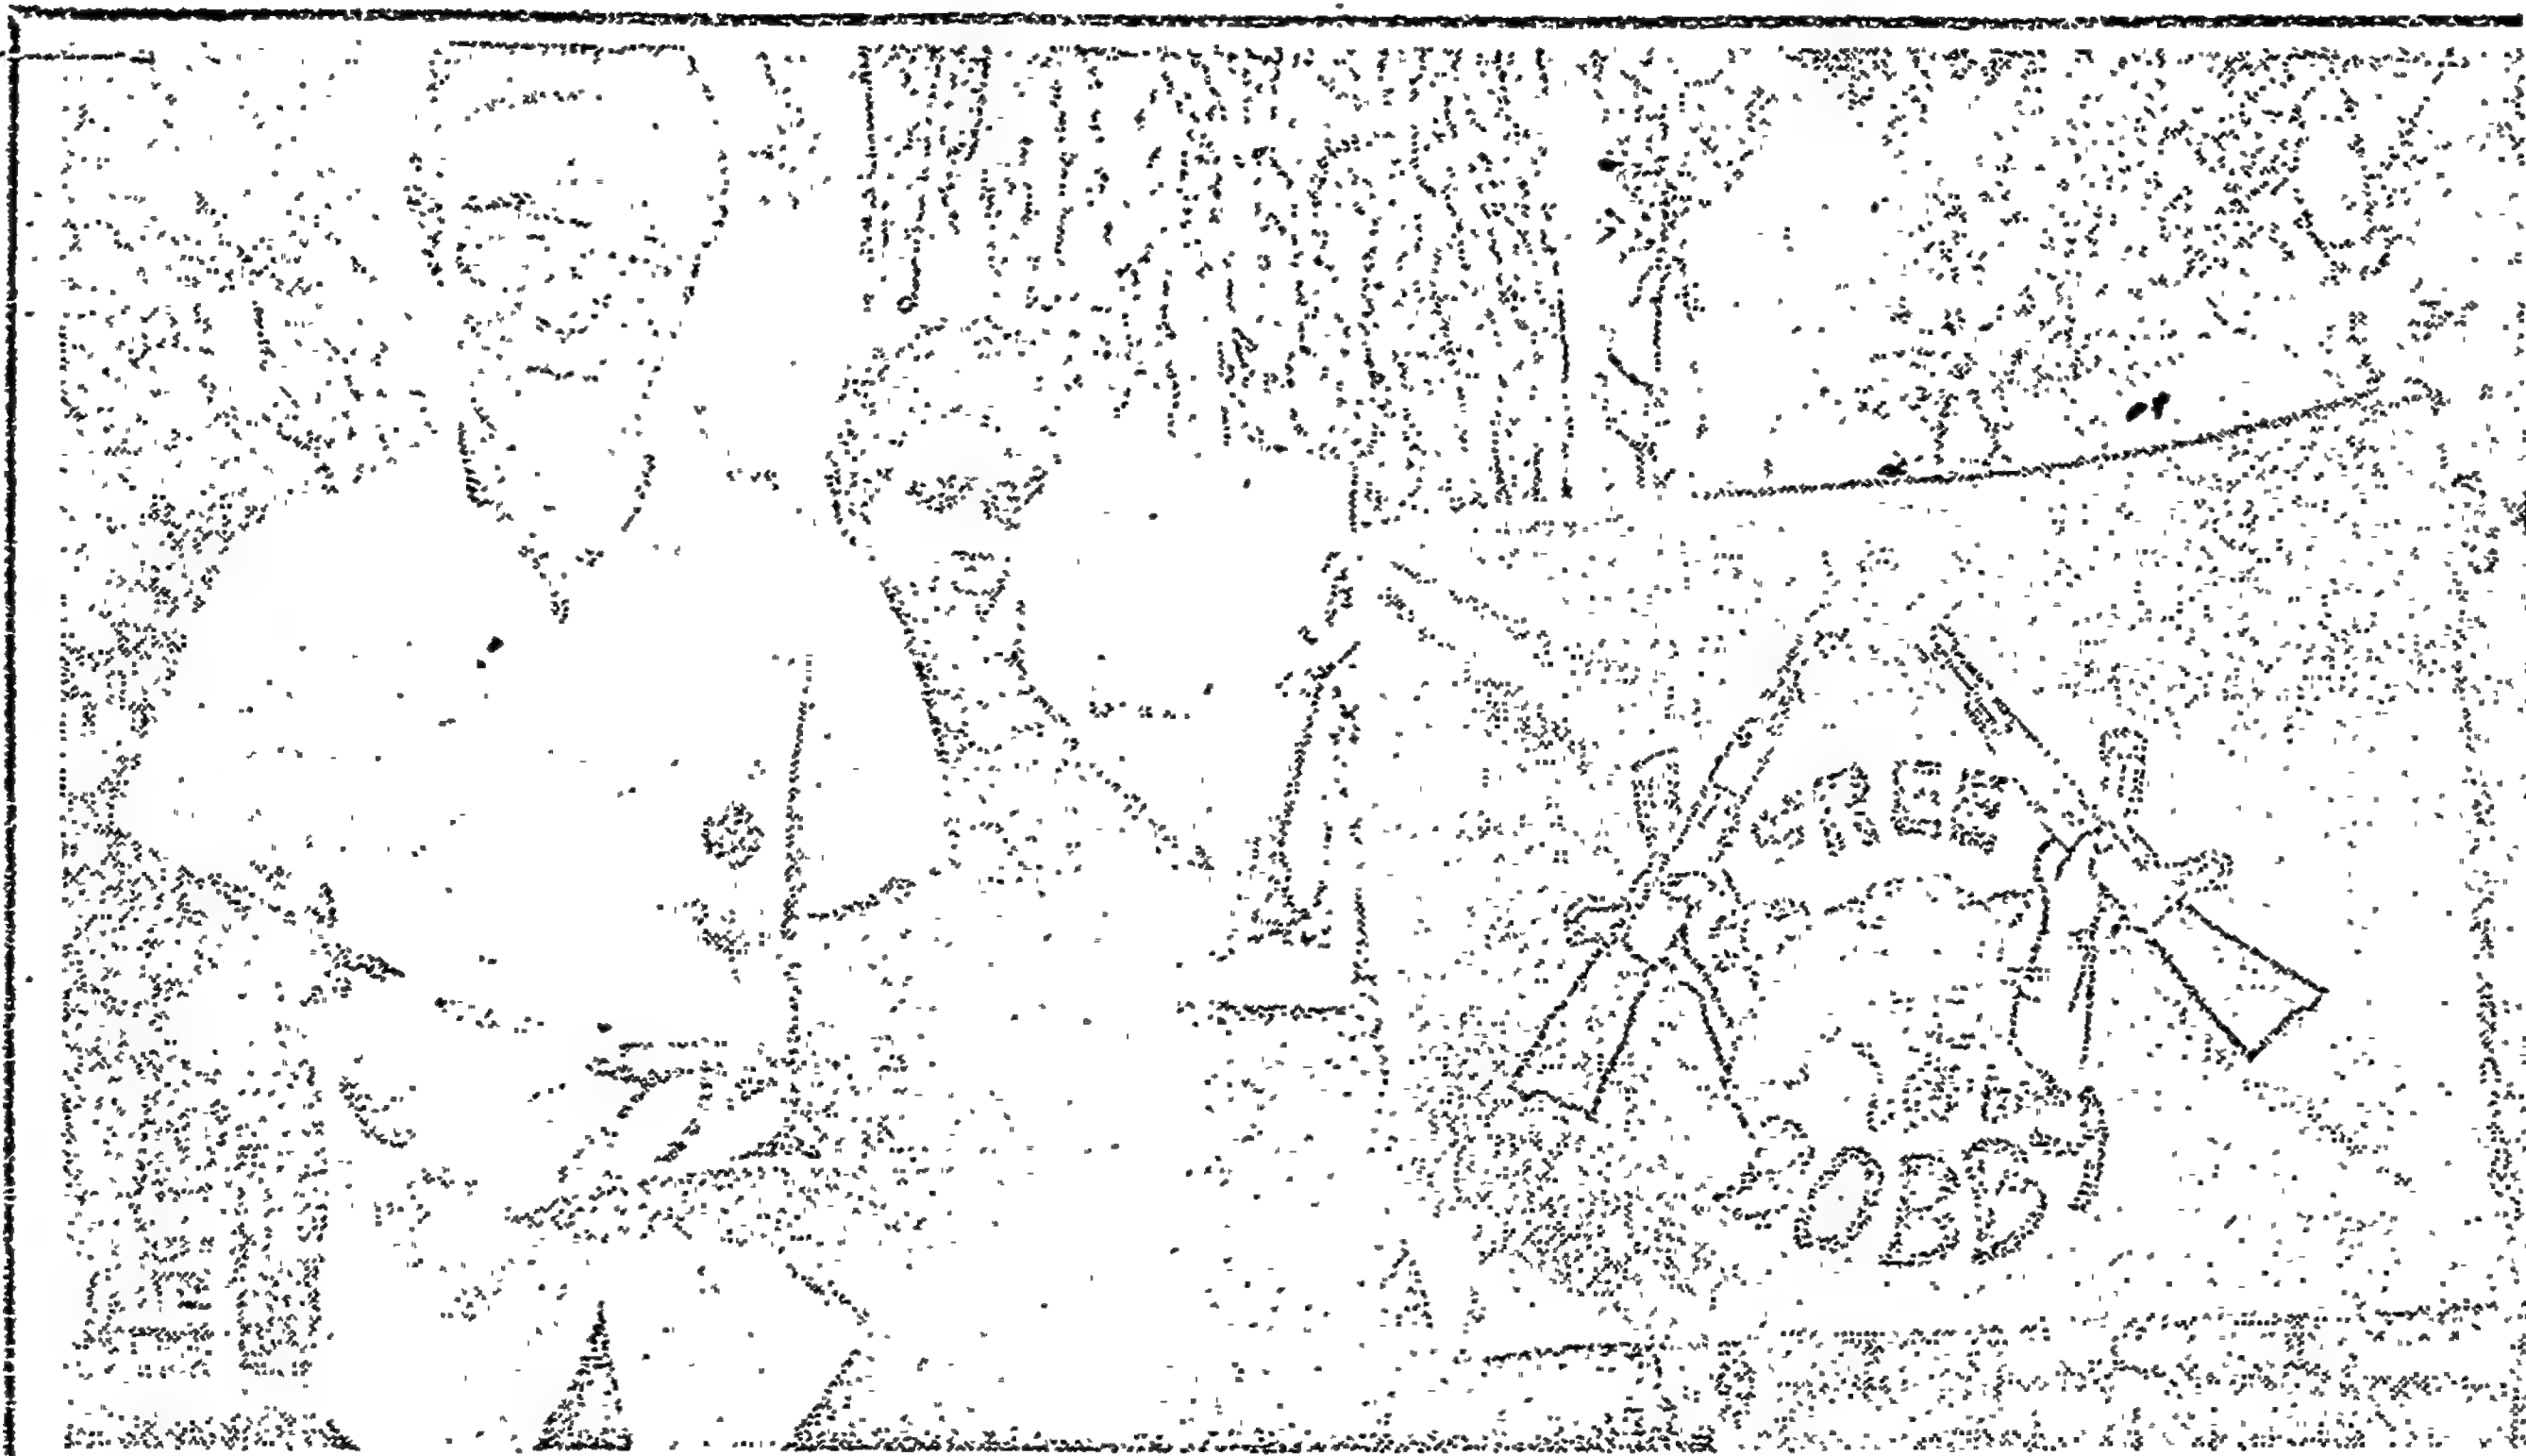

Source two, who has furnished reliable information in the past, advised that the NCCF picnic lasted from approximately 12:30 p.m. to 7:30 p.m., on August 9, 1970.

Source two further advised that there were approximately 150 individuals present most of the time; however, around 4:00 p.m., music was played over the public address system at the band shell which attracted crowds up to approximately 400 people. The majority of these people did not appear to be present because they were motivated by BPP doctrine, but merely curious.

Source two advised that to his knowledge, there were no incidents of violence, and the only damage that occurred was when the NCCF broke open the control house for the electrical power at the band shell in order to turn on the electricity. Members of the NCCF closed the house and turned off the power before leaving.

The following article appeared on page 7A of "The Detroit Free Press" edition, Monday, August 10, 1970:

150 Panthers Mix Rhetoric, Ribs at Belle Isle Picnic

BY TOM NUGENT
Free Press Staff Writer

Surrounded by posters calling for "Worldwide Revolution," newspapers proclaiming "All Power to the People!" and nervous policemen who kept a discreet distance, Detroit's Black Panthers sat down on Belle Isle Sunday and had themselves a family picnic.

It was a rather pleasant, noisy affair, with portable record players blaring out fiery speeches by Panther Defense Minister Huey Newton, children in brilliant sunsuits racing back and forth among sun-washed trees across from Belle Isle's band shell and clucking mothers busy over glowing coals.

Free Press Photo by STEVE THOMPSON

There were revolutionary flags, posters and rhetoric along with the barbecued ribs as the Black Panthers picnicked Sunday.

Still, they were Black Panthers, and their unhappiness with the Establishment was suggested by the menu (200 pounds of barbecued pig), posters depicting black slaves being murdered, and the unfriendly looks they shot at non-Panthers.

While the spare ribs sizzled on open barbecue pits, and the Panthers and their friends sat reading the latest news from exiled Minister of Information Eldridge Cleaver, Panther co-ordinator Chuck Holt explained his organization's newest venture into community affairs:

"It's part of our general program," Holt said. "We invited the entire black community. We want to let the people know what we're doing. We're not going to get anywhere until the people accept us."

HE WAVED at the expanse of picnic tables, smoldering barbecue pits and hungry people.

"All the food was donated," he said, "by people in the community. It doesn't cost a dime to eat here."

He went on to say that the Panther picnics, like the daily breakfasts which the Panthers have been providing for ghetto children for months, would become a regular part of their program.

"We're going to be having Panther picnics every Sunday," he announced, "right here on Belle Isle."

Meanwhile, the crowd of approximately 150—all black, and mostly from Detroit's inner city—devoured great heaps of ribs, hot dogs and hamburgers.

Unhappily, Holt said, the day had not been without incident. That morning, he said, while en route to Belle Isle with the food, Detroit police had pulled his car over and ordered all seven passengers to the police station.

"They'd been following us all morning," Holt said, "but that's nothing new. We're used to it. They said we ran a red light. We didn't."

The police disagreed. They required the driver of the car, Louis Johnson, to post a \$20 bond, since he is from out of state.

"That's the usual routine when we get an out-of-state driver," a police spokesman said.

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

Dear Sir:

The Free Breakfast for School Children is about to cover the country and be initiated in every city where there is a chapter or branch of the Black Panther Party or National Committees to Combat Fascism. This program was created because the Black Panther Party understands that our children need a nourishing breakfast every morning so they can learn.

These breakfasts include every nutrient that they need for the day. For too long our people have gone hungry and without the proper health aids they need. It is a beautiful sight to see our children eat in the morning for it is a fact this enables them to think.

To begin and continue this program it takes donations from concerned people, business, merchants, and grocers who draw their profits from the black and oppressed people in Detroit. We need unlimited donations of foods which can be stored, such as cereal, grits, sugar, cocoa, salt and pepper, jelly and cooking oil.

We need daily and weekly donations of perishable foods such as eggs, milk, oranges, bacon, sausage, chopped ham, butter, donuts, and bread.

We need cash donations, unselfish donations of money, small and large donations of money, to buy food and utensils with which to serve the children and to serve the people.

If you want to help make the Free breakfast for Children a program that truly satisfies the pressing needs of Black People, please call the National Committees to Combat Fascism at 868-9836 to offer your donations or services.

BREAKFAST FOR SCHOOL CHILDREN PROGRAMS

A HEALTHY BODY BREEDS A HEALTHY MIND

Meeting the needs of the people is the main concern of the Black Panther Party and the National Committees to Combat Fascism. Toward this end we've started the FREE BREAKFAST FOR SCHOOL CHILDREN PROGRAM. The schools and the Board of Education should have implemented this program a long time ago. But it is a fact that they don't have the interests of the people at heart. So our children have gone hungry. The continuation of this hunger means the survival of greedy businessmen, lying politicians and racist, disinterested teachers. Knowing this, we cannot as oppressed people allow this to continue. We know that healthy minds and bodies are a necessity to gain an education, necessary to throw off the chains on our minds and our bodies. People in the black community, welfare recipients, grandmothers, guardians, and others who are trying to raise children in the communities where businessmen cheat us, politicians who lie to us, and pig cops brutalize and murder us are asked to come forth to work and support this much needed program.

This program is run through donations of concerned people and the greedy businessmen that pinch selfishly a little to the program. We say that this is not enough, especially from those that thrive off the Black Community like leeches. All of the greedy businessmen have their factories etc. centered in the community and even most of the people that work in these sweat shops are members of the oppressed masses.

It is a beautiful sight to see our children eat in the mornings after remembering the times when our stomachs were not full, and even the teachers in the schools say that there is a great improvement in the academic skills of children that do get the breakfast. At one time there were children that passed out in class from hunger, or had to be sent home for something to eat. But our children shall be fed, and the National Committees to Combat Fascism will not let the malady of hunger keep our children down any longer. Our children are the only thing that we can call our own. To let our children suffer is to insure the people's defeat and the oppressor's victory.

DETROIT CHAPTER 2219 INDIANAPOLIS

FREE HUEY

HUEY!! HUEY!! HUEY!!

FREE HUEY!... a call that has sounded from coast to coast; words that have penetrated the ears of millions of people from every walk of life. **FREE HUEY!**... What does it mean to you? Huey P. Newton, Minister of Defense of the Black Panther Party, is being held at California Men's Colony.. He is a Political Prisoner; jailed for exposing to the people the true nature of this decadent society. And even behind iron bars this great man cannot be silenced, nor can his spirit be smothered under the oppressive conditions of capital detention. The Genius of Huey P. Newton rings loud along with the millions of people who know that his life is in the service of the people.

As co-founder of the Black Panther Party, Huey understood the need for mass-mobilization of all oppressed people and Black people in particular. It is necessary to have a People's Party to combat the political elements that keep Black people on the lowest socio-economic level. "The Black Panther Party" Huey states, "is a revolutionary Nationalist group and we can see a major contradiction between capitalism in this country and our own interest. We realize that this country became very rich upon slavery and that slavery is capitalism in the extreme. We have two evils to fight, capitalism and racism. We must destroy both racism and capitalism". Today racism and repression have reached an even higher level. The genocidal imperialistic war of aggression in Vietnam is not separate and disconnected from the genocidal, fascist wars of repression going on against Black People within the confines of the United States. The U.S. ruling class is the number one enemy of all oppressed peoples and to insure peace in America to All its people is to insure peace through-out the world for all the people. We know that as long as fascist wars of repression and imperialist wars of aggression are inflicted on any people anywhere there will be no peace.

Huey is not an idol to the progressive people in this nation, just as Malcolm X was not an idol; we ask conscious people to support men like Huey and Malcolm because they have set a correct example for the people to follow. We support ANYONE WHO SETS A CORRECT EXAMPLE taking into consideration the interest and needs of the people. Huey, as Malcolm did, implemented into mass DEMOCRACY. Can any common understanding person deny land, bread, housing, education, clothing, justice, and peace as being basic and fundamental needs. Of course not....then how can we allow a system to condemn such revolutionary men and women like Huey P. Newton and Brika Higgins? People who have dedicated their lives to make a better way of living for all people regardless of race, color, religion or ethnic background.

In years past, we have celebrated Huey's birthday nationally to commemorate him for his contributions to the liberation struggle. Huey was born February 17, 1942 and with the power of the people he will continue to live and educate the people so that All men may enjoy what has only been given to a few.

This year February 14th & 15th will be dates of National and International recognition. To speak out against racism and repression is not enough. To make declarations and legislations, federal inquiries and proclamations is not enough. Now is the time to serve the people with dedication to the Struggle to be free...and remember that it is YOUR struggle too!

FREE HUEY

HUEY!! continued

Join us in Berkeley and Los Angeles California, New York, New Haven, Boston, Philadelphia, Chicago, Ann Arbor, Detroit and many other cities through-out the country. These celebrations for Huey will be educational. It will not be a joyous occasion because the brother will not be physically free to join us. emphasis will be on raising the awareness of all people and to initiate a desire in those people to become active and change the status-quo from the silent majority to proud Americans determined to survive in DECADENT AMERIKKA.

We expect to have a tape from Eldridge Cleaver, Minister of Information of the Black Panther Party, dealing with the proposed Prisoner Of War Exchange for American GI's in Vietnam for Bobby Seale, Chairman of the Black Panther Party, and Huey P. Newton. Films will be shown along with entertainment and various community speakers.

From Here To The Furnace

Brothers and Sisters, this is our day of judgement. We must prepare ourselves or be exterminated. The furnaces are here, it is only necessary to see the glow. To sit by passively and let a bunch of plutocratic, racist madmen destroy our dedicated and courageous black brother and leader, Huey P. Newton, is a means of endorsing an infernal plot to commit genocide on people of color throughout the world.

Huey P. Newton is more than just another black man, Huey is the key that is necessary to open the gate that imprisons thousands of innocent black men who were railroaded in the same unconstitutional manner. We must understand this will not be an easy victory. This is a fight for survival, and the security of our black nation is at stake.

In order to exonerate our leader, we must dedicate more than just vocal participation, words never freed anyone. We must organize and take up where our brother left off. We must begin now to put his ideas into actuality; our every action should be channeled toward freedom for our revolutionary brother. We are at the crossroads of our struggle for freedom. If we are not victorious, not only will we lose our black liberator, but we will be looked upon as not worthy to bear the title of men.

It is imperative that we understand this. We cannot call ourselves beneficiaries of this super sensitive black man if we allow these predatory beast to gas him. We can begin to write our epitaph because we are next.

The furnaces are here, it is only necessary to see the glow.

of the National Committees to Combat Fascism which is an organizing bureau of the Black Panther Party were brutally beaten and almost murdered by the Detroit pig and fire department. On the night of March 8, 1970 there was a fire at 3165 Third Avenue. As the firemen were putting out the fire. They claim that they were fired upon to stop them from dealing with the fire. It is at this point that they were to have traced the gun fire to the address of 3215 Fourth Street in the Jeffries projects, in which at this time two pigs out of 50 who had surrounded the house, came up to the entrance of the apartment and without any warning fired into the apartment. After they fired into the home of these brothers. The rest that had surrounded the house began shooting into it relentlessly. The weapons used on the brothers were tommy guns, riot pump shotguns and other weapons of war.

People of the community these brothers did not fire upon fireman putting out a fire. This is just a lie, aimed at justifying what they have attempted to do, murder these brothers, Gino Slay, Solomon Williams, Juan Paschell, Micheal Parker, were attacked by these mad racist dog pigs. These brothers said and did what the Black Community has always wanted to say and do themselves for so long. That is, to move and destroy the power structure and all its parts and components in our community. Stopping us from becoming free.

It is with these thoughts, that they protected themselves from the fascist dogs by the means of the gun. More pigs were rushed into the community and were aided by bootlicking niggers. The Jones family allowed these pigs to shoot up out community, by letting them shoot from their windows and doors. The pigs then began to shoot hundreds of rounds of tear-gas in the brothers home and in our community. At 8:35p.m. the people's warriors stood between the fascist pigs and the Black Community with honorable dignity of warriors standing as one with the people. The pigs then began to brutally beat all of the brothers up and down the projects. They were beaten so badly that they are still in the hospital today. They

resisting arrest, and malicious destruction of government property. Their bond is \$1000 apiece

People of the community this is not the first time that the pigs have attempted to murder the rank and file of the N.C.C.F. which is as I have said before an organizing bureau of the Black Panther Party. They have this in the last two months condemned and closed whole building where we have our breakfast programs, feeding hungry children in the morning. They are part and parcel of the fascist power structure. Our members such as Tyrone Hill, have been kidnapped off of the streets. This brother has been missing since March 3, 1970. He was last seen that day selling the Black Panther, Black Community News Service at 3:00 p.m. He had always been threatened along with other members, by the pigs, with being kidnapped and killed, because we serve the people. Attempted attacks have been made upon the people's Community Information Centers by the pigs. Pigs are trying to stop us from opening our new center on the East side at 7700 Mack and Baldwin. The pigs have attacked Norman McK and myself while we were downtown selling the people's newspaper.

All these attacks upon us and the Black Community clearly show us that the fascist pigs have and still are committing genocide against us. The Black Panther Party for

self-defense believes that the time has come for Black People to arm themselves against this terror before it is too late. People who have suffered so much for so long at the hands of a racist society must rise up as one man to halt the progression a trend that leads inevitably to their total destruction. Huey P. Friday, August 15, 1969, members of the US Organization, headed by LeRoi Jones and Ron Karenga, murdered Brother Sylvester Bell of the San Diego Branch of the Black Panther Party. Sylvester Bell is the fourth member of the Black Panther Party to be murdered by this so-called "Black" Organization since January 17, of this year. Apprentice "Bunchy" Carter, Deputy Minister of Defense for Southern California, and John Jerome Huggins, Deputy Minister of Information of Southern California were murdered by members of the same organization on January 17, 1969, on the UCLA campus. Lt. John Savage was murdered by this same organization on May 23, 1969, on the streets of San Diego.

The Black Panther Party calls on all revolutionary and progressive elements, Black or White, to actively condemn Black Capitalism and its Lap-dog, Cultural Nationalism. We call on all who would condemn the puppet fascist regime of Papa Doc in Haiti and Ky in Viet Nam, to likewise condemn the federally financed puppet regime of LeRoi Jones and Ron Karenga, the High Priests of Cultural Nationalism, Black Racism, and Black Fascism. This condemnation must be both in theory and in practice. Historically, the murder of Panthers has been a primary job of Fascist Pigs. We call you, all the people, and all progressive elements of society to give murderous pigs their just treatment. As to whether a Fascist Pig is Black, Brown, Red, Yellow, or White is of little relative importance.

ATTENTION!!! People of Detroit, and all progressive elements of the Black community. Awaken. On the fifth and twenty-third days of April, 1970, Black Detroit and progressive elements will have the great insult of witnessing the arrival of the so called Cultural (Pig) Nationalists Ron Karanga and Le Roi (Lackey) Jones at the Shrine of the Black Madonna. These two foul endorsers of exploitation, have the gall to come to Detroit and lie to the people for the pig Power Structure.

Ron Karanga or Ronald Everett is the so-called leader of the cultural Nationalistic group called US. US is an organization made up by buffoons who tell the people that they are working to help them when they're actually helping the pig capitalists exploit them. He receives funds from the racist, fascist, AmeriKKKan government. He thinks that the only things that the oppressed Black Community needs to recreation, Creation, and Circulation. Karangatan's organization has received funds from Rockefeller's Standard Oil Company and other government agencies. The exact people, the most foulest of the human species ever to walk the earth, who make war for money and capital. He is supported by the avaricious, (greedy) businessmen and lying (demagogic) politicians.

Ron Karanga is the pig who was responsible for the murders of the people's warriors, Alprentice (Bunchy) Carter Deputy Minister of Defense, John Jerome Huggins Deputy Minister of Information, Sylvester Bell, and John Savage all of California, in and around the month of January, 1969. Brothers Bunchy and John saw what Karanga was saying to the college campuses as

fas as preaching Black racism, Black Capitalism and irrelevant Cultural Nationalism. The lying pig press called the murders of John and Bunchy as struggle for control of a Black Studies program. This is the way the press tries to smooth over acts committed against the Black Panther Party and the National Committees. He has proven himself and his organization to be enemies of the people.

Pig Lackey Le Roi Jones will be here also in Detroit at Rev. Cleage's Church, the Shrine of the Black Madonna, on April 23 preaching the madness of the US organization. He is the so-called intellectual high priest of the group who also is financed through capitalistic sources. The Detroit Chapter of the National Committee to Combat Fascism say that these two pig collaborators must not be allowed to bring chaos and confusion to the progressive elements of the Black Community. We say that the people because they are the enemies of the people.

The People have held a tribunal and the people have found Ron Karenga and his US Organization guilty of Cold-blooded murder. The murders of Alprentice (Bunchy) Carter and John (Jerome) Huggins.

These buffoon, bootlicking, Niggers have been tried and judged. The people say an eye for an eye and a tooth for a tooth. Bunchy, John, Sylvester and John will be revenged. The Black Community will not tolerate the madness that these buffoon, bootlickers plan to spread throughout our Black Community. People, you must unite and stop these madmen from coming to Detroit. We must stand together and oppose all destructive forces coming into the Black Community.

THE FASCISTS ALREADY DECIDED IN ADVANCE TO MURDER

ELDRIDGE CLEAVER MINISTER
OF INFORMATION BLACK PANTHER
PARTY

CHAIRMAN BOBBY SEALE IN THE ELECTRIC CHAIR

INTERNATIONAL SECTION B.P.P.

Alger, Algeria

SUBJECT: Press Release

DATE: March 2, 1970

CONCERNING: The preplanned political murder of Bobby Seale, Chairman of the Black Panther Party, in the electric chair in the state of Connecticut.

The primary Task of the American Revolution, at this point in our history, is to defeat the Number One maneuver of the power-structure, which is to make an example of Bobby Seale by putting him to death in the electric chair in the state of Connecticut.

The fascists have already decided in advance to murder Chairman Bobby Seale in their all-out effort to destroy the leadership of the Black Panther Party and to intimidate our membership in particular and all progressive peoples and organizations. This should be crystal clear even to a blind man. The vicious political persecution of Chairman Bobby Seale ranges in time over a four year period-- from the very beginning of the Black Panther Party-- and geographically it follows a twisted trail of trumped-up charges from Oakland, Sacramento, Berkeley, San Francisco, Chicago, and now to Connecticut. The plot against Bobby Seale in particular is so outrageously obvious that even these shameless pigs should not have the gall to pull it off.

But the fact that they are going full speed ahead with this disgraceful conspiracy should make it clear once and for all, that a desperate hour is upon us and we have no time to lose if we are to salvage the situation. Because one thing must be made absolutely clear to America: no matter what the white people of America are prepared to accept, Black people do not accept this ultimate attempt to bind and gag Bobby Seale with death because of the fearless leadership that he has given to our people.

Black people will never accept this premeditated decision of the decision of the fascist power structure to murder Chairman Bobby Seale in the Electric Chair. So that the question is now posed pure and simple: Is America going to have a Class War or a Race War?

Our brothers are being murdered in their sleep by the shock troopers of the power structure, our offices are being subjected to all-out military attack: our lawyers are being sentenced to prison along with us, and the fascist Nixon administration has unleashed the political police of the F.B.I. and thrown away all pretenses of justice and equality under the law. Lip-service to the constitution of the United States of America has been replaced by outright fascist terror and naked repression. Hundreds of our party members have been Jacked-up on highly political charges. Scores of our Party members languish in jails and prisons, subjected to scandalously high bails that are length and tantamount to ransom. Throughout the length and breadth of this depraved land, the situation is the same. It is nothing but an attempt to sabotage the 400 year struggle of our people for freedom and liberation.

Our Minister of Defense, Huey P. Newton teaches us that in order to have security from the unceasing aggression of the enemy, we must always be in a position to inflict a political consequence upon the aggressor for each act of aggression. This attempt to murder Chairman Bobby Seale cold-bloodedly in the ultimate aggression against Black people. It is a calculated step taken by fascist pigs in the unfolding of their vicious blueprint of genocide against Black people. We, Black people, if we are forced to go it alone, must be prepared to unleash the ultimate political consequence upon this racist nation. The ultimate political consequence that Black people have in their power to unleash is Race War. Indeed, we have been and at this very moment are the victims of a systematic racist repression. The Black Panther Party, as everybody knows has taken a leading role in trying to avoid precisely this disastrous Race War which the fascist oppressors have been working night and day to bring about. But we cannot and will not continue this policy to the point of racial suicide. We will not sacrifice Chairman Bobby Seale on the altar of interracial harmony if white people continue to sit back and allow this gastly plot to go forward. So if the so-called loving White people of America do not stand up now, while there are still a few moments of time left, and put an end to the persecution of Chairman Bobby Seale, then Black people will have to go it alone and step forward alone. This will mean the end of our dreams for the Class War which America needs and the beginning of the Race War which America cannot endure. This is the political consequence which which America faces because of this unspeakably evil attempt to murder Chairman Bobby Seale in the Electric Chair.

FASCIST PIGS ATTACK MEMBERS of DETROITS N.C.C.F.

On Thursday April 15, 1970 at 11:30pm the Fascist pigs of Detroit's Tactical Mobile Unit pigishly and, viciously attacked four members of the National Committee to Combat Fascism.

Harriet Walker 19, years old, Alesia Williams 15, years old, Billy Jerome Phillips 18 years old, and Michael Cunningham 17 years old, were on their way to the West-side office at 2219 Indiandale, when three car loads of pigs rode up to them and oinked "get in the car". The four youths were on West Grand Blv. at the lodge express way when they were stopped, they asked why they were being arrested. The pigs only oinked again, "get in the car". The pigs began to beat them and force them into the car, sisters in one and the brothers in another. The sisters were forced to ride with their heads down so the people of the community could not witness the kidnapping. One of the pig cars drove off. The two cars with Harriet and Alesia, Billy and Michael started out to Gross Pointe just past the far east side of Detroit and drove into an alley. In the alley the pigs told all four to get out of the car then told them to run.

Remembering back to April 6, 1968, when Lil' Bobby Hutton was told to run by the racist Oakland pigs, and as he walked toward the pig car with his hands in the air was fasciously murdered, over killed, shot 17 times in the back, these brothers and sisters refused to run. One of the pigs threw Billy against the car another pig slapped Harriet. Billy turned and started toward the pig to help Harriet defend herself, when another pig grabbed his arm threw him to the ground and the two of them started kicking and stamping his arm, and beat him with night sticks, then hand cuffed him. The fascist pigs turned to Michael saying "you ain't got your ass beat yet". At this these fascist foul racist pigs began to beat Michael and the two sisters. Michael was beaten in the head and chest while the sisters were mostly beaten in the head and abdomen with fist and clubs. While on route to Gross Pointe the pigs had taken all their money and belongings, so they walked back to the eastside office at 7708 Mack.

Earlier Harriet, Alecia, and Billy had been harrassed by the pigs at Wayne State in the Student Union Building. The excuse the pigs used this time was that they had received a report that some people had been running through the building trying to break into the candy machines.

When the pig slapped Harriet it was because she had stepped back to get the license plate number, the pig told her she wasn't gotten no numbers. These racist pigs didn't want to be identified later, they all took off their badges for the same reason. But these pigs didn't close the eyes of the community. We are talking about the liberation of the poor and oppressed masses, not just a few but millions of people, and they did see they have seen for many years. The people will deal with those fascist racist low natured pigs of the power structure.

We are talking about an enemy of the people a common oppressor, the power structure. It's true that time is growing short, but it is a fact that time is growing shorter faster for the fascist pigs of Amerikkka. We will free ourselves and the people by any means necessary.

We of the black community do not have to break any of the so-called laws of this fascist government for a crime to have been committed. Here in fascist Amerikkka the black community commits a crime by merely existing. We realize that this fascist government has planned to commit genocide on the entire oppressed black community. We will no longer let these courts of injustice play games of "who done it," and "the pigs ain't never guilty," when we know all too well that the pigs of the power structure are the criminals and we have time and time again fallen victims. If we as a people are not allowed to enjoy the fruits of this land which our blood and sweat built, then we as a people fill it has not the right to exist.

"Because Black people desire to determine their

own destiny, they are constantly inflicted with

brutality from the occupying forces

1. April 19, 1970 - Clifford McKee stopped by Troy, Michigan police, taken to Troy jail. Troy police called Detroit police and were told that he had not appeared for a court date and to hold him. McKee placed in a room with a phone that did not work and told he could call. Attorney Dean Robb was called by someone else and went out and had McKee released because he had been in court was released no charges, but who in Detroit Police Department was responsible for giving our false information?
2. April 1970 - Tony Norman and Andre Mitchell selling Panther papers in front of J.L. Hudson's on Woodward. A young Black man in civilian clothes engaged them in conversation and started asking them questions about the Panthers and eventually showed a badge identifying himself as a police officer. An argument ensued and both were taken up to J.L. Hudson's security officer. Mitchell was released but Norman was struck by one of the plain clothes officers and charged with creating an improper diversion. The next day Norman went to traffic court (Room 211) and asked for an adjournment and was charged with interfering with a police officer.
3. April 14 or 15, 1970 - Charles Holt stopped by police in 14th Precinct. Told by officers "We know what you are doing. You are extorting money from the merchants." Holt said, "No, these people are supporting our free breakfast program." Police, "You don't mind if we take some then, and reached for the bacon. Holt told the policemen that they couldn't have any food. A scuffle ensued. One officer asked Holt, "Who lives at 2219 Indiandale? How many Panthers are there in Detroit? We are going to knock that house over." Holt had a car load of food, taken in, no charge - held over night. When calls were made, denials were made that he was there. Finally released after numerous calls were made. No charges. While in jail he was beaten and numerous political questions were asked about the Panthers. When released he went to car and found all the food gone out of trunk.
4. January 3, 1970 - Charles Holt and Norman McKee picked up by police charged with extortion, while they were picking up food for the free breakfast program. Later charge was dropped to soliciting for a charitable organization without a license. Later entire case was dropped. Taken to 1st Precinct from Eastern Market, no merchants complained. Police asked Holt and McKee about the FREE BOBBY buttons on their jacket.
5. October 1969 - Brenda Jackson selling papers in front of Kresges downtown. Uniformed police officer told her she had to be 18 to sell papers. Asked her for proof of age. She told him that since people solicit for girl scout cookies at age of 12, she did not have to show proof. Arrested and taken to 1st precinct. Told by same officer - "You have to be 18 to sell in loop area." No charges, released after two hours, no phone calls permitted.
6. March 11, 1970 - Rented truck used by Panthers in Detroit to pick up food for free breakfast program, deliver papers, was legally parked near Panther eastside office (Mack & Baldwin). Two uniformed officers of Tactical Mobil Unit had stopped and one was going through the truck. One of the people from the Panther office came out and asked the officer why he was opening the door of the truck. The officer told the person from the Panther office, Norman McKee, that the truck was stolen and anyway it was none of his G--D--- business." McKee told him the truck was rented but that the papers were at another location. The officer pushed McKee against the truck, Victor Grayson from the Panther office came out and asked what was going on and why McKee was being pushed around. Eight to ten police cars came out from the 7th precinct. Both McKee and Grayson were roughed up, searched, handcuffed behind their backs, and taken to the 7th precinct and charged with larceny by conversion. On the way to the

station, the following statements were made by one of the officers who took the men in, "Shut up N-----, you Panthers think your're bad. I'll beat your black ass." Both men taken to police headquarters: McKee released the next day, no charges. Grayson taken to Ann Arbor jail because of tickets.

7. Friday, March 27, 1970 (2:45 p.m.) Statement made by James Pita, Jr. - "I was leaving the Metropolitan Detroit AFL-CIO office at 2316 Cass Avenue, and walking South on Cass Avenue when two police officers of the Detroit Police Department, sitting in a Scout Car, stopped me and motioned me to come over to the car. Policeman - Badge #3062 - asked me my name and where was I going and what did I have under my arm. (I had 100 issues of the Black Panther newspaper.) I told him I didn't have to tell him nothing but my name, and he, Badge #3062, said to show him something with my name on it. I showed him my school I.D. card, and he wrote my name down and said he was going to put me on their list, and that if anything happened to either of them, he would know where to find me.

"Badge #3062 asked me where was I going to sell papers, and did I have a permit, and I told him that I did not need a permit. He told me that I was on a public street and that he controls the streets and that in order for me to control the streets I would have to walk over him.

"The Badge #1804 searched me without probable cause and kept threatening to take me in. They both kept intimidating me with remarks about Russia, Cuba, and China, telling me that they had revolutions and look what it got them.

"Badge #3062 finally ended by saying that I shouldn't shoot any police officers in the back at night because that's the way cowards do it. But, he said, he'll meet me face to face in armed confrontation anywhere, anytime."

A letter was sent by Tom Turner, President of the Metropolitan Detroit AFL-CIO to Police Commissioner Murphy regarding this (a copy also went to Judge Lincoln), but Commissioner Murphy has not answered yet.

8. February 7, 1970 - Edward Horn and Billy Phillips - arrested at Stimson and John Lodge Expressway, alleged to be painting signs on property "Free Huey" and charged with malicious destruction of property over \$100.

9. March 31, 1970 (approximate date) Clifford McKee selling papers in front of J.L. Hudson's - charged with interfering with a pedestrian. Case dismissed May 13, 1970

10. April 16, 1970 - Billy Phillips, Harriet Walker (19), Olesia Williams (16) & Michael Cunningham (17) were in the vicinity of W. Grand Blvd. and John Lodge at about midnite, they were carrying Panther papers. Two squad cars pulled up and ordered the youngsters into the cars. (The young women in one and the young men in the other.) They were forced to sit on the floor and were cursed at and threatened. Driven around for a while and taken to an area in Grosse Pointe or the northeast side of Detroit (an all-white area) and then shoved around, beaten and told, "We are going to kill all you Panthers." "Get out and run." All of the papers and about \$37 was taken. The four were released after this continuous harrassment which lasted for some time.

11. May 9, 1970 - Two plain clothes police officers started asking LaMarx Bellinger and Victor Grayson numerous questions about the Panthers while they were selling papers on Woodward Ave. downtown, an argument ensued and the two were arrested and taken to the 1st precinct and charged with resisting and obstructing later reduced to assault and battery, then to simple assault. Both were released on May 11 on the reduced charges. While being taken the following was stated by one of the officers, "Cool Panthers don't get like this." Another said, "We killed Fred Hampton and Mark Clark and we'll get you next."

12. May 12, 1970 - Lonnie Darden and another unidentified Panther were taking pictures of the plain clothes officers on Woodward. They were taken in to 1st precinct and the camera was confiscated and film destroyed. These two went out again and were rearrested, but no charges were filed and released after being harrassed. Attorney Justin C. Ravitz went to get them released. Police denied they were arrested even though Darden was ticketed for interfering with a police officer and had to appear in court the next day.

13. February 21, 1970 - Larry Powell, Norman McKee, James Pita were arrested at about 4 p.m. at Kresges department store while selling Panther papers. All three were beaten by police, taken to 1st precinct. James had five stitches in head, taken to Detroit General. Police said he had run into a wall. Stitches on top of his head. Larry and Norman charged with felonious assault. James taken to juvenile - charged with assault with intent to commit murder. Later changed to felonious assault. This occurred after a demonstration by some white youths protesting the "conspiracy trial" in Chicago. The white youths broke a window at J.L. Hudson's store and some ran into Kresges. Several police officers ran into Kresges (all had removed their badges), but according to several people, the police began pushing and clubbing black people in the vicinity and attacked and chased the people selling the Panther paper, none of whom were involved in the demonstration. The police claim some people were throwing bottles at them. An unidentified police spokesman was quoted in the local papers when asked if the police knew the Panthers were on that corner, "We are quite aware that they are there." McKee and Powell were released on \$500 bond.

14. February 23, 1970 (1:30 p.m.) - Charles Holt received a call at Panther office from a person identifying himself as the Goldfarb Bonding Agency telling him that McKee and Powell would have to go there and sign the papers over again because there was a typing error on the bond. Holt drove McKee and Powell down to bonding office. When they arrived several Detroit Police Officers were there with badges off. The police drew their guns and took McKee and Powell to Wayne County jail. A scuffle ensued, and Holt was pistol whipped, injuring his arm for which he was treated at V.A. hospital. (Holt is a Vietnam veteran.) The bonding agency told Norman and Larry that the bond was \$5,000 and that they had received a call from the court stating that there was an error. Therefore, the bond was revoked since there was not enough premium for a \$5,000 bond. Attorney Justin C. Ravitz was called and after several hours was able to contact Judge Robert Evans who had them released on the original \$500 bond, because there was no error in the bond, Goldfarb agency seemed unwilling to cooperate and appeared intimidated by someone so the Wardford Bonding Agency put up the \$500 bond. When Holt, McKee, and Powell were taken to Wayne County jail guns were held to their heads and several Sheriff's deputies said "We have a bet on as to who is going to kill you and Malik first, us or the Detroit police."

15. Feb. 1970 - Tony Norman (20), arrested in alley behind Panther office on West Side. He had taken garbage out. Four police officers, one in uniform, stopped him and with guns drawn said "Move and you are dead." He was taken to the 10th precinct;

on the way he was to by one plainclothes officer, "I are waiting for you, Panther, to start something so that we can finish all you Niggers off, you yellow-bellied S.O.B." A witness inside the Panther office saw this and although the 10th precinct was called by several people that evening, the 10th precinct denied Norman was in the station. It was not until the next day when a witness came to the station who had seen the police pick him up that he was released.

16. Dec. 11, 1969 - 10th precinct police received a call that there was a stabbing at 2219 Indiana. Six carloads of police officers with shot guns showed up for the investigation. This is the West Side Panther headquarters. The people at the Panther office called several people and because of this a confrontation was avoided. No one had been stabbed at this address.

17. December, 1969 - Several people arrested in front of Hudson's while selling Panther paper released - no charges.

18. Dec. 29, 1969 - Tactical Mobile Unit car of Detroit Police takes pictures of several people selling Panther paper.

19. Dec. 27, 1969 - Police cars park in front of building - West Side Panther headquarters - approximate time 3:00 a.m. - Police stayed in vicinity for about three hours, parked with lights off.

20. Approximate date, April 19, 1970 (afternoon) - C. Holt stopped at Mack and St. Jean. Was told that truck was stolen. He told officers it wasn't. He was taken in and fingerprinted. No charges lodged. Not allowed to use phone. A plainclothes officer identified as Sgt. Payne or Paytick (name may not be accurate) said "I see we have a celebrity here - Chuck Holt - What's been going on at the Panther office today?" Officer then implied that the police had almost knocked off the Panther office in December and may try again.

21. Approximate date, March 3, 1970 - 5:00 a.m. - C. Holt on way out of house to get into truck. Eight uniformed 14th precinct officers with guns drawn said "Don't move or we'll kill you. Put your hands over your head." They held a shotgun to his head. He was taken to 14th precinct, and held until 8:00 p.m. in the basement. Various people called and were told he was not there. Finally released - no charge.

22. March 19, 1970 - Andre Mitchell and Wendell Calloway arrested while selling papers downtown Detroit. Released on personal bond.

23. January, 1970 - Robert Smith had previously been ticketed while selling Panther paper, charged with interfering with pedestrian traffic. He was beaten by Detroit police in courtroom.

24. Jan. 30, 1970 - James Pita was attending basketball game at MacKenzie High School. Four plainclothes officers were pushing their way through crowd. One engaged in a brief pushing incident with Pita, grabbed him and said, looking at the FREE BOBBY button, "Oh, we got a Panther." He was handcuffed and pushed into a car and was told that the Panthers are going to be all killed off and was asked numerous political questions about Panther beliefs and the officers told him that the Panthers were racists who wanted to kill off all white people. Parents not called until he was on his way (two hours later) to juvenile home. Not released until next day. \$1,000 bond asked. Charged with assault and battery on a police officer. Case finally dismissed.

The Fascist have planned in advance to murder our Chairman Bobby Seale in the electric Chair. We can see by the recent rise in the attacks on our offices in particular and the members of the Black Community in general, That the Fascist do plan to sentence Bobby Seale to the electric chair after which the racist fascist pigs of the power structure will invade the Black Community and kill Black men, women and children at will, only this time they won't even try to make one of their foul lame excuses. It is a fact that the pigs of the power structure do plan to commit genocide on the whole of the Black Community.

Here in Detroit and across the nation students have been striking in support of the Chairman Bobby Seale. We cannot let our chairman be sacrificed (murdered) by these racist pigs of the power structure. We all understand the importance of freeing Chairman Bobby Seale. We will survive America, but right now the students must let this fascist power structure know that Black people are not fools, and that no longer will we sit back quietly while our leaders, brothers, and sisters are being murdered by these pigs.

On May 16, 1970 through May 19, 1970 there will be a BLACK STUDENT REVOLUTIONARY CONFERENCE in NEW HAVEN, CONNECTICUT. At which the presence of all-black students is requested, and interested people of the community. Transportation to and from the conference will be provided, also food and lodging. There will be a 10.00 registration fee, but those who cannot afford the ten dollars fee will still be able to attend. Registration will take place in New Haven. Departure time will be 8; o'clock saturday morning the 16th, That is this coming Saturday.

We plan to have at least 250 students from Detroit alone. Right now we are in the process of collecting donations of food and money to pay for the expenses of these students. We realize that the schools will not on there own, educate the students as to the nessecity to support the Chairman Bobby Seale. IT is a fact that if the fascist put the Chairman in the electric chair that every one in the United States will be effected, black and white. So we must take it upon ourselves to educate every member of the black community, of the importance of coming out to New Haven and supporting our CHAIRMAN BOBBY SEALE.

WHAT WE NEED FOR THE TRIP

Drivers; with license

Medical students:

Food: all types

Money: to help pay for those unable to pay their registration fee.

And all interested students through out the state of michigan. To those who can not attend the Conference in New Haven, Monday there will be a nation wide strike in all the High Schools, jr High Schools, and Colleges. All students should not attend school in the support of the Chairman Bobby Seale. Remember the strike b/ Monday 16,.

The National Committees to Combat Fascism is a political organizing bureau of the Black Panther Party. Right now we have another Free Breakfast Program for School children at Brewer Reaction Center. The Breakfast Programs are not only to feed the children in our community but, also to bring the children and the interested people of the community together, to work and see to it that every child is fed a balanced breakfast each morning. Our goal is to have the members of each community relate to the breakfast as the peoples Breakfast, of which the community takes over. This will make it possible for us to open more Breakfast throughout the city of Detroit. The National Committees to Combat Fascism here in Detroit are sponsoring the Breakfast Programs, we need the community to be involved with the children. We say that if the price of food is not lowered and the greedy businessmen are made to pay the communities we must join together and work for better conditions.

The breakfast will be served Monday thru Friday, time 7:30 til 2:30. Bring or send your children everyone is welcomed. Anyone interested in working at the breakfast is also welcomed, all that is necessary is for you to either come directly to the breakfast centers or contact our office at 2219 Indiantown phone-8689836 or 7706 Mack phone-9213254, office hours are from 9:00am til 9:00 pm come on through.

On March 6, 1970, JEROME MC CULLOUGH was interviewed by SAs GUNNAR A. ASKELAND and LEWIS G. HINES, III at 13335 La Salle, Apartment 12, Detroit. MC CULLOUGH furnished the following information regarding his Black Panther Party (BPP) activities:

He stated he had been involved with the BPP for a very short time. He stated he sold BPP newspapers for a few weeks and had attended about three political education classes that the BPP runs. He stated he had not been to any meetings for two weeks and he was dissatisfied with the BPP in Detroit. He said the BPP was very disorganized with no leadership and very few members. He stated he stood for some of the ideals of the BPP and that is what attracted him to the party. He stated he was particularly dissatisfied with the Breakfast Program and stated it was a flop. He stated he began to be afraid of the BPP because he thought sooner or later he would be killed by the police if he became a member. H. Propensity to Violence and Preparation for Confrontation

At approximately 1:30 p.m., on December 11, 1969, a police car stopped in front of the BPP House, 2219 Indian-dale Street. Seven Detroit Policemen came to the door with shotguns and stated that they had received a call that a stabbing had occurred at this address. LARRY POWELL and OMAR (ERNEST C. LEE), both Detroit BPP leaders, were at the door when the police arrived. POWELL stated, "Fig, what do you want?" After listening to the police, POWELL stated, "Pigs, get away from the door or I'll start shooting." Immediately the police withdrew.

Members of the BPP inside the house immediately grabbed shotguns and positioned themselves behind the windows and doors of the house ready for a confrontation with the police. LARRY POWELL telephonically contacted MASSI HEWITT (leader of the Central Committee, BPP, California), advising him of the situation. HEWITT advised POWELL that if the police had a warrant to let them in. POWELL then contacted all the news media and black leaders in the community relative to the situation.

Immediately reports were being submitted to the Panthers in the house that the police had surrounded the building and were on top of the roof and had the whole block barricaded. Another call was made to MASSI HEWITT, relative to the situation to which HEWITT advised LARRY POWELL that the Panthers were to relate to Executive Mandate Number Three, which is "protect the house, let no police in."

At this time about ten other unidentified Negroes arrived and positioned themselves in the house awaiting the confrontation with the police. The Panthers had three 16 gauge shotguns, three .30 caliber carbines, two .22 caliber carbines, and one .38 handgun and about 1,000 rounds of ammunition.

which is the location of the Detroit BPP Headquarters. The police arrived at this address, properly identified themselves, however, they were denied entrance by the occupants of the building. The door was slammed in the face of the police and an unknown person in the house advised the police that no stabbing had occurred and the police would not be admitted. The police were able to ascertain that the call was unfounded and withdrew from the area. No arrests were made.

Panthers Acquitted Of Assault

Two young salesmen of the Black Panther party's newspaper were acquitted Monday by a six-woman Recorder's Court jury of assaulting two members of the Detroit Police "mod squad" near Woodward and State on May 9.

The youths, Lamar C. Be-linger, 23, of 3000 Rochester, and Victor Lee Grayson, 21, address not given, had been charged with fighting policemen Forrest Harvey and Marshall Emerson when the officers tried to arrest Grayson on another charge.

THE OFFICERS, who have earned the "mod squad" nickname because of their informal, hippie-type attire, claimed that they were trailing a pickpocket outside a downtown department store when the young paper sellers began chanting about the undercover officers' true identities.

Later, an attempt was made to arrest Grayson, testimony revealed, when he would not give his identity to the police, and the alleged fight began.

L. Meetings and Rallies

The Detroit BPP sponsored a meeting at the St. Joseph's Episcopal Church, Detroit, on December 10, 1969. The meeting was open to the public and chaired by OLIVER MC CLURE (Detroit BPP leader). Approximately 250 persons were in attendance of which 200 were white. The Republic of New Africa (RNA) and the Students for a Democratic Society (SDS) were organizations present at this meeting.

Characterizations of the SDS and the RNA are contained in the appendix pages attached hereto.

MC CLURE discussed the recent shoot-outs that the Black Panthers had with the Chicago and Los Angeles Police Departments, however, he did not go into details of these shoot-outs. At this meeting it was discussed that on Monday, December 15, 1969, a nationwide strike will be initiated by the BPP all over the country relative to the shootings in Chicago and Los Angeles of BPP members. The Detroit BPP anticipates a demonstration Monday, December 15, 1969, at Recorder's Court Building, Detroit, Michigan.

There was much disorganization at this meeting and the meeting was in a state of chaos most of the time. This stemmed from the fact that the Black Panthers and the SDSers were disagreeing on who should be the leader of the demonstration. It was also felt at the meeting that in view of the fact that the whites were in the majority, they should be in charge of the demonstration. No definite answers were decided relative to the demonstration and from this meeting friction developed between the SDSers and the Black Panthers.

A rally was held at the Shrine of the Black Madonna, 7625 Linwood Avenue, Detroit, on February 15, 1970. The rally was sponsored by the Detroit Chapter of the NCCF in honor of the birthday of HUEY P. NEWTON on February 15, 1970. The rally commenced at approximately 3:45 p.m. and terminated at 8:30 p.m., February 15, 1970. Approximately 300 persons were in attendance. Persons who did not have advance tickets were charged \$2.50 at the door.

The theme of the rally was "From Here to the Furnace." The rally began with a person identifying himself as a member of the BPP with the showing of three films entitled, (1) "Black Panther;" (2) "Off the Pigs;" (3) an unknown title. These films reflected the structure of the BPP and were narrated by HUEY P. NEWTON. The films stressed the fact of police harassment to members of the BPP. Each film lasted approximately 30 minutes and in between films a question and answer period was held.

Some of the questions asked were:

(1) "What is the purpose of the BPP?"

Answer: "To defend and educate the blacks of the purpose and intention of the 'pigs'."

(2) "What is the purpose of this meeting?"

Answer: "To raise funds to free HUEY P. NEWTON."

(3) "Where is RAP BROWN?"

Answer: "RAP BROWN has quit the BPP and no longer has any allegiance with the organization."

(4) "How does the BPP feel about the Black Manifesto?"

Answer: "There are several self-appointed black leaders, however, they are not sure whether they are black or white. Rest assured that anyone who did not wish to serve all blacks and be identified with all blacks is a fake."

(5) "How can one join the BPP?"

Answer: "The membership is closed, but if you wish to help the NCCF, we welcome you."

The person who answered the above question was LARRY POWELL.

The unidentified film that was shown was narrated by HUEY P. NEWTON, which reflected raids by the police in New York, Connecticut, New Jersey, and Chicago. They also included the raids and killings of MALCOLM X, MEDGAR EVERS in Mississippi, MARTIN LUTHER KING in Memphis, Tennessee, the innocent killing of children that were burned in the church in Alabama. The film set forth information that no arrests and not one single conviction had been made relative to the above raids.

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

REPUBLIC OF NEW AFRICA (RNA)

A source advised in May, 1969, that the Republic of New Africa (RNA) is an all-Negro organization founded in Detroit, Michigan, in March, 1968. ROBERT F. WILLIAMS, who was then residing in Peking, China, was named as its President-In-Exile. After fleeing the United States in 1961 following the issuance of a local warrant in North Carolina on a charge of kidnaping growing out of a racial incident, WILLIAMS published and broadcast hate-type material in Cuba and China prior to his return to the United States in September, 1969.

A second source has advised that the purpose of the RNA is to establish an independent black nation within the United States, demanding the States of Alabama, Georgia, Louisiana, Mississippi, and South Carolina in addition to \$10,000 per black citizen as payment for 400 years of ancestral slave labor.

A third source advised on March 14, 1969, that an army of the RNA, known as the Black Legion, dedicated to black freedom and committed to the concept of systematic armed revolution, has been established. Black Legion members are expected to participate in military training and engage in firearms practice. The RNA plans to establish an underground Black Legion in addition to an aboveground Black Legion in order to avoid detection by the police.

According to this source, Black Legion members acting as bodyguards at a session of the Second National Convention of the RNA in Detroit, Michigan, on March 29, 1969, were involved in a shoot-out with members of the Detroit Police Department which resulted in the killing of one policeman and the critical wounding of another.

STUDENTS FOR A DEMOCRATIC SOCIETY

A source has advised that the Students for a Democratic Society (SDS), as presently regarded, came into being at a founding convention held June, 1962, at Port Huron, Michigan. From an initial posture of "participatory democracy" the line of the national leadership has revealed a growing Marxist-Leninist adherence which currently calls for the building of a revolutionary youth movement. Concurrently, the program of SDS has evolved from civil rights struggles to an anti-Vietnam war stance to an advocacy of a militant anti-imperialist position. China, Vietnam and Cuba are regarded as the leaders of worldwide struggles against United States imperialism whereas the Soviet Union is held to be revisionist and also imperialist.

At the June, 1969, SDS National Convention, Progressive Labor Party (PLP) forces in the organization were expelled. As a result, the National Office (NO) group maintained its National Headquarters at 1608 West Madison Street, Chicago, and the PLP faction set up headquarters in Cambridge, Massachusetts. This headquarters subsequently moved to Boston. Each group elected its own national officers, which include three national secretaries and a National Interim Committee of eight. Both the NO forces and the PLP forces claim to be the true SDS. Both groups also print their versions of "New Left Notes" which sets forth the line and the program of the particular faction. The NO version of "New Left Notes" was recently printed under the title "The Fire Next Time" to achieve a broader mass appeal.

Two major factions have developed internally within the NO group, namely, the Weatherman or Revolutionary Youth Movement (RYM) I faction, and the RYM II faction. Weatherman is action-oriented upholding CASTRO's position that the duty of revolutionaries is to make revolution. Weatherman is regarded by RYM II as an adventurist, elitist faction which denies the historical role of the working class as the base

for revolution. RYM II maintains that revolution, although desired, is not possible under present conditions, hence emphasizes organizing and raising the political consciousness of the working class upon whom they feel successful revolution depends. Although disclaiming control and domination by the Communist Party, USA, leaders in these two factions have in the past proclaimed themselves to be communists and to follow the precepts of a Marxist-Leninist philosophy, along pro-Chinese communist lines.

A second source has advised that the PLP faction which is more commonly known as the Worker Student Alliance is dominated and controlled by members of the PLP, who are required to identify themselves with the pro-Chinese Marxist-Leninist philosophy of the PLP. They advocate that an alliance between workers and students is vital to the bringing about of a revolution in the United States.

SDS regions and university and college chapters, although operating under the outlines of the SDS National Constitution, are autonomous in nature and free to carry out independent policy reflective of local conditions. Because of this autonomy internal struggles reflecting the major factional interests of SDS have occurred at the chapter level since the beginning of the 1969-70 school year.

A characterization of the PLP is attached.

PROGRESSIVE LABOR PARTY (PLP)

"The New York Times" city edition, Tuesday April 20, 1965, page 27, reported that a new party of "revolutionary socialism" was formally founded on April 18, 1965, under the name of the PLP which had been known as the Progressive Labor Movement.

According to the article, "The Progressive Labor Movement was founded in 1962, by MILTON ROSEN and MORTIMER SCHEER after they were expelled from the Communist Party of the United States for assertedly following the Chinese Communist line."

A source advised on June 3, 1968, that the PLP held its Second National Convention in New York City, May 31 to June 2, 1968, at which time the PLP reasserted its objective of the establishment of a militant working class movement based on Marxism-Leninism. This is to be accomplished through the Party's over-all revolutionary strategy of raising the consciousness of the people and helping to provide ideological leadership in the working class struggle for state power.

The source also advised that at the Second National Convention MILTON ROSEN was unanimously re-elected National Chairman of the PLP and LEVI LAUB, FRED JEROME, JARED ISRAEL, WILLIAM EPTON, JACOB ROSEN, JEFFREY GORDON, and WALTER LINDER were elected as the National Committee to lead the PLP until the next convention.

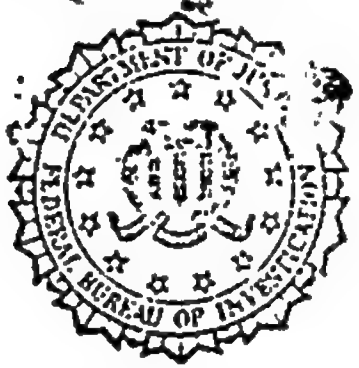

The PLP publishes "Progressive Labor," a bimonthly magazine; "World Revolution," a quarterly periodical; and "Challenge-Desafio," a monthly newspaper.

The April, 1969, issue of "Challenge-Desafio" sets forth that "Challenge is dedicated to the peoples fight for a new way of life--where the working men and women control their own homes and factories; where they themselves make up the entire government on every level and control the

2

schools, courts, police and all institutions which are now used to control them."

Source advised on May 8, 1969, that the PLP utilizes an address of General Post Office Box 808, Brooklyn, New York, and also utilizes an office in Room 617, 1 Union Square West, New York, New York.

Re: Rally Sponsored by Revolutionary

Representatives of Detroit Black
Panther Party, Michigan State

June 3, 1970

Samuel Lewis Riddle, Jr., representing the Black Liberation Front, International (BLFI), a MSU student organization composed of black students, introduced two speakers identified as representatives of the Detroit BPP. The first speaker was Larry Powell who spoke about the trial of Bobby Seale and how the authorities in New Haven, Connecticut, were attempting to murder him. He indicated that the BPP will not allow Bobby Seale to be murdered. There were no incidents and the rally dispersed at 3:00 PM.

DE T-2 advised on June 3, 1970, that Powell and Mc Clure traveled to East Lansing on June 3, 1970, in order to speak at a rally.

The following articles captioned "Black Panthers Speak Out Against Racism in America", that appeared on page two, issue June 4, 1970, of the MSU "State News", the official MSU student newspaper, published in East Lansing, and "Panthers Claim 'Kill Seale' Plot", that appeared on page A-2, issue June 4, 1970, of "The State Journal", a daily newspaper of general circulation published in Lansing, Michigan, are as follows:

Black Panthers speak out against racism in America

By JACKIE BORDEN
State News Staff Writer

Observing how whites practice racism, Brother Larry, representative of the Black Panther party in Detroit, said, "White people don't understand that we're not going to sacrifice Bobby Seale."

Representatives from the Panthers appeared at a rally Wednesday afternoon to acquaint the campus community with the Panther position on the trial of Bobby Seale and other related aspects of the revolution.

The rally, sponsored by the Revolutionary Council to Combat Racism, drew a crowd of about 300 students.

Sam Riddle, member of the executive council of the BLF and speaking for the organization, opened the rally. "In 1970 a lot of us are seeking to protest the illusion of progress. In 1970, reality is not on college campuses; reality is not getting shot," he said.

Riddle introduced Brother Larry from Detroit.

Brother Larry, observing how whites still practice racism, noted the deaths of students in Kent, Jackson and Augusta. "White people don't understand that we're not going to sacrifice Bobby Seale," he said.

"These brothers are dealing everyday by putting life on the line," he said.

"Blacks are still repressed as a group because of the racism in this country. The political consciousness of the black community has increased due to this," Brother Larry continued.

"The whole economy in America has transcended itself to a military state. The situation here is like the situation was in Nazi Germany," he said.

"Panthers are assuming the leadership here in this country," he said. "The struggle in the colonies and in the mother country directly affects the police state we live in."

"Panthers are moving whether white people move or not. The so-called white revolutionary can't relate because they are still basically racist. The Panther ideology," he said, "is not racist."

Commenting on the imprisonment of Huey P. Newton, minister of defense for the party, he said, "He will be set free by the ultimate power of

the people. All the legal means will be exhausted. We will not compromise our convictions for "tricky Dick" or other racists.

"Field niggers" and brothers "off the block" comprise the membership of the party said Brother Larry.

Denouncing culture nationally, he stressed the fact that members did not have time to talk because they were dealing

with revolutionary nationalism to free the people.

"We will kill anyone who kills us or tries to kill us."

A member of the Revolutionary Council read a statement by Tom Hayden, one of the Chicago Seven, reiterating the council's stand against racism, personal and institutional.

Panthers Claim 'Kill Seale' Plot

Two Black Panthers from Detroit told about 350 students at Michigan State University Wednesday afternoon that they "would not accept this premeditated decision to kill Bobby Seale."

Seale, national chairman of the Black Panther Party, is to go on trial soon with eight Connecticut Panthers in New Haven, Conn., for conspiracy to murder, among other charges.

One of the Panthers, identified only as "Larry," said that "Connecticut fascists" have already decided to kill Seale in an effort to stop the Black Panther Party.

He said blacks were victims of systematic racist repression and called on "courageous and progressive" white people to organize in their own communities to fight discrimination.

"We Black Panthers are not racist at all," he contended.

In an unemotional monotone, "Larry" also said Panthers were not going to continue to commit suicide but were "going to move in a political fashion."

Sam Riddle, Flint sophomore and member of the executive council of the MSU Black Liberation Front International, said that those Black Panthers and sympathizers who had been in the military services had learned that the only way to reply to M-16 rifles or other weapons is "likewise."

The Revolutionary Council to Combat Racism sponsored the event at Beaumont Tower.

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

APPENDIX1REPUBLIC OF NEW AFRICA (RNA)

A source advised in May, -1969, that the Republic of New Africa (RNA) is an all-Negro organization founded in Detroit, Michigan, in March, 1968. ROBERT F. WILLIAMS, who was then residing in Peking, China, was named as its President-In-Exile. After fleeing the United States in 1961 following the issuance of a local warrant in North Carolina on a charge of kidnaping growing out of a racial incident, WILLIAMS published and broadcast hate-type material in Cuba and China prior to his return to the United States in September, 1969.

A second source has advised that the purpose of the RNA is to establish an independent black nation within the United States, demanding the States of Alabama, Georgia, Louisiana, Mississippi, and South Carolina in addition to \$10,000 per black citizen as payment for 400 years of ancestral slave labor.

A third source advised on March 14, 1969, that an army of the RNA, known as the Black Legion, dedicated to black freedom and committed to the concept of systematic armed revolution, has been established. Black Legion members are expected to participate in military training and engage in firearms practice. The RNA plans to establish an underground Black Legion in addition to an aboveground Black Legion in order to avoid detection by the police.

According to this source, Black Legion members acting as bodyguards at a session of the Second National Convention of the RNA in Detroit, Michigan, on March 29, 1969, were involved in a shoot-out with members of the Detroit Police Department which resulted in the killing of one policeman and the critical wounding of another.

I. REVOLUTIONARY PROGRAM AND POLICIES AS
EXPRESSED BY BLACK PANTHER PARTY LEADERS

A characterization of the Black Panther Party (BPP) is contained in the appendix pages attached hereto.

The Detroit Chapter of the National Committee to Combat Fascism (NCCF), a front organization of the BPP, continues to hold political education meetings every night at Detroit NCCF headquarters, 2219 Indiandale Street, Detroit, Michigan. At these meetings the BPP newspaper and current racial situations in Detroit are discussed.

The Detroit NCCF conducts Breakfast for Children Programs at two locations, St. Leo's Church, 15th and Grand River, Detroit, and the Belmont Community Center, Belmont and John R, Detroit, Michigan. Each location is currently serving approximately 30 black children on a daily basis.

Mich CHUCK HOLT, Detroit NCCF, received information from BPP National Headquarters, that all headquarters are to have the same type front door, and to stress community action and put less emphasis on the sale of newspapers. As a result the Detroit NCCF will attempt to recruit more community workers, distribute free toys to children, and open a medical clinic.

II. ACTS IN FURTHERANCE OF THE
REVOLUTIONARY PROGRAMS AND POLICIES

The Detroit NCCF has five pipe grenades containing black powder and magnesium. They also have obtained about 15 quarter sticks of dynamite which have a blue cover. CHUCK HOLT, Second in Command, Detroit NCCF, received instruction in making fuses and timing devices. The fuses are to be made by placing black powder inside shoe strings. Source feels that this type fuse will burn too fast to permit escape.

THE FASCISTS ALREADY DECIDED IN ADVANCE TO MURDER

ELDRIDGE CLEAVER MINISTER
of INFORMATION BLACK PANTHER
PARTY

CHAIRMAN BOBBY SEALE IN THE ELECTRIC CHAIR

INTERNATIONAL SECTION B.P.P.

Alger, Algeria

SUBJECT: Press Release

DATE: March 2, 1970

CONCERNING: The preplanned political
murder of Bobby Seale, Chairman of
the Black Panther Party, in the
electric chair in the state of Con-
necticut.

The primary Task of the American Revolu-
tion, at this point in our history, is to
defeat the Number One maneuver of the power
structure, which is to make an example of
Bobby Seale by putting him to death in the
electric chair in the state of Connecticut.

The fascists have already decided in ad-
vance to murder Chairman Bobby Seale in
their all-out effort to destroy the leader-
ship of the Black Panther Party and to in-
timidate our membership in particular and
all progressive peoples and organizations.
This should be crystal clear even to a blind
man. The vicious political persecution of
Chairman Bobby Seale ranges in time over a
four year period-- from the very beginning
of the Black Panther Party-- and geographic-
ly it follows a twisted trail of trumped-
up charges from Oakland, Sacramento, Ber-
keley, San Francisco, Chicago, and now to
Connecticut. The plot against Bobby Seale
in particular is so outrageously obvious
that even these shameless pigs should not
have the gall to pull it off.

But the fact that they are going full speed ahead with this disgraceful conspiracy should make it clear once and for all, that a desperate hour is upon us and we have no time to lose if we are to salvage the situation. Because one thing must be made absolutely clear to America: no matter what the white people of America are prepared to accept, Black people do not accept this ultimate attempt to bind and gag Bobby Seale with death because of the fearless leadership that he has given to our people.

Black people will never accept this premeditated decision of the decision of the fascist power structure to murder Chairman Bobby Seale in the Electric Chair. So that the question is now posed pure and simple: Is America going to have a Class War or a Race War?

Our brothers are being murdered in their sleep by the shock troopers of the power structure, our offices are being subjected to all-out military attack: our lawyers are being sentenced to prison along with us, and the fascist Nixon administration has unleashed the political police of the F.B.I. and thrown away all pretenses of justice and equality under the law. Lip-service to the constitution of the United States of America has been replaced by outright fascist terror and naked repression. Hundreds of our party members have been Jacked-up on highly political charges. Scores of our Party members languish in jails and prisons, subjected to scandalously high bails that are length and tantamount to PANDEM. Throughout the length and breadth of this depraved land, the situation is the same. It is nothing but an attempt to sabotage the 400 year struggle of our people for freedom and liberation.

Our Minister of Defense, Huey P. Newton teaches us that in order to have security from the unceasing aggression of the enemy, we must always be in a position to inflict a political consequence upon the aggressor for each act of aggression. This attempt to murder Chairman Bobby Seale cold-bloodedly in the ultimate aggression against Black people. It is a calculated step taken by fascist pigs in the unfolding of their vicious blueprint of genocide against Black people. We, black people, if we are forced to go it alone, must be prepared to unleash the ultimate political consequence upon this racist nation. The ultimate political consequence that Black people have in their power to unleash is Race War. Indeed, we have been and at this very moment are the victims of a systematic racist repression. The Black Panther Party, as everybody knows has taken a leading role in trying to avoid precisely this disastrous Race War which the fascist oppressors have been working night and day to bring about. But we cannot and will not continue this policy to the point of racial suicide. We will not sacrifice Chairman Bobby Seale on the altar of interracial harmony if white people continue to sit back and allow this nasty plot to go forward. So if the so-called loving White people of America do not stand up now, while there are still a few moments of time left, and put an end to the persecution of Chairman Bobby Seale, then Black people will have to go it alone and step forward alone. This will mean the end of our dreams for the Class War which America needs and the beginning of the Race War which America cannot endure. This is the political consequence which which America faces because of this unspeakably evil attempt to murder Chairman Bobby Seale in the Electric Chair.

FASCIST PIGS ATTACK MEMBERS of DETROIT'S N.C.C.F.

On Thursday April 15, 1970 at 11:30pm the Fascist pigs of Detroit's Tactical Mobile Unit pigishly and, viciously attacked four members of the National Committees to Combat Fascism.

Harriet Walker 19, years old, Alesia Williams 15, years old, Billy Jerome Phillips 18 years old, and Michael Cunningham 17 years old, were on their way to the West-side office at 2219 Indiandale, when three car loads of pigs rode up to them and oinked "get in the car". The four youths were on West Grand Blv. at the lodge express way when they were stopped, they asked why they were being arrested. The pigs only oinked again, "get in the car". The pigs began to beat them and force them into the car, sisters in one and the brothers in another. The sisters were forced to ride with their heads down so the people of the community could not witness the kidnapping. One of the pig cars drove off. The two cars with Harriet and Alesia, Billy and Michael started out to Gross Pointe just past the far east side of Detroit and drove into an alley. In the alley the pigs told all four to get out of the car then told them to run.

Remembering back to April 6, 1968, when Lil' Bobby Hutton was told to run by the racist Oakland pigs, and as he walked toward the pig car with his hands in the air was fasciously murdered, over killed, shot 17 times in the back, these brothers and sisters refused to run. One of the pigs threw Billy against the car another pig slapped Harriet. Billy turned and started toward the pig to help Harriet defend herself, when another pig grabbed his arm threw him to the ground and the two of them started kicking and stomping his arm, and beat him with night sticks, then hand cuffed him. The fascist pigs turned to Michael saying "you ain't got your ass beat yet". At this these fascist foul racist pigs began to beat Michael and the two sisters. Michael was beaten in the head and chest while the sisters were mostly beaten in the head and abdomen with fist and clubs. While on route to Gross Pointe the pigs had taken all their money and belongings, so they walked back to the eastside office at 7708 Mack.

Earlier Harriet, Alesia, and Billy had been harrassed by the pigs at Wayne State In the Student Union Building. The excuse the pigs used this time was that they had received a report that some people had been running through the building trying to break into the candy machines.

When the pig slapped Harriet it was because she had stepped back to get the license plate number, the pig told her she wasn't gotten no numbers. These racist pigs didn't want to be identified later, they all took off their badges for the same reason. But these pigs didn't close the eyes of the community. We are talking about the liberation of the poor and oppressed masses, not just a few but millions of people, and they did see they have seen for many years. The people will deal with those fascist racist low natured pigs of the power structure.

We are talking about an enemy of the people a common oppressor, the power structure. It's true that time is growing short, but it is a fact that time is growing shorter faster for the fascist pigs of Amerikkka. We will freg ourselves and the people by any means neccessary.

We of the black community do not have to break any of the so-called laws of this fascist government for a crime to have been committed. Here in fascist Amerikkka the black community commits a crime by merely existing. We realize that this fascist government has planned to commit genocide on the entire oppressed black community. We will no longer let these courts of injustice play games of "who done it, " and " the pigs ain't never guilty," when we know all to well that the pigs of the power structure are the criminals and we have time and time again fallen victims. If we as a people are not allowed to enjoy the fruits of this land which our blood and sweat built, then we as a people fill it has not the right to exist.

APPENDIX

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

Re: Keith James Hayes

In September, 1969, source one, who has furnished reliable information in the past, advised that Keith Hayes, room 324, Vandercook Hall, Western Michigan University (WMU), contributed \$2.50 to the Black Panther Party (BPP). *Detroit*

A characterization of the BPP appears in the appendix attached hereto.

Source two, who has furnished reliable information in the past, advised that in the fall of 1969, the Black Action Movement (BAM) at WMU, Kalamazoo, Michigan, formed various committees to carry out its progress. Appointed chairman of the Education Committee was Keith Hayes, a WMU student.

According to source two, BAM is an officially chartered student organization at WMU composed of male and female Negro students. While its stated purpose is "to provide black unity and understanding of racial problems in the United States, it has served as a vehicle by which demands of certain students and faculty members can be presented to the university administration. In addition, it has engaged in disruptive and violent activity at Kalamazoo in furtherance of its demands and has initiated unprovoked attacks on and beatings of white male and female students by black students.

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power, Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

Source two advised on February 15, 1970, that a rally was held at the Shrine of the Black Madonna, 7625 Linwood Avenue, Detroit, Michigan, on February 15, 1970. The rally was sponsored by the Detroit Chapter of the NCCF in honor of the birthday of Huey P. Newton on February 15, 1970. The rally commenced at approximately 3:45 p.m. and terminated at 8:30 p.m., February 15, 1970. Approximately 300 persons were in attendance. Source two stated that persons who did not have advance tickets were charged \$2.50 at the door.

On April 29, 1970, source three made available a speech made by Robert Williams which was given on February 15, 1970, at a rally in honor of Huey P. Newton sponsored by the NCCF, at the Shrine of the Black Madonna Church, 7625 Linwood Avenue, Detroit, Michigan.

The speech by Robert Williams in its entirety is set forth herein:

"Good evening, I'm very happy to meet with you tonight. However, I'm sorry we have to meet at a time of crises, because this is a time of crises, this we must recognize as a people, also I consider a great honor to be here tonight in the spirit of our brother Huey P. Newton. Brother Newton it is symbolic of the black man's ordeal in white America. It is symbolic of what is happening to our race. It is symbolic of what we have known as a people. We have been a captive people for 400 years in this citadel of hatred and of racism and brother Newton's plight is a part of this. It is symbolic of this it is symbolic of what is happening to a lot of us. The tragedy is that some of us do not yet understand what this is all about and what is taking place. Some of us have been led to believe that it is a question of crime and of punishment and of bad people, but the only crime that people like brother Newton is guilty is that of being what the white man likes to call an uppity Nigger. I too am considered to be an uppity Nigger and I'm called a criminal when I'm not a criminal, but I plead guilty to the fact that I'm a trouble maker. Yes, I make trouble for racism, I make trouble for oppression,

I make trouble for tyranny, and I make trouble in behalf
of my black people in America today.

"Also in remembrance of what has happened to
brother Huey, we also must remember that this is nothing
new, a long time ago, back in the 50's, I think it was
about 1950 or 1951, and there was an NAACP leader named
Harry T. Moore and Harry T. Moore has fought for the advance-
ment of black people. He was a teacher, his wife was a
teacher and all Harry T. Moore did was to ask the white power
structure to give the black teachers equal pay with whites.
And do you know what they did to Harry T. Moore? Do you
know what they did to his wife? They placed a bomb under
his bed and they blew him up, they blew his wife up, they
destroyed his home, they destroyed his life, and they
thought they had destroyed his dignity as a man, but they
were wrong, they made a mistake; I still remember Harry T.
Moore and at that time I was a student and we couldn't
forget and today there are others like Harry T. Moore.
There were only a few at that time, but they had told him
that they were going to kill him, they told him that they
were going to destroy him and his family, but he wouldn't
stop pushing for black rights, the rights for black people,
now nobody has ever been punished for the murder of those
two people, they went scott free. The officials claimed
that they couldn't find the killers and that's the part of
our history in America, that is the part of our tradition,
that is a part of our oppression, and this is what people
like Huey P. Newton are trying to correct and this is why
Panthers have been killed all across the land and some of
us have allowed black extremists who must be wiped out,
some of our people tremble when they even hear about our
self defense and they say 'Well these people are only getting
what they ask for.' Did Harry T. Moore get what he asked
for? What was his crime? and we could go down the list,
a long list, Medgar Evers, did he get what he asked for?
What happened to the people who murdered him? And remember
that Medgar Evers too was a leader who put his life on the
line, and they killed him. Not only that, but do you
think they would stop at that? No there are others,

countless others and it comes on down even to a man who was in uniform, an officer, a man who was a professional defender, you might say killer for this country, the cause of this country, Colonel Penn was shot like a dog outside the gates of Fort Benning, Georgia, and why was he killed? Was he killed because he was a criminal? No, they said they killed him because he was a Nigger and this crime, is this what they consider a crime? And also remember what happened to brother Evers. How he was shot down in America, and it was the cause that he served that brought about this fact.

"Also you will find that all through the south if you will follow the publications, the record shows not only that, but many Black Muslims have been killed. They have had their temples broken into, churches have been bombed, the little girls who were murdered in Birmingham while they were in Sunday School. Were they extremists carrying out extremist acts of terror? Were they murdered because they threatened the peace and security of white America? They were murdered and what is the excuse for this?

"Also there was Martin Luther King who advocated turn the other cheekism. Was it because he was a violent man that he was murdered in the streets of Memphis? And when we say Memphis we mean Memphis, U.S.A. The same flag flies over Memphis that flies over Detroit, Chicago, and Boston, this is the same flag, its the same government its the same man and yet they come to us today and they say, 'Look, don't you people get excited, we're not after you, we just want to get rid of the extremists who are causing trouble in our great land.' But they also told the Jews that in Germany. Hitler told the wealthy Jews, 'Don't you worry, don't you worry, we just want to get rid of the filth and trash in Germany and we want you to help us.' And the Jews thought some Jews that they were being honest this was a great opportunity. So what did they do? They walked to work every day with Jewish bodies on the sidewalks. They

stepped over dead Jews to go to work, and they thought this was trash on the streets, and they didn't raise a finger and Hitler continued to kill Jews and to murder Jews and pretty soon the others were running night and day and pretty soon they ran out of poor Jews. Pretty soon they ran out of the so-called trash and then they looked around and they started to burn the big Jews. Pretty soon they burned all of the Jews then it dawned on them that a Jew was a Jew and when you're dealing with racism it doesn't make a difference if you're black there is no such thing as a big black Kigger that if they classify you as a Kigger, this means you are a Kigger. All we have to do is look at the conditions in the country. Some people said, 'Oh, it's not a matter of race, it's a matter of class.' But the fact is, that if you start on a journey, if two men are on a journey, a rich black man and a poor white man, which one can enter every place in America? Now a white man can get off of a train as a hobo or a tramp and if he's got the price of a cup of coffee, he can buy a cup of coffee any place in this land; and a black man with a Ph.D. and six million dollars will find himself barred from any toilet in this country. Is that what you call class?

"Now we must watch this because, since we've been captives in this land we have been divided. Yes, there is such a thing as a class distinction. There is such a thing as class justice, but we must be careful not to fall into a trap, now there are many people peddling the idea of a class struggle among us. They're saying look the black imperialists, you must watch the black capitalists, you must watch and they say the Uncle Toms you must watch. But you see these are divisions that they're driving among us they talk about black imperialists, and I asked some people when I was abroad, 'What do you mean by black imperialists?' and I asked them if they would explain to me what a black imperialist is and if they would name one. I said no friend, I'm sorry, I'm not talking about puppets,

I'm not talking about running dogs. I didn't ask you to name a puppet, I asked you to name an imperialist. They said, 'But he is just as bad, look what he's done to his people.' I said look, there's a difference in a traitor and an imperialist. The fact is that there is no black imperialists in the whole world. There are some black men with imperialist mentalities. There are blacks who would like to be imperialists, but they do not have the means to become imperialists. See before can become an imperialist you must have powerful armies, a navy an air force. You must have the means to subdue people. We can't subdue anybody, but ourselves so we can't be imperialists. So now what about your black capitolists? Name a black capitolist, will you please? and they said, 'Oh, there are some black people with a million dollars.' And I looked at them and I said 'Are they running Wall Street? What black man has power and authority who makes decisions on Wall Street? Who can make the nation tremble? Name one black man.' They couldn't name him. Not a single one and the best we can get out of our race is the fact that there are a few wealthy black, a few wealthy, but these are not capitolists, what black man can control the interest in a big industry like the Ford Motor Company? What black man can control an industry like General Motors? What are we talking about when we allow people to speak to us about black capitolists and this is what has surprised a lot of people because they thought I was going to come back into the country and join within the race.

"Now there are traitors this is a truth that we must do away with. The next thing is that we must remember that we are all not the same so we can't expect to think alike to look alike and to all dress alike, but there are certain things we have in common and the most important thing is that we are an oppressed people and if we don't

unite, if we don't get together and fight against this oppression, we are going to be exterminated. Don't let anybody kid you. They fooled the Jews. You know, since I've been back, I've had people come to me, blacks and whites, and they say, 'Oh I've heard you say that you think there is a danger of extermination. Look between us, you don't really believe this do you?' Here is the history of a man who has been a beast, a man whose very existence in this world was predicated on the fact that he practiced genocide. That he exterminated a people, that he took their land away and that he destroyed their food so they couldn't exist then he went into Mexico and rode herd over the Mexicans and he stripped them of their land, he raped them, and he robbed them and here is a man who brought hundreds of thousands of black people from Africa in cages and in chains and that for 400 years he has been exterminating us. Not only that, even Abraham Lincoln once said when he looked out of a train window in Virginia, he said, 'why this is the worst form of slavery ever known to the world, look at those people.' He said 'Why these men are selling their own sons and daughters into slavery.' And that is what was happening. Can you imagine a man who will beget children from a woman and then he will sell those children and then he will turn around and beget more children from the daughter of this woman, which was his daughter, and he will even from his grand-daughter and then he will sell them. And then they have the audacity to ask me, 'Do you think these good Christian white people will exterminate us? Our people are already being exterminated and most of all we are entered into an era that's close to reconstruction era. That was a time when our people made great strides and made gains after slavery, but then the man decided that we had gone far enough and what did he do? He took those gains away. We had representatives in the Congress in the Senate all the jobs, important jobs in the country, and it looked like we had it made, but you see what is given can be taken away, and the man decided well we've let them have some fun, now it is time to herd them. How did he do it? He did it with the Ku Klux Klan, he did it with violence, he did it with night riders and there was an emerging of these writers and organizations that came up and that took away these rights, they took them back from our people. Now look at

today, okay. We've got representatives in Congress, we've got a black Senator, money has been circulating, so some people have gotten drunk and they have forgotten who they are, where they live, what it is now, the man is beginning to say that oh, we've got to have a cooling of the economy. Who is going to be cool? Alright, another good indication is when I first came back here to Detroit I was asked by some people did I see any changes. Did I realize how much progress had been made and they said you know things have changed since you've been gone, and the Klan was responsible for your troubles, the Ku Klux Klan, and I said yes, the same Klan organization that still operates in North Carolina. They said 'Oh, don't you know that times have changed, that even in North Carolina people are more enlightened now. There is no such thing as the Klan in North Carolina anymore,' and I asked them if they were kidding, I said because you've got a Klan in Michigan. And they said that something must have been wrong with me in my head that I had developed a paranoid you see that I felt that the Klan was everywhere so I told them alright then if you don't believe it. But then I was invited out to Sterling Heights by the Human Relations Council. Well, when I arrived at Sterling Heights first thing there was a white woman there who came out and we thought this woman was giving us a parking place and you know every time we got ready to park, she said 'Move on move on,' so well, that's the way it started. Then we finally found a place away from her and then there was a white man looking out of a window of a trailer and he said, 'If you leave that car there, I'm going to have it towed away.' And then I started thinking that it didn't seem to be too friendly out there so then when we started into the meeting and the woman who was sponsoring it met me at the door and she was shaking and trembling and about to cry, she said, 'Ah, we have a little trouble, but that's alright the police are here.' Then I started thinking what do they need police for in a Human Relations group so as soon as I started into the building there was some others with me some more brothers who were going out with me and then they started a little chant. They started chanting, 'Ah, we're going to kill the Nigger, we're going to kill the Nigger.' Can you imagine? 'We're going to kill the Nigger,' and then they said, 'It's a Zionist and Jewish plot and the Zionists and

the Niggers are trying to get together to take over America and we got to get rid of the Jews and the Niggers,' and they started this chant and then they had some ropes and some nooses then they had some miniature Klan uniforms. You see they've got these instant Klan uniforms now. This is so you know so that they can blend in with the crowd. When they want to be a liberal, you know, they put on the liberal dress and when they want to be a Klansman, instantly they pull out this little robe this little miniature sheet and hold it in front of themselves. That makes them a Klansman. So they started screaming, talking about killing me when they did not know that I was from down home and that this might frighten people from Michigan. But I'm from down home, you see, where they really come out, plus the fact the last time I had seen the Klansmen they didn't know that I had been spying on them. So I went up and they expected me to break and run, you see, and this was white man's territory so I sat down and they had their little thing. They went into a ceremony and they started screaming and calling me all kinds of names and I sat there and looked at them and they looked at me and I waited until they finished. Then pretty soon the whites, of course most of the whites were opposed to them, some of the whites who had been opposed to me started to realize then who the savages were, see because I was sitting there laughing at them and this made them feel really embarrassed to be able to laugh at whites in white territory. You see I'm supposed to be the extremist fool and I was sitting there looking at them and smiling and laughing. First one woman jumped up and said she'd like to know from me what my concept of Christianity is. Well this was a rightish woman, she thought because I had been living in the Peoples Republic of China that, you know, that I was going to attack religion, and so I looked out and I said, 'Well, lady, my concept of Christianity is what is not here tonight.' And so finally they kept ranting and they kept raging and they couldn't provoke me and then some of the others in there threatened to go outside with them and fight because they said they had wanted to hear what I had to say and if these people didn't want to hear they should leave. So finally the woman said, 'Well, the police are here,' and came up to the man who was the chairman and, 'We can have them put out,' and the man said, 'No this is a Human Relations meeting and we don't want to have anybody put out of a Human Relations meeting by the police.' And so finally they gave up, but this was a great opportunity to me and I was glad now the whites who had sponsored the thing had gone to pieces, but

they came up and apologized and one woman was crying. It really hurt her and I told her no, no, don't feel bad about it because I'm happy. First thing was that I needed to be reminded once more what America is like, I've been away. I told her that I had been away for a long time and when you're away for a long time you have a tendency to forget and I said not only that but you live right here among it and you don't know what it's like and it was an opportunity for you to see what it's like. Now there was your own America that you saw and this really hurt, but this I say this in the part that right here in Michigan and they were passing out literature with an address from Pontiac. This was the headquarters. Pontiac, they didn't hide it they told where you could get in touch with them. They asked people to get in touch with them. Now you have in Pontiac in Flint, right here in Dearborn in Metropolitan Detroit in Sterling in all these places in Saginaw, these people that are in Washington and the signal is out it's time to roll the black people back again and they think they're going to repeat themselves like they did in history but the only problem is they got the wrong people this time. We are not the people, our grandparents and great grandparents were and this is not the same world and we are not pacifist Jews who are going to the gas chambers in a pacifist way. Only thing about it is if they are thinking that they can roll us back and exterminate us I suppose that they have decided to give up America. I suppose that they have decided to commit suicide but anyway we must remember this is the point of our history that we see these fascist forces we see the Klan coming into places like Detroit, coming into the North coming here for what. What is their business here? Well you must think what was their business before, what is the idea of such an organization the next thing is why at this time do they feel so free to start a recruitment drive right here in Detroit, Michigan, a place where a few years ago a place was on fire, the place was burning, now they feel that they have the power of the administration behind them they have people like Agnew and Nixon, Attorney General Mitchell and this is a part of what is happening to us all over the country today.

"Well, we don't think they want you in America now and I asked why and they said because it's kind of hot over there and maybe it would be better for you to wait awhile and I told them it wasn't my problem it was their's. So when I got to England they pulled me out of the line at the airport and I was supposed to leave the next day and the man came up to me and they had flapped their identification and said 'we're from the CID, the police, and we want to talk to you for a minute.' And so they took me in a room and right away they said we must search you and I said search and they said 'Yes, we'll have to search you.' Well, right away, well I didn't want any trouble out of them at that time so the man first they wanted my fountain pen and the man said, 'Oh, pull it out.' I had it in my pocket. 'Oh, your fountain pen,' and he looked at it and said, 'Is that a fountain pen?' and I said, 'Yes.' He said, 'Where was it made?' and I said, 'In China.' He said, 'Oh, well, I'm going to open that fountain pen' then he put it up to my face and he stood back and he said, 'You know if this is not a fountain pen you're going to be the first one that is killed.' So he opened the fountain pen and I asked him what was wrong with him, and he said, 'Well, you know all the tricks and you're coming from China.' And I told him that he must have been afraid of the Chinese who were so sophisticated and advanced in the nuclear science and that they had made an atom bomb in a fountain pen. And so he said after searching my baggage and I asked him why all of this and he said, 'You can imagine your FBI reported to us that you were carrying arms and ammunition into the United States.' And I said 'arms and ammunition in a suitcase?' So they searched and they didn't find anything. So then the man said, 'Look we'll have to put you in. We don't have any place for you to stay at the airport tonight. And I said, 'Well will I catch my plane in the morning?' He said, 'Yes, you stand about as much chance of missing that plane as the queen of England,' meaning that they didn't want me in England so the next day when it was time for me to board the plane they had taken me to the reception center and they didn't take me out. Nobody came to pick me up and the man said, 'Don't worry you may leave at 2:00 or 3:00.' I said, 'How can I leave at 2:00 or 3:00 when the plane left at 10:00?' So finally three days I was held incommode and they came and picked me up, took me to the airport, and they

kept me there until in the evening. And I asked where was I going. They said to Cairo. I told them no I wasn't going to Cairo, I was going to Detroit, and the man said, 'No, no, you'll have to board the plane to Cairo because you've got to get out of England.' And I said, 'Well, it's only natural for me to go to Detroit, because I've got a ticket to Detroit, and a reservation.' And he said no I had to go to Cairo and while they were standing there arguing a truck struck the airplane out on the field and damaged it. Then the man wanted to know if I knew anybody from the Irish underground and that I told him no that I had correspondence with some of them and I wanted to know why he wanted to know this and he said well we don't know, some may be working at the airport. And I told him well I didn't know anything about that so finally they had to take me back to prison again. But in the meantime I was unable to notify anybody cause I had asked to make a telephone call and they asked me who did I want to call and I told them that I wanted to call the British Civil Liberties Union and the warden asked me the telephone number and the name of the man that I wanted to talk to and I told him that I wanted a directory and he said, 'Well, if you've got to have a directory, you don't know the man you're trying to call.' and so he said he couldn't see any need for making a call.

"But anyhow there was an African and they brought me out on the fourth day and the African was going out and he was checking out of the reception center where I was. The warden asked the African did he have all of his belongings. The African said no and he said, 'Well, what is it that you're missing?' The African said, 'I'm missing my Mao book' and the man reached under the desk and got the book and threw it up on the desk and then he was so angry until he looked at the African and pointed at him he said, 'There is one of your buddies, there's one of your Maoist buddies right there.' Well, he didn't know what he was doing then you see because he let me know that that was brother you know the right kind the right kind of brother so I turned to him and I said, 'Brother are going out now?' and he said, 'Yes, I'm going out.' and I said, 'Well, will you tell the black people that they are holding me a captive here?' and he said, 'Oh yes, brother, don't worry, don't worry.' So then they grabbed this man and pulled him out of the room

I put my foot in the door because they tried to close the door and then he kept saying, 'Don't worry, don't worry, brother, everything will be alright.' And then I heard the warden say, 'Lock him up,' so they took him back and locked him up, but evidently he got out.

"Then the following day there were four youths, black youths, who came into the prison to see me. The man told me I had visitors and so when these people came in I saw these black brothers and one sister and some brothers and they had naturals and so they said, 'Oh well, brother, we came to see about you. We represent the black community in Briton, we also represent some white liberals and some Indians and we're all forming a coalition together to get you out.' And then the young brother turned to the warden and he said, 'We have come to get our brother out of jail. Now we're going to get him out. We hope to get him out legally. We hope you will let us get him out legally. If you don't we're going to use force and we are the Black Panthers of England.' I was a little surprised and shocked but I could tell that the warden was flabbergasted. He looked at them and he looked at me and they didn't smile and they just stood there and looked at him and said, 'Well, we'll be back,' and so after that night they started demonstrating around the jail and then the prisoners took it up inside and finally it was getting so hot in England they had started blocking TWA. They had broken into the U.S. compound at the U.S. Embassy and they broke into the compound and they threatened to beat up the American officials in there. You see, all of this all of this you didn't hear about here because they didn't want you to know what was going on and they didn't want you to know that black is black no matter where it is when it's straight. And so the pressure got so strong until finally on the fourth day they took me into the airport again. I asked them where was I going and they said to Cairo. I told them no, they had the wrong man, and so then the chief of the CID said, 'Look we've got orders from our government to put you on that plane by force.' So I looked at them and then I thought well this is it.

So I told them no I'm not going and I looked at the man and I asked him if you had brought the undertaker and he said, 'Undertaker, what's an undertaker got to do with this?' And I said, 'Well, he's the only one whose going to be able to put me on that plane, it will mean that he will have to put my body on, but you can't put me on that plane, you can put my body on it, but you can't put me on it.' So I stood there and looked at him and they stood there and looked at me and they had about fourteen men lined up along the hall and so the man said, 'Well, we've got orders to use force on you.' And so then I just started to put off my coat and put it down gently on the table and looked and then and said, 'Well, when do we start.' So then finally they went into a conference and then came back and said, 'Will you consent to go back to prison?' and I told them well, that's where I had been since I had been in England. They said, 'Well, if you go back to prison we'll try to make some arrangements for you.' In the meantime they said that TWA had refused to fly me to the States. I asked them about other airlines and they said well, TWA asked other airlines to support them so it meant that no airline would fly me to the States and I asked them well, why wouldn't they fly me and they said it was because TWA had had some hijackings and that they were afraid that I might hijack a plane and endanger their passengers and I asked them why should I want to hijack a plane that I had been everywhere that hijackers go. And the fact was that I was coming home and I had a ticket to come to Detroit this was the only place I wanted to go. Then finally they said that TWA would fly me to some other city in America, but they couldn't fly me to Detroit. Then I realized more than ever that this was the place for me to come so it meant that they were trying to keep me from getting here and I remembered a long time ago that an old professor told us, 'You don't have to be a great intellectual to out maneuver the racist white man, you just do just the opposite of what he wants you to do and you'll be right.' So then I knew that I had to hold out for Detroit because there was something wrong that the man was anxious to take me someplace else in America, but not to Detroit, and so I

came here. But when I came in and was taken into custody by the FBI some of the FBI came on the plane and in fact we had this whole plane to ourselves and nobody but the crew worked the plane and worked for us and I don't know how much money TWA spent on the flight, but I know it cost more than the ticket that I had paid for. Anyway not only that, but they sent the Vice President, who was a black man, to meet me and to fly back with me on the plane and they didn't tell that in the press either that the Vice President, I suppose he was about 16th or 17th or 20th Vice President, but he was black and he came back with me.

"But as soon as I was taken into custody by the FBI, I was taken into the Federal Building. While I was sitting on the stool and they were rolling this hand, the right hand, in the ink for fingerprinting and another man touched me in the side and with the left hand he said, 'Ah, I have a subpoena for you,' and so he put the subpoena into my hand while they were fingerprinting me with the other hand and this was from the Eastland Committee, Senator Eastland, and also from his committee with Sam Irving from North Carolina, Thurmen from South Carolina and you can go down the line, Senator Dodd, and all those people, the worst people you can imagine in the world, the criminals, the real criminals in America. But in a way I bring this up also to show the relationship because since the time I arrived the Eastland Committee subpoenaed me and I discovered they had been pushing the thing all the time and that's what it was all about and this is what we're facing that type of network in this country. Now we have this thing building up and as Brother Malcom once said that Dixie, the south, starts at the Canadian border and it runs all the way down to the Gulf of Mexico. Now all you got to do is look at the fact that black men all over America are in prison, not only the ones we know about, but thousands of those that we don't know about and they're in prison because they're black men, because they fought for the human dignity and decency of our people. Now what do we have from the White House? First there was Haynsworth, this southern who was supposed to have been put on the Supreme Court to dismiss

justice for black people in America. Okay, our man Nixon couldn't get Haynsworth on the bench so what did he do? He turned around and got a man even worse than Haynsworth. Now he comes up with this fellow Carswell and said, 'Oh, he's a good man, he's a good American. Oh, he would make a splended judge for the nation, he knows about justice, he knows about democracy,' and they say 'Oh, what about his record? What about the fact that he has been opposed to integration? What about the fact that he is opposed to the rights of black people and opposed to equality? and they said, 'Oh, that was a long time ago. That was in his past, you know we must forgive. People change. Why hold that against him now?' They have come up and they have discovered too that he had his land reserved and bought and sold land in areas where they didn't allow our people to buy and sell. Now what was this? This was a violation of the United States Constitution, the same document that they want to put him on the bench to defend. It's like saying that we will delegate a wolf to defend the rights of lambs. We will let the wolf sit in judgment over the lambs and we can expect the wolf to do justice to the lambs. And now people like Huey P. Newton and others are in prison but they can't release our Huey P. Newton. They can't release him because we will stick to the law. We must do justice, we must uphold law and order. What do they mean by law and order? They don't mean law and order, not the type of order we think about. We wouldn't be opposed to law and order. We want law and order. Law and order would protect us. Law and order with justice they don't want. Law and order they want the privilege to remain outlaws, they want to remain outside the law.

"Now, they came into Michigan and they said that we want a criminal from the South. There's a criminal among you in Michigan, and the governor of Michigan said, 'Oh yes, we know about this and that we must honor extradition. Extradition is a Constitutional thing that we must live up to, the Constitution said that. 'Oh yes, we must turn this black man to the south. Don't have any worry about him because I have been assured by those good southern gentlemen that his Constitutional rights are going to be protected.' This is the governor of Michigan behind the Algiers Hotel incident and he can stand up in Michigan.

This is an affront and a slander to every black man in the world for a man to sit in the governor's mansion and listen and say that he has been promised that my Constitutional rights will be protected.. It will be the first time on this earth that a black man's Constitutional rights have been protected.

"The Klan is now even rising in Michigan. In Michigan he looks to North Carolina and says, 'Oh, I have faith in the southern way of life, it shows the connection. The connection is because in the last election North Carolina and South Carolina went Republican. They voted Republican for the first time since reconstruction and this is the new conspiracy against the black man and as political patronage they must accommodate the south and when they accommodate the south, it means that you are finished as a human being and this is purely and simple what it is. But I say to the Klan, to Governor Miliken, to all of the white racists and the fascists, I tell them that they are moving toward the destruction of America if they think that they can destroy us, that they can deny us our human rights, and they can live immune to any retribution.. They are making the fatal and the final mistake of America, and I can assure you that this is the beginning of the end and most of all they have started the economic squeeze which means that beginning this summer you're going to see some hard days in America.

"So we've got to have ourselves together in mind and in body. Don't let them fool you, forget about division, forget about the black bourgeois because his will flow on the fire just like yours and instead of creating division and alienating our people from each other, now is the time to plead for unity, that we must be tolerant toward each other. Most of all we can't believe in sectarianism denominationalism. We can't believe in this class thing, we'll get the class later, right now we've got to try to save ourselves and we can only save ourselves as a united people and those people who stand in the way of unity we must sweep them off the face of the earth. All of those leaders, those egotistical leaders, who want to be big men who want to set themselves up as kings and gods, first of all they must be done away with because they stand in the way of unity. The first thing is that a man shouldn't have ambition

to be a leader, he should only have ambition to do what is right and what needs to be done. Leadership is not a special privilege for advantage, leadership means sacrifice, leadership puts you on the hotseat, it puts one as the bull's eye to a target, it means sacrifice, it means that he is a servant. It doesn't set him up above the people, it doesn't make him something special, it makes him a servant and it is his duty to serve in whatever capacity it is and those people who insist on being leaders, who insist on leadership are actually traitors and they are betraying. They are betraying us, they are betraying our cause. At this eleventh hour when the man is about to move against us, look at us what do we have? What kind of united front? How are we together? We are not, just a lot of faction and he is able to set these factions against each other and that we will call each other names and we will help to create suspicion and we will help to destroy ourselves when I say that we have got to get rid of all of those people in our ranks who bring about dissention thus we've got to stop thinking that we've got to have the last word and that we've always got to be right, you see this is a bad thing, this is why we have so much dissention now because each person feels like he's got to have the last word if somebody said something against me that might not be right or I don't like, well even if it breaks down the roof and if we've got other business rather than take care of this business I'm going to have the last word and that's destructive. It means that if we really care for our people, if we really care about freedom, we will not resort to this type of tactic and I tell you like I told the whites, they asked, 'Well, why did you come back to America? Why at this time?' and I wrote a letter to the press in North Carolina in my home town and told them that I was coming home and I said I don't care what you do to me, I'm coming home and I'm coming with one satisfaction, that is that I want to see America as it was, as it was before I left and as it now is in the last stages of the type of America we will ever see we will never see America again as it was, it's already changing. The change is setting in and it's going to change for better or worse and whatever it is that I want to see this and I want to be a witness

but I tell you most of all that we have got to be united, we have got to be serious, we have got to stop arguing with each other because we are black, we are black and our only survival. We are the ones who will determine whether or not we survive. The man can't determine whether or not we are surviving, we must determine this and this is what we are going to do and this is why we must consider an attack on the Panthers, an attack on us. We must consider an attack, a racist attack, on any black man an attack on us. We must also love our people, we must love one another and there is one thing I like about China, the Chinese will not steal from Chinese and the Chinese will not fight in their country now because they're trying to be a selfless society and this is what we have got to be if we are to survive. The only thing that will help us to survive is that we build a selfless society means that we first got to change ourselves. We have got to change ourselves, nobody can change us and we have got to start with ourselves and that is that. We put the good of all of our brothers above our individual welfare and this is the only way that we can survive. But I want to say again that I feel that we are going to make it. We're going to have to pay for our mistakes, many people are going to be hurt, be killed, but then we will learn from that and I'm sure that we will have in us the power to survive and the power of greatness. Because of our suffering we will have more understanding and we will have a better attitude to build a better world and I say once again I'm happy to have this opportunity and I hope that we will have more meetings in the future and that we will get our heads together and we will start working on a united front and that we will forget about leaders, individuals leaders, and our individuals groups and our denominations and our clubs and start thinking in terms of survival and I end on that note with the slogan that is prevalent among the pastors and as a tribute to brother Huey, I say more power to the people."

Another speaker:

"I understand we've been here for quite a while for Huey, for quite a few things, so I want to make moves to finish the unfinished business with as little hang-up as possible so we can start moving out of here. We have some entertainers."

APPENDIX

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power, Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."
